**Resources in Education**, 1999-10 **Who Speaks for America?** Eric Alterman, 1998 Journalist and historian Eric Alterman argues that the vast majority of Americans have virtually no voice in the conduct of U S foreign policy With policymakers answerable only to a small coterie of self appointed experts corporate lobbyists self interested parties and the elite media the U S foreign policy operates not as the instrument of a democracy but of a pseudo democracy a political

system with the trappings of democratic checks and balances but with little of their content This failure of American democracy is all the more troubling Alterman charges now that the Cold War is over and the era of global capital has replaced it Americans stake in so called foreign policy issues from trade to global warming is greater than ever Yet the current system serves to mute their voices and ignore their concerns Alterman concludes with a series of challenging proposals for reforms designed to create a truly democratic U S foreign policy

National Archives and Records Administration, **Mass Media** James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes *Journal of Contemporary Criminal Justice* , 1999 **Lincoln Library Bulletin** , 1991 June 1947 includes the annual report of the Lincoln Library Books in Print , 1994 Social Studies Curriculum Resource Handbook , 1992 Moral Conflict W. Barnett Pearce, Stephen W. Littlejohn, 1997-03-20 Moral Conflict the subject of this book is passionate and difficult to resolve Responses that are normally effective such as explaining persuading and compromising can make matters worse and drive people further apart in such conflicts Moral conflicts occur when incommensurate social realities come to clash Disputes about abortion religion in politics and education legal rights for homosexuals and environmental politics are issues in which well intentioned parties have created polarized and diverse patterns of communication The most virtuous actions of each side not only fail but widen the schism Such conflicts require us to find forms of communication that go beyond our normal ways of dealing with disagreement In an original synthesis of communication theory and their own research W Barnett Pearce and Stephen W Littlejohn describe a dialectical tension between the expression and suppression of conflict that can be transcended in ways that lead to personal growth and productive patterns of social action In Moral Conflict several projects are described as practical examples of these new ways of working through difficult struggles The Resource , 1990 **The Utne Reader** , 1992 **Admissions Decisions** Agenda Public, Foundation Kettering, 1994-08 In 1993 when Sheik Omar Abdel Rahman was arrested for the bombing of the

World Trade Center and the GOLDEN VENTURE a smuggling ship containing 300 Chinese illegal emigrants ran aground on Long Island the issue of immigration vaulted to the top of America s public agenda Anxieties about the flood of immigrants that might arrive on our shores has prompted calls for new restrictions and not just on political asylum This latest book pressing questions facing politicians and voters right now How many emigrants should be admitted Of what nations and races On what basis should we make those decisions How should we enforce them This book is intended as a framework for public discussion a tool to help participants consider alternative points of view and courses of action Contested Values Public Agenda Foundation,1994-09 **Prescription for Prosperity** Keith Melville,Public Agenda Foundation,1992-07 This brief book can be used as a supplement on a course in economics social issues or public policy It discusses the pros and cons of actions that could be taken in confronting a major public issue such as the economy providing an engaging and well illustrated overview that highlights three different courses of action as well as arguments for and against each position Thus it aims to provide a lively and even handed introduction to the issues and invites debate and critical thinking on the part of the student **Kids Who Commit Crimes** Keith Melville,Public Agenda Foundation Staff,Kettering Foundation Staff,1994-08
