20 20 Smart Lists Shawn Holley, 2020-05-15 Book Delisted *The Real Mrs Miniver* Ysenda Maxtone Graham, 2024-07-02 In 1937 the Court Page of the London Times began publishing a series of articles featuring a charming upper middle class English housewife named Mrs Miniver The articles depicted an idyllically happy family with three children a house in London and a country cottage called Starlings Two years later Mrs Miniver was published in book form While some critics derided the book as sentimental many readers embraced it as a symbol of an increasingly endangered English way of life and it went on to become the 1 bestseller in America The Hollywood film released in 1942 with Greer Garson in the title role won five Oscars including Best Picture and did so much to promote the American war effort in Europe that even Josef Goebbels recognized it as an exemplary piece of propaganda But who was the real Mrs Miniver The articles were produced by Joyce Maxtone Graham who wrote under the name Jan Struther and seemed to resemble her heroine She was upper middle class and lived in a gracious comfortable home with her husband and three children After the war broke out she served as an unofficial ambassador from Great Britain to the U S In truth however Jan Struther was not at all like the conventional Mrs Miniver It wasn t merely that she didn t like tea to the amazement of everyone in America but her real life was neither simple nor saintly Her marriage was ending and she was secretly in love with a Jewish refugee from Nazi Austria Written by Jan Struther s granddaughter Ysenda Maxtone Graham *The Real Mrs*

Miniver is a complex and fascinating biography While the Hollywood version remains a powerful and inspirational movie this book offers brilliant insights into the true impact of war upon real people s lives *The Aztec Book of Destiny* Rick Holmer,2005-09 The Aztec Book of Destiny summarizes traditional Mesoamerican beliefs about the spiritual nature of time and its influence on one s personality and fate The ancient Aztec Toltec and Maya believed that the day of birth as defined in their sacred calendar affects destiny and this philosophy has guided their daily lives for more than 3000 years This book condenses the scattered and disparate literature about these beliefs into a fun and informative narrative but it goes far beyond what academics and popular authors have published to date The author presents a unique perspective shaped by the wisdom of a traditional calendar keeper he met in Mexico in 1973 The book s message is that the calendar is not simply an ancient and forgotten curiosity it is as relevant today as in ancient times The majority of the book projects the timeless Mesoamerican philosophy into contemporary Western society encouraging introspection and self awareness *V.I.P. Address Book* James M. Wiggins,2008
