A Short History of Soviet Socialism: The demise of scientific socialism Mark Sandle, 1999

A Short History of Soviet Society И[л]л[ю]стри[и] Aleksandrovich Poli[а]kov, Vitali[и] Semenovich Lel'chuk, Anatoli[и] Sergeevich Protopopov, 1977

The A to Z of Marxism David Walker, Daniel Gray, 2009-08-13 Marxism one of the few philosophies that turned into an effective movement not so long ago was the official ideology in one form or another of much of humanity It was promulgated initially by the Soviet Union then imposed on much of Central and Eastern Europe later emerged in the People s Republic of China and gradually spread to other parts of Asia and even bits of Africa and Latin America Although declining in its initial popularity it still remains strong in several countries and is supported by numerous communist and other parties and countless individuals around the world The A to Z of Marxism covers the history of Marxism and all its thinkers and schools of thought in a comprehensive manner This is done through a chronology an introductory

essay a bibliography and hundreds of cross reference dictionary entries on basic terms and concepts significant thinkers and doers and also the parties and countries that followed it *Soviet Politics* Richard Sakwa,2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics* an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader **Communism** Mark Sandle,2014-06-06 Why did communism grow so quickly Why did it spread to turn almost half of the world red by the mid 1970s What impact did it have upon capitalism and capitalist society Communism is a concise introduction to one of the most important and influential movements of the 20th century It shows how the modern communist movement emerged out of radical millenarian movements of the Middle Ages and the English Civil War becoming a mass movement of industrial society seeking to overturn capitalism and replace it with a society of equality justice harmony and co operation It traces the growth of modern communism from its beginnings in the early nineteenth century to its position of global power at the end of the Second World War Mark Sandle investigates the ultimate failure of communism as a political ideology and concludes by asking how far the historical record of communism has been used to conceal the historical record of capitalism Ideal for courses in both History and Politics *Global Geographies of Post-Socialist Transition* Tassilo Herrschel,2006-09-27 Since the formal raising of the Iron Curtain there has been much interest in post socialism and the process of post socialist transition This timely book provides a systematic review and analysis of the process of transition Herrschel explores recent theories concepts and debates on post socialism and the notion of transition provides a systematic topical account of post socialist transitions around the world as evidence by social economic and political processes examines case studies of post socialist transition in east and Central Europe the former Soviet Union Asia and South East Asia and Africa and Latin America brings together theoretical and practical aspects by examining what lessons can be learned from recent experiences *Global Geographies of Post Socialist Transition* provides a truly global comparative account of the meaning and processes of post socialist transition and will be an invaluable resource for all those interested in this area *A Companion to Soviet Children's Literature and Film* Olga Voronina,2019-10-14 A

Companion to Soviet Children's Literature and Film offers a comprehensive and innovative analysis of Soviet literary and cinematic production for children. Its contributors contextualize and reevaluate Soviet children's books, films, and animation and explore their contemporary reappropriation by the Russian government, cultural practitioners, and educators. Celebrating the centennial of Soviet children's literature and film, the Companion reviews the rich and dramatic history of the canon. It also provides an insight into the close ties between Soviet children's culture and Avant Garde aesthetics, investigates early pedagogical experiments of the Soviet state, documents the importance of translation in children's literature of the 1920-80s, and traces the evolution of heroic, fantastic, historical, and absurdist Soviet narratives for children.

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped, or will it choose its own distinct path of development? In this history of Russia from 1917 to the present, Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia, *The Fragile Empire*. One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass. This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles. Neither approach says Chubarov will work on its own. Chubarov offers a balanced view, abstaining from narrow ideologically biased assessments and examines the triumphs, yes, and failures of Russia's Soviet development within Russia's own cultural and historical context. Without ever minimizing the brutalities of the Soviet period—the state terror, the collectivizations, the labor camps, the deportations of whole peoples—Chubarov demonstrates much continuity between tsarist and Soviet Russia, with the latter often repeating the former's mistakes. Russia, says Chubarov, cannot turn its back on its Soviet experience. Far from being a blind alley or aberrant phase, the Soviet period was an organic part of Russia's history and was largely successful in turning Russia and most of the other Soviet republics into modern states.

