

Nasser The Final Years

Jesse Ferris

Nasser The Final Years:

Nasser Abdel Majid Farid, 1994 During Gamal Abdel Nasser's difficult three year period between the Six Day War and his death he employed Farid as the secretary general of the Presidency of the United Arab Republic Farid joined Abdel Nasser at most of his meetings and took minutes He kept hold of those documents and now a quarter century later has made them publicly available these startling transcripts both round out the character of a charismatic figure and go far to setting the record straight on his final years Description from <http://www.danielpipes.org> April 27 2015 Nasser's Peace Michael Sharnoff, 2017-05-23 Gamal Abdel Nasser was arguably one of the most influential Arab leaders in history As President of Egypt from 1956 to 1970 he could have achieved a peace agreement with Israel yet he preferred to maintain his unique leadership role by affirming pan Arab nationalism and championing the liberation of Palestine a common euphemism for the destruction of Israel In that era of Cold War politics Nasser brilliantly played Moscow Washington and the United Nations to maximize his bargaining position and sustain his rule without compromising his core beliefs of Arab unity and solidarity Surprisingly little analysis is found regarding Nasser's public and private perspectives on peace in the weeks and months immediately after the 1967 War Nasser's Peace is a close examination of how a developing country can rival world powers and how fluid the definition of peace can be Drawing on recently declassified primary sources Michael Sharnoff thoroughly inspects Nasser's post war strategy which he claims was a four tiered diplomatic and media effort consisting of his public declarations his private diplomatic consultations the Egyptian media's propaganda machine and Egyptian diplomatic efforts Sharnoff reveals that Nasser manipulated each tier masterfully providing the answers they desired to hear rather than stating the truth that he wished to maintain control of his dictatorship and of his foothold in the Arab world **From Revolution to Ruin: the rise and fall of Nasser's vision** Borna Ahadi, From Revolution to Ruin The Rise and Fall of Nasser's Vision delves into the life and legacy of one of the most enigmatic and transformative leaders of the modern Arab world Gamal Abdel Nasser Rising from the streets of Cairo to the highest echelons of power Nasser captured the imagination of millions as he promised to unite the Arab world free it from colonial domination and create a new era of independence and dignity Yet for all his ambition Nasser's dream of Pan Arabism would unravel in the face of military defeats economic crises and internal divisions The devastating defeat in the Six Day War would overshadow his triumph in nationalizing the Suez Canal His vision of a united Arab world so close to realization would ultimately collapse leaving a fractured region and a legacy fraught with contradictions In From Revolution to Ruin the rise and fall of Nasser's revolutionary vision is traced with a keen eye for historical detail and political insight From his early days as a revolutionary officer to his last moments brokering peace this book offers a comprehensive look at the man who shaped the course of Arab nationalism and the forces that led to its downfall Explore the triumphs the tragedies and the enduring questions that surround Nasser's life How did Nasser's quest for Arab unity end in disillusionment What were the real costs of Egypt's involvement in the Yemeni Civil War

and the War of Attrition How did Nasser's leadership inspire and yet divide the Arab world And what legacy did he leave behind for modern Egypt and the Middle East From Revolution to Ruin is a compelling exploration of leadership ambition and the fine line between visionary politics and political collapse In a region still grappling with the consequences of Nasser's era his story offers crucial lessons about the power of dreams and the dangers of their failure **Israel's Wars** Ahron

Bregman,2003-09-02 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Israel's Wars** Ahron Bregman,2003-09-02 First published in 2002 Routledge is an imprint of Taylor Francis an informa company

The 1967 Arab-Israeli War Wm Roger Louis,Avi Shlaim,2012-02-13 The June 1967 war was a watershed in the history of the modern Middle East In six days the Israelis defeated the Egyptian Syrian and Jordanian armies seizing large portions of their territories Two veteran scholars of the Middle East bring together some of the most knowledgeable experts in their fields to reassess the origins and the legacies of the war Each chapter takes a different perspective from the vantage point of a different participant those that actually took part in the war and also the world powers that played important roles behind the scenes Their conclusions make for sober reading At the heart of the story was the incompetence of the Egyptian leadership and the rivalry between various Arab players who were deeply suspicious of each other's motives Israel on the other side gained a resounding victory for which despite previous assessments to the contrary there was no master plan

