Encyclopedia of Television Miniseries, 1936-2020 Vincent Terrace, 2021-10-11 In 1936 as television networks CBS DuMont and NBC experimented with new ways to provide entertainment NBC deviated from the traditional method of single experimental programs to broadcast the first multi part program Love Nest over a three episode arc This would come to be known as a miniseries Although the term was not coined until 1954 several other such miniseries were broadcast including Jack and the Beanstalk and Women in Wartime In the mid 1960s the concept was developed into a genre that still exists While the major broadcast networks pioneered the idea it quickly became popular with cable and streaming services This encyclopedic source contains a detailed history of 878 TV miniseries broadcast from 1936 to 2020 complete with casts networks credits episode count and detailed plot information The Publishers Weekly ,1986 TV (The Book) Alan Sepinwall, Matt Zoller Seitz, 2024-09-24 Is The Wire better than Breaking Bad Is Cheers better than Seinfeld What s the best high school show ever made Why did Moonlighting really fall apart Was the Arrested Development Netflix season brilliant or terrible For twenty years since they shared a TV column at Tony Soprano s hometown newspaper critics Alan Sepinwall and Matt Zoller Seitz have been debating these questions and many more but it all ultimately boils down to this What s the greatest TV show ever That debate reaches an epic conclusion in TV THE BOOK Sepinwall and Seitz have identified and ranked the 100 greatest scripted shows in American TV history Using a complex obsessively all encompassing scoring system they ve created a Pantheon of top TV shows each accompanied by essays delving into what made these shows great From vintage classics like The Twilight Zone and I Love Lucy to modern masterpieces like Mad Men and Friday Night Lights from huge hits like All in the Family and ER to short lived favorites like Firefly and Freaks and Geeks TV THE BOOK will bring the triumphs of the small screen together in one amazing compendium Sepinwall and Seitz s argument has ended Now it s time for yours to begin Library Confidential Don Borchert, 2012-05-31 The public library a haven of calm source of information home to the student the geek and the aging librarian Or so you might think Don Borchert s ten years as assistant librarian have taught him that a library is more than just a place to borrow books it s also a place where people hide from the law fall in love fight deal drugs introduce their children to reading look up porn and pursue their dreams Borchert s hilarious memoir delves behind the bookshelves as he discovers the weird dangerous and downright dirty world of a public library and the fearless civil servants who patrol its aisles **The Incorporated Wife** Hilary Callan, Shirley Ardener, 2022-08-24 Originally

published in 1984 this book touches the private lives and professional responsibilities of men and women as it illustrates the comic as well as serious effects of the incorporation of wives into some important State and commercial institutions Beyond their domestic functions wives have in particular ways been valuable props to many a husband's career and many an employer's and the nation's interests For example the Army civil administrations at home and overseas and the police have without questioning depended on the services of wives given silently willingly or unwillingly Yet the nature of the relationship of these incorporated wives to the objectives of such institutions has until recently been largely unregistered in practice unrecorded in social and historical accounts and unstudied by analysts This book provides a wealth of ethnographic material Personal anecdotes and scholarly interpretations throw light on the conceptual systems underlying the workings and cultures of institutions as well as the construction of identities Many will find their experiences echoed here The issues raised are important not only for individual men and women for whom such incorporation may provide advantages as well as constraints but because of the bearing they have on our understanding of marriage especially since we cannot be sure this will continue in its present mode or as the dominant form of conjugal union As more married women assume greater responsibilities at work will their husbands give the same support to their wives and those who employ them as they themselves received Further it seems likely that wives may become less willing than in the past to render their services unacknowledged indeed this trend is already apparent We may ask then who will fill the gaps and how will institutions change The historical and contemporary studies here provide some base data and some theoretical approaches necessary for any who may wish to consider what will become increasingly acute practical questions

Women's Fiction 1945-2005 Deborah Philips, 2007-11-01 Organised around each decade of the post war period this book analyses novels written by and for women from 1945 to the present Each chapter identifies a specific genre in popular fiction for women which marked that period and provides case studies focusing on writers and texts which enjoyed a wide readership Despite their popularity these novels remain largely outside the canon of women's writing and are often unacknowledged by feminist literary criticism However these texts clearly touched a nerve with a largely female readership and so offer a means of charting the changes in ideals of femininity and in the tensions and contradictions in gender identities in the post war period Their analysis offers new insights into the shifting demands aspirations and expectations of what a woman could and should be over the last half century Through her analysis of women's writing and reading Philips sets out to challenge the distinction