The Palgrave Handbook of Gender, Sexuality, and Canadian Politics Manon Tremblay, Joanna Everitt, 2020-11-20 The Palgrave Handbook of Gender, Sexuality, and Canadian Politics offers the first and only handbook in the field of Canadian politics that uses gender, which it interprets broadly as inclusive of sex, sexualities, and other intersecting identities, as its category of analysis. Its premise is that political actors' identities frame how Canadian politics is thought, told, and done in turn. Canadian politics as a set of ideas, state institutions, and decision-making processes, and civil society mobilizations, does and redoes gender. Following the standard structure of mainstream introductory Canadian politics textbooks, this handbook is divided into four sections: ideologies, institutions, civil society, and public policy, each of which contains several chapters on topics commonly taught in Canadian politics classes. The originality of the handbook lies in its approach: each chapter reviews the basics of a given topic from the perspective of gendered, sexualized, and other intersectional identities. Such an approach makes the handbook the only one of its kind in Canadian Politics.

Brezhnev Reconsidered E. Bacon, M. Sandle, 2002-10-11 Leonid Brezhnev was leader of the Soviet Union for almost two decades when it was at the height of its powers. This book is a long overdue

reappraisal of Brezhnev the man and the system over which he ruled By incorporating much of the new material available in Russian it challenges the received wisdom about the Brezhnev years and provides a fascinating insight into the life and times of one of the twentieth century s most neglected political leaders

Twentieth-Century Marxism Daryl Glaser,David M. Walker,2007-09-12 This book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century It is divided into three parts examining Marxism historically geographically and thematically Part 1 analyzes early Marxism in Russia and Europe as it developed after the death of Marx Lenin Trotsky Luxemburg Kautsky Bernstein and the school of thought associated with them are all examined Part 2 deals with thinkers debates and movements that followed the early Marxism focused on in part one and includes chapters on Marxism in Europe the Soviet Union Africa Asia and Latin America Part 3 is concerned with more contemporary debates in relation to Marxism and its standing and role today The chapters in this section consider various themes including the relationship between theory and practice in Marxism democratic procedure and liberties Marxism as an economic critique of capitalism and Marxist methodology Twentieth Century Marxism is not an introspective discussion of Marxism that would be of interest only to a limited number of specialists Rather it provides a thoughtful and stimulating contribution to debates about the role of Marxism today and its future direction

Modernisation in Russia since 1900 Markku Kangaspuro,Jeremy Smith,2006-12-27 Modernisation has been a constant theme in Russian history at least since Peter the Great launched a series of initiatives aimed at closing the economic technical and cultural gap between Russia and the more advanced countries of Europe All of the leaders of the Soviet Union and post Soviet Russia have been intensely aware of this gap and have pursued a number of strategies some more successful than others in order to modernise the country But it would be wrong to view modernisation as a unilinear process which was the exclusive preserve of the state Modernisation has had profound effects on Russian society and the attitudes of different social groups have been crucial to the success and failure of modernisation This volume examines the broad theme of modernisation in late imperial Soviet and post Soviet Russia both through general overviews of particular topics and specific case studies of modernisation projects and their impact Modernisation is seen not just as an economic policy but as a cultural and social phenomenon reflected through such diverse themes as ideology welfare education gender relations transport political reform and the Internet The result is the most up to date and comprehensive survey of modernisation in Russia available which highlights both one of the perennial problems and the challenges and prospects for contemporary Russia

Lenin's Terror James Ryan,2012 This book explores the development of Lenin s thinking on violence throughout his career from the last years of the Tsarist regime in Russia through to the 1920s and the New Economic Policy and provides an important assessment of the significance of ideological factors for understanding Soviet state violence as directed by the Bolshevik leadership during its first years in power It highlights the impact of the First World War in particular its place in Bolshevik discourse as a source of legitimating Soviet

state violence after 1917 and explains the evolution of Bolshevik dictatorship over the half decade during which Lenin led the revolutionary state. It examines the militant nature of the Leninist worldview, Lenin's conception of the revolutionary state, the evolution of his understanding of dictatorship of the proletariat and his version of just war. The book argues that ideology can be considered primarily important for understanding the violent and dictatorial nature of the early Soviet state at least when focused on the party elite, but it is also clear that ideology cannot be understood in a contextual vacuum. The oppressive nature of Tsarist rule, the bloodiness of the First World War and the vulnerability of the early Soviet state as it struggled to survive against foreign and domestic opponents were of crucial significance. The book sets Lenin's thinking on violence within the wider context of a violent world.

