Silk And Insight A Novel:

Silk and Insight Yukio Mishima, Frank Gibney, Hiro Sato, 2015-04-08 This is a tale based on the strike which took place in the mid 1950s at Omi Kenshi a silk manufacturer not far from Tokyo The events described reflect the management labour tensions of the period and is a piece of social commentary on the transformation of Japanese business **The Nanjing**

Massacre: A Japanese Journalist Confronts Japan's National Shame Katsuichi Honda, Frank Gibney, Karen Sandness, 2015-02-24 This book is based on four visits to China between 1971 and 1989 by Honda Katsuichi an investigative journalist for Asahi Shimbun His aim is to show in pitiless detail the horrors of the Japanese Army's seizure and capture of Nanjing in December 1937 Unvarnished accounts of the testimony Chinese victims and Japanese perpetrators to the rape and slaughter are juxtaposed with public relations announcements of the Japanese Army as printed in various Japanese newspapers of the time The bland announcements of triumphant victories stand in bitter contrast to the atrocities that actually took place on the scene The story unfolds with horrible detail as we watch the triumphant progress of the Japanese army whose troops were bent on rape and killing in the so called heat of battle Yet by recalling the testimony of Japanese soldiers and reporters who were on the scene as well as reproducing dispatches by Japanese Army authorities at the time Honda makes it clear that the atrocities were part of a studied effort directed by the Japanese high command to impress the Chinese people with the power of its army and the folly of resistance to it the estimate of 300 000 killed in these military operations is no exaggeration Honda has worked with other Japanese journalists and scholars who have attempted to reveal the truth of the Nanjing massacre provoked by the efforts of right wing Japanese including sadly many government officials to whitewash the whole incident even to the point of contending that a massacre never happened This gripping account of the atrocities and cover up joins other exposes Chinese and now German in keeping alive the memory of this shameful event

Yukio Mishima Damian Flanagan, 2014-08-15 The most internationally acclaimed Japanese author of the twentieth century Yukio Mishima 1925-70 was a prime candidate for the Nobel Prize But the prolific author shocked the world in 1970 when he attempted a coup d'état that ended in his suicide by ritual disembowelment In this radically new analysis of Mishima's extraordinary life Damian Flanagan deviates from the stereotypical depiction of a right wing nationalist and aesthete presenting the author instead as a man in thrall to the modern world while also plagued by hidden neuroses and childhood trauma that pushed him toward his explosive final act Flanagan argues that Mishima was a man obsessed with the concepts of time and emperor and reveals how these were at the heart of his literature and life Untangling the distortions in the writer's memoirs Flanagan traces the evolution of Mishima's attempts to master and transform his sexuality and artistic persona While often perceived as a solitary protest figure Mishima Flanagan shows was very much in tune with postwar culture he took up bodybuilding and became a model and actor in the 1950s adopted the themes of contemporary political scandals in his work courted English translators and became influenced by the student protests and hippie subculture of the late 1960s A

groundbreaking reevaluation of the author this succinct biography paints a revealing portrait of Mishima's life and work
