*National Self-images and Regional Identities in Russia* Bo Petersson, 2018-02-06 This title was first published in 2001 This text looks at what being Russian means to a Russian politician the country they live in and what they think it ought to be It is a study of self images in Russia pertaining to the Russian state policy and the cognitive and affective strands regarding Russia s past its friends and foes externally and internally and Russia s role in the international arena as well as key issues related to internal developments This book attempts to assess to what extent a new sense of identity emerged in Russia during the decade after the dissolution of the Soviet Union In this book Petersson argues that the development of a civic national identity centered around belonging to the state and not an ethnic community is the only viable option to prevent further disintegration and bring about stability and cohesion for the country

*Russia's Identity in International Relations* Raymond Taras, 2012-10-02 Bringing together leading scholars from Russia and outside experts on Russia this book looks at the difference between the image Russia has of itself and the way it is viewed in the West It discusses the historical cultural and political foundations that these images are built upon and goes on to analyse how contested these images are and their impact on Russian identity The book questions whether differing images explain fractiousness in Western Russian relations in the new century or whether distinct imaginary solitudes offer a better platform from which to negotiate differences Providing an innovative comparative study of contemporary images of the country and their impact the book is a significant contribution to studies of globalisation and international relations

*Russia's Regional Identities* Edith Clowes, Gisela Erbslöh, Ani Kokobobo, 2018-01-17 Contemporary Russia is often viewed as a centralised regime based in Moscow with dependent provinces made subservient by Putin s policies limiting regional autonomy This book however demonstrates that beyond this largely political view by looking at Russia s regions more in cultural and social terms a quite different picture emerges of a Russia rich in variety with different regional identities cultures traditions and memories The book explores how identities are formed and rethought in contemporary Russia and outlines the nature of particular regional identities from Siberia and the Urals to southern Russia from the Russian heartland to the non Russian republics

shaping current international events      **Crisis and Migration** Pieter Bevelander, Bo Petersson, 2014-06-06 The ongoing Eurozone crisis frequently makes front page news but aspects of its deeper implications are more rarely discussed in media In *Crisis and Migration* the authors analyse the current situation and its effects on politics and migration In case studies they show how the economic downturn affects daily life on a local national and European level The authors reflect on the crisis from mutually rewarding micro to macro perspectives Their focus is geared away from the crisis as an acute phenomenon instead they investigate it as a potential symptom of a chronic decline of the EU in relation to other regions It is imperative to address the long term consequences of the development and that scholars engage in that critical discussion Alongside its senior authors *Crisis and Migration* features contributors of a new generation of scholars who are likely to be prominent in the field in years to come The book is vital reading for researchers in migration and European studies policymakers and journalists Contributors Timothy Hatton University of Essex UK Katrina Hirvonen Gothenburg University Sweden Hortense Jongen Maastricht University the Netherlands Linus Kullving Malm University Sweden David Sausdal Stockholm University Sweden Sarah Scuzzarello University of Surrey UK Eleni Tampakoglou Malm University Sweden      Post-Soviet Civil Society Anders Uhlin, 2006-03-20 The development of civil society has varied greatly across the former Soviet Union The Baltic states have achieved a high level of integration with the West and European Union membership while some regions in Russia lag far behind Now for the first time there is a comparative study of civil society and democratization across post Soviet national borders Acknowledging the enormous variation throughout the region the book offers unique data on developments in Russia Estonia Latvia and Lithuania Applying an innovative analytical framework derived from theories of democratization civil society social movements and transnational relations the researchers have formulated broader comparisons and generalisations without neglecting the specific post Soviet context The book provides a systematic comparison across sectors as well as nations and includes chapters on NGOs the state and conflict and transnationalisation Quantitative survey data is combined with qualitative interviews and case study research to both confirm previous findings about the weakness of post communist civil society and to qualify previous research      Russian Politics and Society Richard Sakwa, 2008-04-10 Having been fully revised and updated to reflect the considerable changes in Russia over the last decade the fourth edition of this classic text builds on the strengths of the previous editions to provide a comprehensive and sophisticated analysis on Russian politics and society New to this edition extended coverage of electoral laws party development and regional politics new chapter on the phoney democracy period 1991-93 historical evaluation of Yeltsin's leadership full coverage of Putin's presidency discussion of the development of civil society and the problems of democratic consolidation latest developments in the Chechnya conflict more on foreign policy issues the re introduction of the Russian Constitution as an appendix an updated Select Bibliography more focus on the challenges facing Russia in the twenty first century Written in an accessible and lively style this book is packed with detailed information on the central debates and issues in Russia's difficult
