National Minorities In Romania Change In Transylvania:

National Minorities in Romania Elemér Illyés, 1982 *Ethnic Groups and Population Changes in Twentieth Century Eastern Europe* Piotr Eberhardt, Jan Owsinski, 2015-07-17 This unique reference traces the changing borders and ethnic balances that characterized the history of Eastern Europe during the twentieth century After a preliminary overview the book divides Eastern Europe into five regions from the Baltic to the Balkans and closely analyzes the ethnic structure of each region's constituent units over time Summary chapters at the end of the volume present a comprehensive ethno-demographic portrait of the region at the start of the century between the two world wars and from the post World War II period to the century's end The volume is richly illustrated with more than sixty figures hundreds of tables and multi-lingual indexes of place names and ethnic groups

Ethnic Groups and Population Changes in Twentieth-Century Central-Eastern Europe, This reference traces the changing borders and ethnic balances that characterized the history of Eastern Europe during the 20th century The book divides Eastern Europe into five regions from the Baltic to the Balkans and closely analyses the ethnic structure of each region's units over time

The Gypsies of Eastern Europe David Crowe, John Kolsti, Ian Hancock, 2016-07-22 In recent news coverage of the dramatic political events in Eastern Europe Gypsies have been a favourite sidebar topic Some of the stories have been truly horrifying others are written condescendingly and to amuse but what has become clear is how little we really know about this people In a concerted effort to uncover the modern history of the Rom in Eastern Europe the authors examine the Gypsy experience in Albania Czechoslovakia Hungary Romania and Yugoslavia with special attention to the Nazi Holocaust as well as to the record of the forced settlement and education programmes instituted by communist regimes

Cultural Politics in Greater Romania Irina Livezeanu, 2018-08-06 Since the fall of the Ceausescu regime Romanian politics have been haunted by unresolved issues of the past Irina Livezeanu examines a critical chapter in Eastern European history the trajectory of the aggressive nationalism that dominated Romania between the world wars

Ceausescu and the Securitate Dennis Deletant, 2016-12-05 First Published in 2017 This book contains Deletant's research and view that an inescapable feature of life in Romania under Ceausescu was the ubiquity of the Securitate or the security police known officially for much of the period as the Department of State Security of the Ministry of the Interior He seeks to right the omission in Romanian literature until now of the mechanism of terror which Stalin used in Romania to enforce his will and about the organisation of the Department of State Security

[The Struggle for the Eurasian Borderlands](#) Alfred J. Rieber, 2014-03-20 A major new account of the Eurasian borderlands as shatter zones which have generated some of the world's most significant conflicts

Romania, 1916-1941 Dennis Deletant, 2022-08-19 This study challenges the rose-tinted view of the interwar period in Romanian history which is often judged against the darkness of almost five decades of Communist rule Romania like several of the states of Eastern Europe emerged from the First World War as it had entered it as a predominantly agricultural country and one of its major problems was the condition of the

peasantry This volume's focus is the drive to improve that condition on the collapse of democracy and the search by Romania's leaders for strategies to secure the state to assert the country's independence and to maintain its territorial integrity in the face of the threat to the European order posed by two totalitarian systems represented by Nazi Germany and the Soviet Union By examining recent scholarship this volume provides the most up to date account of Romania's predicament in the interwar years Romania 1916-1941 is a useful resource for upper level undergraduates postgraduates and scholars interested in foreign policy politics society internationalization and late development in interwar Central and Eastern Europe