Bourgeois Liberty and the Politics of Fear Marc Mulholland, 2012-10-04. In 1842 Heinrich Heine, the German poet, wrote that the bourgeoisie, obsessed by a nightmare apprehension of disaster and an instinctive dread of communism, were driven against their better instincts into tolerating absolutist government. Theirs was a politics motivated by fear. Over the next 150 years the middle classes were repeatedly accused of betraying liberty for fear of red revolution. The failure of the revolutions of 1848, conservative nationalism from the 1860s, fascist victories in the first half of the twentieth century and repression of national liberation movements during the Cold War: these fateful disasters were all explained by the bourgeoisie's fear of the masses. For their part, conservatives insisted that demagogues and fanatics exploited the desperation of the poor to subvert liberal revolutions, leading to anarchy and tyranny. Only evolutionary reform was enduring. From the 1970s, however, liberal revolution revived on an unprecedented scale. With the collapse of communism, bourgeois liberty once again became a crusading force, but now on a global scale. In the twenty-first century, the armed forces of the United States, Britain and NATO became instruments of regime change, seeking to destroy dictatorship and build free market democracies. President George W. Bush called the invasion of Iraq in 2003 a watershed event in the global democratic revolution. This was an extraordinary turn around, with the middle classes now hailed as the truly universal class, which in emancipating itself, emancipates all society. The debacle in Iraq and the Great Recession from 2008 revealed all too clearly that hubris still invited nemesis. *Bourgeois Liberty and the Politics of Fear* examines this remarkable story and the fierce debates it occasioned. It takes in a span from the seventeenth century to the twenty-first, covering a wide range of countries and thinkers. Broad in its scope, it presents a clear set of arguments that shed new light on the creation of our modern world.

The Global 1980s Jonathan Davis, 2019-03-28. *The Global 1980s* takes an international perspective on the upheaval across the world during the long 1980s, 1979-1991, with the end of the Cold War, a move towards a free market economic system and the increasing connectedness of the world. The 1980s was a decade of unimaginable change. At its start, dictatorships across the world appeared stable; the state was still seen as having a role to play in ensuring people's well-being, and the Cold War seemed set to continue long into the future. By the end of the decade, dictatorships had fallen, globalisation was on the march, and the opening of the Berlin Wall paved the way for the end of the Cold War. Divided into four

chronological parts sixteen chapters on themes including domestic politics the global spread of democracy international relations and global concerns including AIDS acid rain and nuclear war explore how world wide change was initiated both from above and below The book covers such topics as ideological changes in the liberal democratic west and socialist east protests against nuclear weapons and for democratic governance global environmental worries and the end of apartheid in South Africa Offering an overview of a decade in transition as the global order established after 1945 broke down and a new globalised world order emerged and supported by case studies from across the world this truly global book is an essential resource for students and scholars of the long 1980s and the twentieth century more generally *The British Labour Party and the Wider World* Paul Corthorn,Jonathan Davis,2007-10-24 The legacy of Blair and the invasions of Iraq and Afghanistan continue to loom large for the Labour Party whether in opposition or in government giving rise to fierce debates over Labour s attitude and posture towards the wider world This book considers the idea of Labour s international identity examining how world events and Labour s response to them have helped to shape ideology political culture and domestic agendas from the 1920s until the Iraq War It provides a fascinating and original exploration of Labour both on the world stage and at home from the influence of the Soviet Union on political thought in the interwar years to the international student revolts of the 1960s and from media in the 1990s to Kosovo and New Labour Interventionism This is essential reading for scholars of modern British politics as well as anyone interested in the motivations and influences behind the Labour Party s actions on the world stage **Historical Dictionary of the Russian Revolution** Jonathan Davis,2020-05-15 Historical Dictionary of the Russian Revolution focuses on the leading individuals ideas political parties and main events that were central to the transformation of Russia during the revolution The time period runs from January 1917 through to the Treaty of Brest Litovsk that took Russia out of the First World War in March 1918 It covers the main events ideas people and parties and takes the story of the revolution from the eve of the overthrowing of Tsar Nicholas II through to the Bolshevik seizure of power the first six months of Leninist rule and the Treaty of Brest Litovsk that ended Russia s involvement in the First World War Historical Dictionary of the Russian Revolution contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on the revolutions the First World War political parties ideologies and individuals and the main events that defined the course of the Russian Revolution This book is an excellent resource for students researchers and anyone wanting to know more about the Russian Revolution

Short History Of Soviet Socialism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Short History Of Soviet Socialism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Short History Of Soviet Socialism has opened up a world of possibilities. Downloading Short History Of Soviet Socialism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Short History Of Soviet Socialism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Short History Of Soviet Socialism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Short History Of Soviet Socialism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Short History Of Soviet Socialism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Short History Of Soviet Socialism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

FAQs About Short History Of Soviet Socialism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Short History Of Soviet Socialism is one of the best book in our library for free trial. We provide copy of Short History Of Soviet Socialism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Short History Of Soviet Socialism. Where to download Short History Of Soviet Socialism online for free? Are you looking for Short History Of Soviet Socialism PDF? This is definitely going to save you time and cash in something you should think about.
