or Jesus's love for his Church the classic Christian understanding This fresh translation restores the Song's eroticism and interprets it as a celebration of the love between the Divine Feminine and the contemporary spiritual seeker Scholar and award winning teacher Rami Shapiro renders this ancient love song as Lady Wisdom offering seekers physical and spiritual intimacy with her so that they might awaken to and participate wisely in the unity of God woman man and nature His intriguing facing page commentary provides historical religious and spiritual insights from Christian and Jewish wisdom traditions as well as clear comparisons to other translations Now you can understand the poetry beauty genius and mystery of the Song of Songs with no previous knowledge of the Hebrew Bible or wisdom literature Compelling in its novelty and accessible in its presentation this version of the Song of Songs will beckon you more deeply into Jewish Christian sacred texts while offering you wisdom teachings and practices rooted in but not limited to religion

The Song of Songs in the Early Middle Ages Hannah W. Matis,2019-01-28 In The Song of Songs in the Early Middle Ages Hannah W Matis examines how the Song of Songs the collection of Hebrew love poetry was understood in the Latin West as an allegory of Christ and the church This reading of the biblical text was passed down via the patristic tradition established by the Venerable Bede and promoted by the chief architects of the Carolingian reform Throughout the ninth century the Song of Songs became a text that Carolingian churchmen used to think about the nature of Christ and to conceptualize their own roles and duties within the church This study examines the many different ways that the Song of Songs was read within its early medieval historical context

The Restored New Testament: A New Translation with Commentary, Including the Gnostic Gospels Thomas, Mary, and Judas Willis Barnstone,2009-09-22 From acclaimed scholar Willis Barnstone The Restored New Testament newly translated from the Greek and informed by Semitic sources For the first time since the King James Version in 1611 Willis Barnstone has given us an amazing literary and historical version of the New Testament Barnstone preserves the original song of the Bible rendering a large part in poetry and the epic Revelation in incantatory blank verse This monumental translation is the first to restore the original Greek Aramaic and Hebrew names Markos for

Mark Yeshua for Jesus thereby revealing the Greco Jewish identity of biblical people and places Citing historical and biblical scholarship he changes the sequence of texts and adds three seminal Gnostic gospels Each book has elegant introductions and is thoroughly annotated With its superlative writing and lyrical wisdom The Restored New Testament is a magnificent biblical translation for our age Maimonides and the Shaping of the Jewish Canon James A. Diamond,2014-10-27 This book examines a wide range of theologians philosophers and exegetes who share a passionate engagement with Maimonides assaulting adopting subverting or adapting his philosophical and jurisprudential thought This ongoing enterprise is critical to any appreciation of the broader scope of Jewish law philosophy biblical interpretation and Kabbalah The Jewish Quarterly Review ,1894 **Chamber Music** Leo Zeitlin,2008-12-31 Lost from view and largely unperformed for over half a century the thirty two extant works of chamber music by Leo Zeitlin 1884 1930 are published here most of them for the first time All but two are Jewish in content A superbly talented composer and arranger Zeitlin s career as a violinist violist conductor and impresario began in St Petersburg There he became active in the Society for Jewish Folk Music the catalyst for a brief but golden age of art music composed on Jewish themes He subsequently taught and conducted in Ekaterinoslav and Vilna before emigrating in 1923 to New York where he was a violist and arranger for the Capitol Theatre The works date from all these periods of Zeitlin s career and are writtten for various combinations instrumental and vocal This edition describes Zeitllin and his milieu and includes historical and analytic discussions of each of the works <http://www.areditions.com/rr/rrn/n051.html> The Journal of Jewish Studies ,2005 *The Last Historian in Galilee* M. M. Silver,2025-04-17 What do the history and cultures of Judaism and Christianity have to say about the most urgent and complicated problems and crises of our times Is it a logical outcome of relations between these faiths that Israel is increasingly accused of colonialism or genocide and also vociferously defended against these charges by Christians and Jews in America and elsewhere Is the widespread sense that truth in politics and public life has become an endangered species also a logical outcome of how Jewish and Christian relations and affairs have evolved since the period of Jesus and the Second Temple through to the start of the twentieth century and up to today And what about these religions and their histories and the glaringly unequal distribution of wealth in democracies today The three essays in *The Last Historian in Galilee* examine the three broad issues laden within such questions money truth and power Branching out from the Galilee region of Jesus youth where fracture between the two religions first erupted these readable lively essays survey how the two religions have related to these topics for two thousand years They end with a no holds barred discussion of the three topics contemporary expressions as in debates about Zionist colonialism **The Significance of Sinai** George John Brooke,Hindy Najman,Loren T. Stuckenbruck,2008 This volume of essays is concerned with ancient and modern Jewish and Christian views of the revelation at Sinai The theme is highlighted in studies on the Dead Sea Scrolls Paul Josephus rabbinic literature art and philosophy The contributions demonstrate that Sinai as the location of the revelation soon became less significant than the narratives that developed about what happened