Romanian Policy Towards Germany, 1936-40 R. Haynes, 2016-01-20 This new book based on archival research contests the assumptions that Romania remained pro Western in the late 1930s and only joined the Axis as a result of Western negligence and German pressure Instead Germany was drawn by Romanian politicians into political and economic cooperation with Bucharest In the event this proved Romania's undoing Let down by her German protector she was forced to cede territory to the Soviet Union Hungary and Bulgaria Subsequently Romania was allowed into the alliance she sought with Germany *History of the Literary Cultures of East-Central Europe* Marcel Cornis-Pope, John Neubauer, 2006-09-13 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East Central Europe Vol 2 considers various topographic sites multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however inadvertently the very national borders they play down This volume inverts the expansive momentum of comparative studies towards ever broader regional European and world literary histories While the theater of this volume is still the literary culture of East Central Europe the contributors focus on pinpointed local traditions and geographic nodal points Their histories of Riga Plovdiv Timișoara or Budapest of Transylvania or the Danube corridor to take a few examples reveal how each of these sites was during the last two hundred years a home for a variety of foreign or ethnic literary traditions next to the one now dominant within the national borders By foregrounding such non national or hybrid traditions this volume pleads for a diversification and pluralization of local and national histories A genuine comparatist revival of literary history should involve the recognition that treading on native grounds means actually treading on grounds cultivated by diverse people **Eastern Europe . . . Central Europe . . . Europe** Stephen R Graubard, 2019-04-05 At a time of tremendous flux throughout Europe this book provides solid analyses of the events and trends that are rapidly reshaping the region Originally published as an edition of Dædalus this updated volume brings together leading scholars to examine such issues as the major paradigmatic shifts occurring in Eastern Europe the long te **Lithuanian Philosophy** Jurate Baranova, 2000 Forgotten Voices Ulrich Merten, 2017-07-05 The news agency Reuters reported in 2009 that a mass grave containing 1 800 bodies was found in

Malbork Poland Polish authorities suspected that they were German civilians that were killed by advancing Soviet forces A Polish archeologist supervising the exhumation said We are dealing with a mass grave of civilians probably of German origin The presence of children suggests they were civilians During World War II the German Nazi regime committed great crimes against innocent civilian victims Jews Poles Russians Serbs and other people of Central and Eastern Europe At war s end however innocent German civilians in turn became victims of crimes against humanity *Forgotten Voices* lets these victims of ethnic cleansing tell their story in their own words so that they and what they endured are not forgotten This volume is an important supplement to the voices of victims of totalitarianism and has been written in order to keep the historical record clear The root cause of this tragedy was ultimately the Nazi German regime As a leading German historian Hans Ulrich Wehler has noted Germany should avoid creating a cult of victimization and thus forgetting Auschwitz and the mass killing of Russians Ulrich Merten argues that applying collective punishment to an entire people is a crime against humanity He concludes that this should also be recognized as a European catastrophe not only a German one because of its magnitude and the broad violation of human rights that occurred on European soil Supplementary maps and pictures are available online at <http://www.forgottenvoices.net>

Protestantism and Politics in Eastern Europe and Russia Sabrina P. Ramet, 1992 Coming at a time of enormous transformations in the one time Communist bloc this volume provides a much needed perspective on the significance of church state relations in the renaissance of civil society in the region The essays collected here accentuate the peculiarly political character of Protestantism within Communist systems With few identifiable leaders a multiplicity of denominations and a tendency away from hierarchical structures the Protestant churches presents a remarkably diverse pattern of church state relations Consequently the longtime coexistence of Protestantism and Communism in Eastern Europe and the former Soviet Union affords numerous examples of political accommodation and theological adaption that both reflect and foreshadow the dramatic changes of the 1990s Based on extensive field research including interviews with notable figures in the Protestant churches in the region the essays in this volume address broad topics such as the church s involvment in environmentalism pacifism and other dissident movements as well as issues particular to Russia Poland Czechoslovakia East Germany 1949 1989 Hungary Yugoslavia 1945 1991 Bulgaria and Romania The final volume in the three volume work *Christianity Under Stress* Protestantism and Politics in Eastern Europe and Russia will prove invaluable to anyone hoping to understand not only the workings of religion under Communism but the historical and contemporary interactions of church and state in general Contributors Paul Bock Lawrence Klippenstein Paul Mojzes Earl A Pope Joseph Pungur Sabrina Petra Ramet Walter Sawatsky N Gerald Shenk Gerd Stricker Sape A Zylstra

Romania Since 1989 Henry F. Carey, 2004-01-01 The most comprehensive study of Romanian politics ever published abroad this volume represents an effort to collect and analyze data on the complex problems of Romania s journey from sultanistic national communism to a yet unreached democratic government