Nasser's Gamble Jesse Ferris,2013 Nasser's Gamble draws on declassified documents from six countries and original material in Arabic German Hebrew and Russian to present a new understanding of Egypt's disastrous five year intervention in Yemen which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers tarnishing its image in the Arab world ruining its economy and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967 Viewing the Six Day War as an unintended consequence of the Saudi Egyptian struggle over Yemen Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors It was the inter Arab struggle between monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative Nasser's Gamble brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011 **Soldiers of Democracy?** Sharan Grewal,2023 Using detailed case studies of Egypt and Tunisia and drawing on over 140 interviews with civilian and military leaders and three surveys of military personnel this scholarly volume examines why some militaries support and others thwart transitions to democracy **Arabs at War** ,2004-01-01 Kenneth M Pollack formerly a Persian Gulf military analyst at the CIA and Director for Persian Gulf Affairs at the National Security Council describes and analyzes the military history of the six key Arab states Egypt Iraq Jordan Libya Saudi Arabia

Arabs at War ,2004-01-01 Kenneth M Pollack formerly a Persian Gulf military analyst at the CIA and Director for Persian Gulf Affairs at the National Security Council describes and analyzes the military history of the six key Arab states Egypt Iraq Jordan Libya Saudi Arabia

and Syria during the post World War II era He shows in detail how each Arab military grew and learned from its own experiences in response to the specific objectives set for it and within often constrained political economic and social circumstances This first ever overview of the modern Arab approach to warfare provides a better understanding of the capabilities and limitations of the Arab militaries some of which are the United States most likely adversaries and some of which are our most important allies **The End of Pax Britannica in the Persian Gulf, 1968-1971** Brandon

Friedman,2020-11-17 This book examines how the rulers in the Persian Gulf responded to the British announcement of military withdrawal from the Gulf in 1968 ending 150 years of military supremacy in the region The British system in the Gulf was accepted for more than a century not merely because the British were the dominant military power in the region The balance of power mattered but so did the framework within which the British exercised their power The search for a new political framework which began when the British announced withdrawal was not simply a matter of which ruler would amass enough military power to fill the void left by the British it was also a matter of the Gulf rulers chiefly Iran Saudi Arabia and the ruling shaykhs of the lower Gulf coming to a shared understanding of when and how the exercise of power would be viewed as legitimate This book explores what shaped the rulers ideas and actions in the region as the British system came to an end providing a much needed political history of the region in the lead up to the independence of the UAE Bahrain and Qatar in 1971 **The Encyclopedia of Political Revolutions** Jack A. Goldstone,2015-04-29 The Encyclopedia of Political

Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions Classless Politics Hesham Sallam,2022-10-25 Since the 1970s

the Egyptian state has embarked on a far reaching and destabilizing project of economic liberalization reneging on its commitments to social welfare Despite widespread socioeconomic grievances stemming from these policies class politics and battles over wealth redistribution have largely been sidelined from elite led national politics Instead conflicts over identity have raged as Islamist movements became increasingly prominent political players Classless Politics offers a counterintuitive account of the relationship between neoliberal economics and Islamist politics in Egypt that sheds new light on the worldwide trend of more identity less class Hesham Sallam examines why Islamist movements have gained support at the expense of the left even amid conflicts over the costs of economic reforms Rather than highlighting the stagnancy of the left or the agility of Islamists he pinpoints the historical legacies of authoritarian survival strategies As the regime resorted to economic liberalization in the 1970s it tacitly opened political space for Islamist movements to marginalize its leftist

opponents In the long run this policy led to the fragmentation of opponents of economic reform the increased salience of cultural conflicts within the left and the restructuring of political life around questions of national and religious identity Historically rich and theoretically insightful this book demonstrates how the participation of Islamist groups shapes the politics of neoliberal reform and addresses why economic liberalization since the 1970s has contributed to the surge in culture wars around the world today **The Soviet Union and the June 1967 Six Day War** Yaacov Ro'i, Boris

Morozov, 2008 Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border Based on newly available archival sources The Soviet Union and the June 1967 Six Day War answers this controversial question more fully than ever before Directly opposing the thesis of the recently published Foxbats over Dimona by Isabella Ginor and Gideon Remez the contributors to this volume argue that Moscow had absolutely no intention of starting a war The Soviet Union's reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt In addition to assessing Soviet involvement in the June 1967 Arab Israeli Six Day War this book covers the USSR's relations with Syria and Egypt Soviet aims U S and Israeli perceptions of Soviet involvement Soviet intervention in the Egyptian Israeli War of Attrition 1969 70 and the impact of the conflicts on Soviet Jewish attitudes This book as a whole demonstrates how the Soviet Union's actions gave little consideration to the long or mid term consequences of their policy and how firing the first shot compelled them to react to events Six Days of War Michael B. Oren, 2002 In 1967 the future of the state of Israel was far from certain But with its swift and stunning military victory against an Arab coalition led by Egypt in the Six Day War Israel not only preserved its existence but redrew the map of the region with fateful consequences The Camp David Accords the assassinations of Anwar Sadat and Yitzhak Rabin the intifada and the current troubled peace negotiations all of these trace their origins to the Six Day War Michael Oren's Six Days of War is a gripping account of one of the most dramatic and important episodes in the history of the Middle East With exhaustive research in primary sources including Soviet Jordanian and Syrian files not previously available he has reconstructed the tension filled background and the dramatic military events of the conflict drawing the threads together in a riveting narrative enlivened by crisp characters sketches of major characters many of whom from Ariel Sharon to Yasser Arafat are still leading figures today Most important Oren has unearthed some dramatic new findings He has discovered that a top secret Egyptian plan to invade Israel and wipe out its army and nuclear reactor came within hours of implementation He also reveals how the superpowers narrowly avoided a nuclear showdown over the Eastern Mediterranean and how a military coup in Israel almost occurred on the eve of the war *Pan-African History* Hakim Adi, Marika Sherwood, 2003-12-16 Brings together Pan Africanist thinkers and activists from the Anglophone and Francophone worlds of the last two hundred years Shaping Strategy Risa Brooks, 2018-06-05 Good strategic assessment does not guarantee success in international relations but bad strategic assessment dramatically increases the

