Looking For Dr Condom:

Looking for Dr. Condom William E. Kruck, 1978 **Looking for Dr. Condom** William E. Kruck, 1981 The Doctor Looks at Marriage and Medicine, 1928 *Looking for Dr. Condom* Wm. E. Kruck, 1979 The Fate of the Forest Susanna B. Hecht, Alexander Cockburn, 2011-01-15 The Amazon rain forest covers more than five million square kilometers amid the territories of nine different nations It represents over half of the planet's remaining rain forest Is it truly in peril What steps are necessary to save it To understand the future of Amazonia one must know how its history was forged in the eras of large pre Columbian populations in the gold rush of conquistadors in centuries of slavery in the schemes of Brazil's military dictators in the 1960s and 1970s and in new globalized economies where Brazilian soy and beef now dominate while the market in carbon credits raises the value of standing forest Susanna Hecht and Alexander Cockburn show in compelling detail the panorama of destruction as it unfolded and also reveal the extraordinary turnaround that is now taking place thanks to both the social movements and the emergence of new environmental markets Exploring the role of human hands in destroying and saving this vast forested region *The Fate of the Forest* pivots on the murder of Chico Mendes the legendary labor and environmental organizer assassinated after successful confrontations with big ranchers A multifaceted portrait of Eden under siege complete with a new preface and afterword by the authors this book demonstrates that those who would hold a mirror up to nature must first learn the lessons offered by some of their own people Whore Biographies, 1700-1825, Part I Vol 4 Julie Peakman, 2024-12-11 Focuses on autobiographies and biographies of courtesans directories of whores erotic poems dedicated to harlots jocular descriptions of prostitutes and jest books on strumpets These provide sources for the study of sexuality gender women's studies and the literature and history of the eighteenth century Eighteenth-Century British Erotica, Part I vol 3 Patrick Spedding, 2024-10-28 This set reprints many of the 18th century's most notorious works including eight from *The Fifteen Plagues of a Maiden Head* 1707 that resulted in highly publicized court battles and in some cases helped shape laws on censorship that survived into modernity *Casanova's Guide to Medicine* Lisetta Lovett, 2021-06-09 Forget the stereotype Giacomo Casanova's 1725-1798 reputation as libertine has sadly eclipsed his talents as scholar linguist prolific writer and manqué doctor Fortunately for us he wrote his memoirs at the end of his life on the advice of his doctor to control his propensity to depression Although these often have been harvested for information on political cultural and social aspects of his time the insights they give about medical practice and the lived experiences of illness have been largely neglected This book addresses this deficiency through exploring in detail what Casanova wrote on a variety of conditions that include venereal disease and female complaints duelling injuries suicide skin complaints and stroke and even piles These descriptions provide alternately grim and amusing insights about public health measures the doctor-patient relationship medical etiquette and the dominant medical theories of the era To help the reader understand the historical significance of the medical subjects covered the author integrates throughout the book an extensive

historical context drawn from contemporary sources of information and current history of medicine literature Surgery, Skin and Syphilis Philip K. Wilson, 2016-08-22 Daniel Turner's prolific writings provide valuable insight into the practice of a commonplace Enlightenment London surgeon Examining his personal professional and genteel achievements Enhances our understanding of the boundary between surgeons and physicians in Enlightenment marketplace practice Turner's pioneering writing on skin disease *De Morbis Cutaneis* emphasizes the skin's role as a physical and professional boundary between university educated physicians who treated internal disease and apprentice trained surgeons relegated to the care of external disorders Turner's career long crusade against quackery and his voluminous writings on syphilis a common surgical disorder provide a refined view into distinction between orthodox and quack practices in eighteenth century London **Port Out, Starboard Home** Michael Quinion, 2005-09-01 Can it really be true that golf stands for Gentlemen Only Ladies Forbidden Or that rule of thumb comes from an archaic legal principle that a man may chastise his wife but only with a rod no thicker than his thumb These and hundreds of other stories are commonly told and retold whenever people meet They grow up in part because expressions are often genuinely mysterious Why for example are satisfying meals square rather than any other shape And how did anyone ever come up with the idea that if you're competent at something you can cut the mustard Michael Quinion here retells many of the more bizarre tales and explains their real origins where they're known This is a fascinating treasure trove of fiction and fact for anyone interested in language Report United States. Congress Senate, *Condom Advertising and AIDS* United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Health and the Environment, 1987 **The Power of Unreasonable People** John Elkington, Pamela Hartigan, 2008 The playwright George Bernard Shaw once said The reasonable man adapts himself to the world the unreasonable one persists in trying to adapt the world to himself Therefore all progress depends on the unreasonable man Highly unconventional capitalists and entrepreneurs who are solving some of the world's great economic social and environmental problems are in the process disrupting existing industries value chains and business models and replacing them with fast growing markets in all corners of the world The Power of Unreasonable People argues that leaders and decision makers can gain insight into the future of market opportunity from the mindset and strategies of this new type of entrepreneur The book offers an on the ground look at social entrepreneurs by identifying a new breed of unreasonable entrepreneurs explaining how their enterprises have been built exploring the impact of their work on future market risks and opportunities and finally highlighting lessons for tomorrow's leaders Incumbents who recognize the value of investing in partnering with and learning from these entrepreneurial operations will be better positioned to adapt to the disruption and adopt new business practices John Elkington is the Founder Chief Entrepreneur and Non Executive Director of the international consultancy SustainAbility Pamela Hartigan is Managing Director for the Schwab Foundation for Social Entrepreneurship **Divine Spiritual Doctor** Xiong HaiZhiJi, 2020-08-20 Elf school beauty Qiao Qiao The uniformed beauty