there Those narratives were themselves transformed not least to explain problems regarding the text s plain sense Miraculous theophany anthropomorphisms the role of Moses and the response of Israel were all handled with exegetical skills mustered by each new generation of readers Furthermore the content of the revelation especially the covenant was rethought in philosophical political and theological ways This collection of studies is especially useful in showing something of the complexity of how scriptural traditions remain authoritative and lively for those who appeal to them from very different contexts

From Something to Nothing Harry Fox, Daniel Maoz, Tirzah Meacham, 2019-05-24 Jewish mysticism approaches God as no thing or nothing reflecting Judaism s traditional identification of God as incorporeal Whereas technical philosophical language often employed to discuss Jewish mysticism has a tendency to ward off otherwise interested readers this study sufficiently breaks down the technical language of Jewish mysticism in its various expressions to allow a beginner to benefit from what may otherwise be indescribable and only approached by consideration of what is not rather than what is Integral to the title From Something to Nothing is the concept that God cannot be something because that would be restricting so God is simply no thing Ironically the conventional religious expression for the biblical notion of creation is something from nothing whereas the title of this volume is its precise opposite which may at first seem to be illogical creation in reverse However in a volume dedicated to various deliberations on magic and mysticism the ultimate reality may receive expression as nothingness that is no thingness no quality associated with things What adds to our difficulty today is that nothingness is inextricably linked with silence Is silence also an element or indication of an ultimate reality or its absence Or is it merely the reflection of nothing whatsoever This is at the heart of modern debates between atheists and believers Believers feel that even this silence speaks to this ultimate reality whereas atheists claim that if you cannot show it then you do not know it In other words believers are victims of their own wishful thinking From Something to Nothing memorializes Canadian mystic and scholar Zalman Schachter Shalomi z l engaging in particular aspects that he addressed at some phase of his colourful and erudite life providing the reader with a broad spectrum of both phenomenological and intellectual topics

Testimony is True Robert Gordon Maccini, 1996-01-01 Het beeld van de figuren Maria Maria Magdalena Martha en andere vrouwen in het evangelie van Johannes waarin zij worden voorgesteld als toeschouwers en ooggetuigen **The Artless Jew** Kalman P. Bland, 2001-07-02 Conventional wisdom holds that Judaism is indifferent or even suspiciously hostile to the visual arts due to the Second Commandment s prohibition on creating graven images the dictates of monotheism and historical happenstance This intellectual history of medieval and modern Jewish attitudes toward art and representation overturns the modern assumption of Jewish iconophobia that denies to Jewish culture a visual dimension Kalman Bland synthesizes evidence from medieval Jewish philosophy mysticism poetry biblical commentaries travelogues and law concluding that premodern Jewish intellectuals held a positive liberal understanding of the Second Commandment and did in fact articulate a

certain Jewish aesthetic He draws on this insight to consider modern ideas of Jewish art revealing how they are inextricably linked to diverse notions about modern Jewish identity that are themselves entwined with arguments over Zionism integration and anti-Semitism Through its use of the past to illuminate the present and its analysis of how the present informs our readings of the past this book establishes a new assessment of Jewish aesthetic theory rooted in historical analysis Authoritative and original in its identification of authentic Jewish traditions of painting sculpture and architecture this volume will ripple the waters of several disciplines including Jewish studies art history medieval and modern history and philosophy
