Jack of all trades - and his family Peter Inchbald, 2013-10-02 Born into privilege Peter Inchbald was an intellectual who spent the latter part of World War II as an Army Captain and the sole white man for miles around in the foothills of the Karakorums and the Himalaya He became a minor artist of the postwar era before becoming an equally minor industrialist who helped bring modern design to the silverware and cutlery trade Later in life he published a series of detective stories There are really three books in here The first is a personal memoir the second a family history an Appendix provides several family trees The third is a serious record full of fascinating historical detail Inchbald wrote his memoir for many kinds of reader from those who knew him intimately to distant cousins who had never heard of him and people some not yet born to whom he is a dim figure from the past **Drama and Theatre in Urban Contexts** Kathleen Gallagher, Jonathan Neelands, 2014-03-05 Urban theatre can be described as theatre made with or by those whose lives are marked by the urban landscape and its social limits and possibilities At the heart of this text lies the question of how theatre can illuminate the urban and how theatre is illuminated by the urban The city like a play is a space where everything adopts multiple meanings

It is an objective thought and a subjective experience a charged and symbolic thing as well as a real material lived reality The chapters in this book illustrate the theatre's uncanny ability to narrate and symbolize the physical and psychic space of the city Running through all of the pieces presented are the themes of power and of young people's sense of agency within the structures they dwell in and are shaped by Through drama education and applied theatre practices the affinity between the urban and its theatres is radically replaced by marginal spaces boulevards and schools As Guillermo Gomez-Peña suggests the theatre has gone to the people to serve their local and immediate need for a means of holding the urban and the self so that both can be interrogated and reimagined so that the various dystopias of urban existence can be envisaged as places of urban solidarity and as utopias at least of the mind This book was originally published as a special issue of *Research in Drama Education: The Journal of Applied Theatre and Performance* *Atlas of Travel and Tourism Development* Myra Shackley, 2007-03-14 From travel in the ancient and classical world to the growth of underwater tourism in the Great Barrier Reef and the influence of the Gulf War on regional tourism the *Atlas of Travel and Tourism Development* is a new departure from conventional texts providing a unique overview of the growth of the tourism industry Divided into three sections the text looks first at the past examining the influence of global geography on travel patterns and provides an overview of the history of travel and tourism It then moves onto the present using a regional framework to demonstrate how the physical and historical geography of each area is related to tourism development The final section provides a forecast of future trends for the next two decades **Venice's Virgin Mother** Berwyn Lewis, 2018-07-06 In 17th century Venice a young woman discovers she's pregnant and comes up with a perfect alibi She claims she's had an immaculate conception and will have a virgin birth but this doesn't stop her family from banishing her to a convent Like many convents of the time it is home to one of Venice's worst kept secrets Behind its forbidding looking walls veils and vows do nothing to curb the appetites of the lusty residents including some men Disguised as nuns they enjoy the lavish banquets and balls of convent life with their lovers liberated women who have the freedom to compose music plays and poetry often penned with male pseudonyms and performed to audiences from all walks of life The Doge supports a Venetian virgin birth It will rock religious boats and gondolas strike a blow against Rome's monopoly on virgin births boost Venetian Empire trade and bring the world to Venice's doorstep It isn't the first virgin birth The twin founders of Rome were born of the mythical Rhea Silvia a virgin It had to be just a matter of time before another one popped up and this time it's in Venice and the Doge is all for it Too dangerous to reveal until now this satire and rollicking comedy tells how women struggled with families husbands and other enemies and were dominated by an overzealous church bent on robbing them of their birthright It is also a useful virgin birth DIY and includes tips on creating miracles It speaks to today's world where religion and other superstitions continue to oppress so many and cause so much suffering **Political Economies of Empire in the Early Modern Mediterranean** Maria Fusaro, 2015-05-05 Early modern European economic development seen through the interaction of two major players in the