risk of disastrous failure The most glaring example of this reality is playing out in Iraq today But what explains why states and their leaders are sometimes so good at strategic assessment and why they are sometimes so bad at it Part of the explanation has to do with a state's civil military relations In *Shaping Strategy* Risa Brooks develops a novel theory of how states' civil military relations affect strategic assessment during international conflicts And her conclusions have broad practical importance to anticipate when states are prone to strategic failure abroad we must look at how civil military relations affect the analysis of those strategies at home Drawing insights from both international relations and comparative politics *Shaping Strategy* shows that good strategic assessment depends on civil military relations that encourage an easy exchange of information and a rigorous analysis of a state's own relative capabilities and strategic environment Among the diverse case studies the book illuminates Brooks explains why strategic assessment in Egypt was so poor under Gamal Abdel Nasser prior to the 1967 Arab Israeli war and why it improved under Anwar Sadat The book also offers a new perspective on the devastating failure of U S planning for the second Iraq war Brooks argues that this failure far from being unique is an example of an assessment pathology to which states commonly succumb

Steel & Silk Sami M. Moubayed, 2006 Syria was the headquarters of the Arab nationalist movement in the 1910s and leader of women's emancipation in the 1920s This work consists of profiles of 341 men and women and also includes a workshop for journalists and researchers that includes an annotated timeline of 20th Century Syria facts on Syria and brief bios of the leadership

Economy, Trade, and Resources across the Middle East Tatiana Ryckman, 2016-12-15 Economic considerations are often at the forefront of political conflict in the Middle East This text excavates past and current economic relationships in the Middle East in order to provide a more nuanced view of contemporary politics in the region Historical context is given on a country by country basis along with current economic issues and profiles of important figures in this domain

Then and Now Hussein Shabka, 2018-02-13 A sociologist examines the history of Egypt from the pharaohs to the present shedding light on its cultural deterioration and the dilemmas it faces today The story of Egypt's long history is one of gradual descent from a wealthy organized sophisticated society to its contemporary milieu of corruption and poverty For more than four thousand years it earned the moniker of *el donya* mother of the world But when Cleopatra died the independent rule of the pharaohs died with her This seismic event not only transferred power to Rome but also shattered the foundations of Egyptian society For the following two millennia a succession of foreign occupations and despotic rulers undermined Egypt's national identity They exported her wealth imported a new language and culture and spawned social values that are inimical to the very notion of modernity Understanding these developments provides one possible route to getting a handle on the social and cultural situation in Egypt today

Egyptians in Revolt Adel Abdel Ghafar, 2016-10-04 *Egyptians in Revolt* investigates the political economy of the Egyptian labor and student movements Using elements of social movement theory within a broad political economy framework it assesses labor and student mobilizations in four eras of contemporary Egyptian history the

pre 1952 era the Nasser era the Sadat era and the Mubarak era Egyptians in Revolt examines how both student and labor groups responded to the political economy pressures of the respective eras Within the context of social movement theory the book argues that political opportunities and threats have had a significant impact on both student and labor mobilizations In addition the book explores how the movements have at times been able to affect government policies However the argument is made that the inability of both groups to sustain momentum in the long term is due to cooptation efforts by established political forces and the absence of viable and enduring organizational structures that are autonomous of state control By combining analysis to include both labor and student movements Egyptians in Revolt is a valuable resource for understanding the Egyptian political economy and its impact on mobilizations It will therefore be of interest to students and scholars of Middle East Studies as well as those interested in social movement more broadly

If you ally obsession such a referred **Nasser The Final Years** ebook that will offer you worth, get the no question best seller from us currently from several preferred authors. If you want to hilarious books, lots of novels, tale, jokes, and more fictions collections are as well as launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections Nasser The Final Years that we will entirely offer. It is not almost the costs. Its not quite what you need currently.