Nationalism and Territory George W. White, 2000 Why do nations come into

conflict What factors lead to the horrors of ethnic cleansing This timely book offers clear eyed answers to these questions by exploring how national identity is shaped by place focusing especially on Serbia Hungary and Romania Moving beyond studies of nationalism that consider only the economic and geostrategic value of territory George W White shows that the very core of national identity is intimately bound to specific places Indeed nations define themselves in terms of spaces that have historical linguistic and religious meaning as Serbs have clearly demonstrated in Kosovo These territories are concrete expressions of a nation's identity both past and present With his detailed analysis of the places that define national identity in Southeastern Europe White convincingly shows why territorial disputes so often escalate into war

Eastern Europe Richard Frucht, 2004-12-22 A contemporary analysis of the people cultures and society within the regions that make up Eastern Europe Eastern Europe An Introduction to the People Lands and Culture sheds light on modern day life in the 16 nations comprising Eastern Europe Going beyond the history and politics already well documented in other works this unique three volume series explores the social and cultural aspects of a region often ignored in books and curricula on Western civilization The volumes are organized by geographic proximity and commonality in historical development allowing the countries to be both studied individually and juxtaposed against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country

The Romanian Mass Media and Cultural Development David Berry, 2017-07-05 This compelling book assesses the development of the mass media since the Romanian Revolution in December 1989 and the media's impact on cultural development the public sphere civil society and democracy It controversially claims that Romania's failure to experience a thoroughgoing enlightenment project in its entire history remains a major obstacle for producing democratic ownership of the media and democratic development of society Analyzing both the print and broadcast media and their respective effects on development the book also discusses the effects of Romanian law on media and societal development ethics and media responsibilities It concludes however that far from having an absolutely negative impact on Romanian post communism the media has helped produce a contradictory empirical form that equally contains positive moments in terms of subjective cultural development

Nations without States James B. Minahan, 1996-01-19 Russians are suppressing the Chechen Ibo nationalism may yet tear Nigeria apart With the end of the Cold War any of the world's stateless peoples could be in tomorrow's headlines This book provides an essential guide to the stateless nations suppressed or ignored during the Cold War In more than 200 national surveys the volume highlights the historical political social economic and diplomatic evolution of many of the currently emerging nations without states Including nations from all continents from the Chechen in Eastern Europe to the Ibo in Africa and the Quebeckers in North America the book addresses the current nationalist

resurgence by focusing on the most basic element of any nationalism the nation itself The book provides the only source of concise information on stateless nations Each entry includes the nation s name and alternative names population statistics information on major languages and religions geographical information independence declarations information on the national flag a brief sketch of the primary national group or groups and a profile of the nation s history and national development to the present A chronological appendix of declarations of independence helps to set the waves of nationalism in an historical context A second appendix provides a geographic listing by region and nation of national organizations

Nationalist Politics and Everyday Ethnicity in a Transylvanian Town Rogers Brubaker, Margit Feischmidt, Jon Fox, Liana Grancea, 2018-06-05 Situated on the geographic margins of two nations yet imagined as central to each Transylvania has long been a site of nationalist struggles Since the fall of communism these struggles have been particularly intense in Cluj Transylvania s cultural and political center Yet heated nationalist rhetoric has evoked only muted popular response The citizens of Cluj the Romanian speaking majority and the Hungarian speaking minority have been largely indifferent to the nationalist claims made in their names Based on seven years of field research this book examines not only the sharply polarized fields of nationalist politics in Cluj Transylvania and the wider region but also the more fluid terrain on which ethnicity and nationhood are experienced enacted and understood in everyday life In doing so the book addresses fundamental questions about ethnicity where it is when it matters and how it works Bridging conventional divisions of academic labor Rogers Brubaker and his collaborators employ perspectives seldom found together historical and ethnographic institutional and interactional political and experiential Further developing the argument of Brubaker s groundbreaking *Ethnicity without Groups* the book demonstrates that it is ultimately in and through everyday experience as much as in political contestation or cultural articulation that ethnicity and nationhood are produced and reproduced as basic categories of social and political life
