National Commission On Nursing Implementation Project:

National Commission on Nursing Implementation Project National Commission on Nursing Implementation Project (U.S.), National League for Nursing, 1988 **Implementing Differentiated Nursing Practice** JoEllen Goertz Koerner, Kathryn Linda Karpiuk, 1994 Nursing **Nursing Case Management** Elaine Cohen, Toni G. Cesta, 2004-08-26 This classic resource offers complete coverage of nursing case management from theoretical background and historical perspective to practical applications and how the field is changing to meet the challenges of today's health care environment. It focuses on the implementation of various case management models used throughout the United States and abroad. Key topics include the impact of public policy on health care, understanding the effects of health care reimbursement and its application at the patient level, throughput and capacity management, the impact of the revenue cycle, compliance and regulatory issues, and principles needed to improve case manager/client interaction. This helpful resource is designed to help nurse case managers assess their organization's readiness for case management, prepare and implement a plan to achieve necessary improvements, and evaluate the plan's success. Includes numerous proven case management models currently being used in institutions across the country. Organized to take the nursing case manager on a journey from the historical development of nursing case management to the successful implementation of a case management program. Offers detailed guidance for planning, implementing, and evaluating a case management program. Outlines the planning process with information on key topics such as analysis of the organization, the role of the organization's members, selection criteria for new case managers, case management education, credentialing, and partnerships. Features guidelines for implementing a case management program with information on ethical issues, technology, compliance, and regulatory issues. Addresses the evaluation component of developing and implementing a case management program by presenting information on outcomes, research, documentation, continuous quality improvement, measuring cost effectiveness, care continuum, and evidence-based practice. Presents acute care and community-based models of case management. Highlights the evolution of collaborative models of case management, addressing key elements of joint decision making, shared accountability, and interdisciplinary systems of care. Addresses health care delivery through case management and public policy by presenting current legislative issues and their affect on both health care reimbursement and the application of care at the patient level. Presents the insights, experiences, and advice of nursing administrators who have researched and successfully implemented nursing case management programs in various facilities. **Features of High Quality, Cost-effective Nursing Care Delivery Systems of the Future** National Commission on Nursing Implementation Project (U.S.), 1988 **National Library of Medicine Audiovisuals Catalog** National Library of Medicine (U.S.), 1992 [Current Catalog](#) National Library of Medicine (U.S.), First multi year cumulation covers six years 1965-70 [National Library of Medicine Current Catalog](#) National Library of Medicine (U.S.), 1989 **The Nurse's Guide to Managed Care** Susan Odegaard Turner, 1999 An essential reference for

nursing students in developing and implementing the competencies necessary in caring for critically ill patients Synergy for Clinical Excellence The AACN Synergy Model for Patient Care enhances the understanding of The Synergy Model in practice Based on a decade of work by the American Association of Critical Care Nurses the text encompasses the history and development of the nurse and patient characteristic inherent in The Synergy Model and then thoroughly addresses each characteristic individually and applies the model in practice Includes sample test questions relevant to the model that will assist nursing students in preparing for certification through AACN and provide further examples of the integration of the Synergy Model in practice *Nurse Educators and Politics* Sondra Z. Koff, 2012-02-01 Although they represent a significant majority of American health care providers nurses have had only a limited influence on policy developments in the health care and political systems Helping to understand why the profession has remained a sleeping giant *Nurse Educators and Politics* focuses on a primary socialization agent to the profession nursing faculty members Using survey data Sondra Z Koff examines nurse educators attitudes toward select public policies and political participation as well as their political and organizational activism These findings are related to nursing s professional history and are discussed in a broader political context to better understand nurses behavior in the decision making process **Nurse Shortages** United States.
