

# Shadows

By Maya Anthony

In the silent hush they slide,  
Whispers of a world beside,  
Darkened patterns on the floor,  
Quiet secrets, nothing more.

Fleeting memories they trace,  
Mirroring a hidden face,  
Moving with a dancer's grace,  
In life's ever-spinning mace.

Every sunbeam's gentle touch,  
Creates shadows, dark and such,  
Yet within their subtle rush,  
Lies a world, so soft and hush.

**Mysticism in Postmodernist Long Poems** Joe Moffett,2014-10-28 Written from a literary critic s perspective Mysticism in Postmodernist Long Poems borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem Descending from Whitman s Song of Myself the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine

Denham,2009-01-27 This companion covers Charles Wright s first two trilogies Country Music 1982 and The World of the Ten Thousand Things 1990 providing biographical details information on Wright s sources and influences and historical notes It pays special attention to the way that Wright s poems work together and the links that are formed between them While each poem is given its own commentary the author argues that they work together in a concentrated whole to document a man s spiritual journey

Publisher description **Charles Wright in Conversation** Robert D. Denham, 2014-11-21 Because Charles Wright occupies a large space in contemporary American poetry it is only natural that his readers over the years have wanted to engage him in conversation and discover more about his career and inspirations In this collection of richly detailed interviews conducted between 1979 and 2006 Wright eloquently discusses a range of topics including the beginning of his poetic career in Italy his experiences at the University of Iowa the American and European influences on his work contemporary poets he admires his place in Southern literature the art of translating poetry and such formal matters as his lineation and rhythmic phrasing his use of syllabics and the development of his characteristic style An extensive bibliography of writings by and about Wright supplements the interviews [Speak Like Singing](#) Kenneth Lincoln, 2007 Speak Like Singing honors talk song visions for all relatives and seeks to plumb if not to reconcile Native and American poetics tribal chorus and solitary vision [The Music of Time](#) John Burnside, 2021-04-06 First published in a slight different form in Great Britain in 2019 by Profile Books Ltd Title page verso *Encyclopedia of American Literature* Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S **Play Among Books** Miro Roman, Alice\_ch3n81, 2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice\_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science [Poetry and Revelation](#) Kevin Hart, 2017-04-20 Religious poetry has often been regarded as minor poetry and dismissed in large part because poetry is taken to require direct experience whereas religious poetry is taken to be based on faith that is on second or third hand experience The best methods of thinking about experience are given to us by phenomenology Poetry and Revelation is the first study of religious poetry through a phenomenological

lens one that works with the distinction between manifestation in which everything is made manifest and revelation in which the mystery is re veiled as well as revealed Providing a phenomenological investigation of a wide range of religious poems some medieval some modern some written in English others written in European languages some from America some from Britain and some from Australia Kevin Hart provides a unique new way of thinking about religious poetry and the nature of revelation itself
