Central to his success was his hard riding mounted artillery which provided him with a heavy punch to add to his mobility Captain John Morton rose to the post of Forrest's chief of artillery in 1864 after much service since joining the grey ranks in 1861 Many years after the end of his military service he set out to write a history of the unit he commanded this volume is comprehensive readable and very well written He charts all of the engagements and actions in which he and his men fought with detail and verve however the greatest insights are into the daily life of the Confederate raiders their morale and anecdotes of his leader and his style of command A Classic Confederate history **Nathan Boone and the American Frontier** R.
