the world of deep sea divers the obsession and madness that oceans inspire in us and the story of submarine inventor Peter Madsen s murder of journalist Kim Wall a captivating blend of literary prose science writing and true crime A thrilling study of an obsession to sink below the surface to depths both metaphoric and in fact Full of wild characters and strange histories by the end we are convinced in no small part by the beauty of Frank s language that this is one of the most important stories ever told Nick Flynn author of This Is the Night Our House Will Catch Fire Submersed begins with an investigation into the beguiling subculture of DIY submersible obsessives men and women but mostly men who are so compelled to sink into the deep sea that they become amateur backyard submarine builders Should they succeed in fashioning a craft in their garage or driveway and set sail they do so at great personal risk as the 2023 fatal implosion of Stockton Rush s much more highly funded submarine Titan proved to the world Matthew Gavin Frank explores the origins of the human compulsion to sink to depth from the diving bells of Aristotle and Alexander the Great to the Confederate H L Hunley which became the first submersible to sink an enemy warship before itself being sunk during the Civil War The deeper he plunges however the more the obsession seems to dovetail with more threatening traits Following the grisly murder of journalist Kim Wall at the hands of eccentric entrepreneur Peter Madsen aboard his DIY midget submarine Frank finds himself reckoning with obsession s darkest extremes Weaving together elements of true crime the strange history of the submarine the mythology of the deep sea and the physical and mental side effects of sinking to great depth Frank attempts to get to the bottom of this niche compulsion to chase the extreme in our planet s bodies of water and in our own bodies What he comes to discover and interrogate are the odd and unexpected overlaps between the unquenchable human desire to descend into deep water and a penchant for unspeakable violence **Professional Journal of the United States Army** ,1976 **Invitation to**

Cubans in the Confederacy Phillip Thomas Tucker, 2002-05-10 The role of Cubans in the American Civil War is seldom appreciated This work is the first to provide a close look at the often distinguished services they performed Although Cubans are recorded in the rosters of both Union and Confederate forces Cuban ties with the Confederacy were particularly strong partly because Cuban patriots fighting for liberation from Spain tended to identify with the Southern cause as a revolutionary struggle This work will focus on the biographies of three Cubans who served the Confederate army in the War Between the States Darryl E Brock offers a detailed portrait of Jos Agust n Quintero who served as the South's most effective diplomat Michel Wendell Stevens writes on Ambrosio Jos Gonzales who rose to the rank of colonel and served some of the Confederacy's best known generals Finally Richard Hall provides an intimate sketch of Loreta Janeta Velazquez a soldier and spy for the Confederacy who infiltrated as a double agent the operations of Northern spymaster Lafayette C Baker

The Submariner's Dictionary Or Submariner's Compendium of Terms & Tar's Handbook of Naval Verbiage and Retired Guy's Re-familiarization Manual Ron Martini, 2005 Submariners are

a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can't understand terms like head deck and overhead and who think SOS is a distress signal
