

Religion, Nationalism, and American Identity: Reflections on Mark Noll's *America's God*

Douglas Ambrose

Abstract

Historian Mark Noll's magisterial *America's God: From Jonathan Edwards to Abraham Lincoln* was an immediate sensation when it appeared in 2002. Jon Butler, the Howard R. Lamar Professor of American Studies, History, and Religious Studies at Yale University, declared " *America's God* delineates the Americanization of an Old World Protestantism with a breadth, learning, and sophistication unmatched by any other historian." Noll describes this process of "Americanization" as consisting of a "shift away from European theological traditions, descended directly from the Protestant Reformation, toward a Protestant evangelical theology decisively shaped by its engagement with Revolutionary and post-Revolutionary America." And Noll concludes that this American "Protestant evangelicalism differed from the religion of the Protestant Reformation as much as sixteenth-century Reformation Protestantism differed from the Roman Catholic theology from which it emerged."

This paper will argue that, notwithstanding Noll's considerable achievement, his identification of an "American" synthesis minimizes (although it never denies) the profound sectional variations of that synthesis. In doing so, Noll downplays the ways in which two competing social formations, grounded in fundamentally different systems of social relations, prevented the synthesis from fully uniting "Americans." The different understandings of the synthesis, like the different understandings of its central texts – the Bible, the Declaration of Independence, and the Constitution – reflected the chasm that separated white Northerners and white Southerners and made both groups see themselves as the true defenders of "America's God." Noll's work thus both enriches our understanding of the how most white Americans differed from their European

Nationalism And Religion In America Concepts Of Identity And Mission

J. C. D. Clark

Nationalism And Religion In America Concepts Of Identity And Mission:

Nationalism and Religion in America Winthrop Still Hudson, 1970 *Nationalism and Religion in America* Winthrop Still Hudson, 1970 The Coming of God Jürgen Moltmann, Margaret Kohl, 2004-07-27 Winner of Grawemeyer Award In this remarkable and timely work in many ways the culmination of his systematic theology world renowned theologian Jürgen Moltmann stands Christian eschatology on its head Moltmann rejects the traditional approach which focuses on the End an apocalyptic finale as a kind of Christian search for the final solution He centers instead on hope and God's promise of new creation for all things Christian eschatology he says is the remembered hope of the raising of the crucified Christ so it talks about beginning afresh in the deadly end Yet Moltmann's novel framework deeply informed by Jewish and messianic thought also fosters rich and creative insights into the perennially nettling questions of eschatology Are there eternal life and personal identity after death How is one to think of heaven hell and purgatory What are the historical and cosmological dimensions of Christian hope What are its social and political implications In a heartbreakingly fragile and fragment world Moltmann's comprehensive eschatology surveys the Christian vista bravely envisioning our horizons of expectation for personal social even cosmic transformation in God **The Language of Liberty 1660-1832** J. C. D. Clark, 1994 This book creates a new framework for the political and intellectual relations between the British Isles and America in a momentous period which witnessed the formation of modern states on both sides of the Atlantic and the extinction of an Anglican aristocratic and monarchical order Jonathan Clark integrates evidence from law and religion to reveal how the dynamics of early modern societies were essentially denominational In a study of British and American discourse he shows how rival conceptions of liberty were expressed in the conflicts created by Protestant dissent's hostility to an Anglican hegemony The book argues that this model provides a key to collective acts of resistance to the established order throughout the period The book's final section focuses on the defining episode for British and American history and shows the way in which the American Revolution can be understood as a war of religion **Church and State in American History** John Wilson, Donald Drakeman, 2019-10-31 Church and State in American History illuminates the complex relationships among the political and religious authority structures of American society and illustrates why church state issues have remained controversial since our nation's founding It has been in classroom use for over 50 years John Wilson and Donald Drakeman explore the notion of America as One Nation Under God by examining the ongoing debate over the relationship of church and state in the United States Prayers and religious symbols in schools and other public spaces school vouchers and tax support for faith based social initiatives continue to be controversial as are arguments among advocates of pro choice and pro life positions The updated 4th edition includes selections from colonial charters Supreme Court decisions and federal legislation along with contemporary commentary and incisive interpretations by modern scholars Figures as divergent as John Winthrop Anne Hutchinson James Madison John F Kennedy and Sandra Day O'Connor speak from these pages as do Robert Bellah

Clarence Thomas and Ruth Bader Ginsberg The continuing public and scholarly interest in this field as well as a significant evolution in the Supreme Court's church state jurisprudence renders this timely re edition as essential reading for students of law American History Religion and Politics **The Oxford Handbook of Church and State in the United States** Derek H. Davis, 2010-11-18 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States **From Sea to Shining Sea for Young Readers** Peter Marshall, David Manuel, Anna Wilson Fishel, 2011-11 These young readers editions of the popular history texts reveal how God was at work in America's history from the very beginning For ages 9 to 12 *Homeland Mythology* Christopher Collins, 2010-11-01 Collins shows that biblical narratives have inspired a multitude of nationalist narratives myths ingeniously spun out to justify a number of decidedly unchristian policies and institutions from Indian genocide the slave trade and the exploitation of immigrant workers to Manifest Destiny imperial expansionism and most recently preemptive war *The Universal God* James E. Will, 1994-01-01 How can Christians bring about peace and justice in the world when Christianity seems either to claim the absolute truth about God or to dissolve into disempowering relativism James Will seeks an answer for this crucial question in the spiritual and intellectual life of the church He challenges the traditional western idea of God as omnipotent and unchanging instead offering the theory of the universal relationality of God Writing from the perspective of process theology Will says that just as God had an impact on the world so the world has an impact on God God is related and responsive to the world In the modern world where many cultures and belief systems are in contact and often conflict with one another Will's broadening of the conception of God offers an integration of many cultures and beliefs recognizing their relatedness without reducing any of them In this way Will believes the universal God may bring love and peace to a pluralistic and often divided world *American Studies* Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 **The A to Z of the Old South** William L. Richter, 2009-08-20 Being considerably

different from other regions of the country most notably regarding its fervent practice of slavery the land south of the Mason Dixon line because of slavery enjoyed an exceptional prominence in politics and after the invention of the cotton gin a high degree of prosperity However also because of slavery it was alienated from the rest of the nation attempted to secede from the union and was forced back in only after it lost the Civil War Numerous cross referenced entries on prominent individuals including Thomas Jefferson Andrew Jackson Henry Clay John C Calhoun Robert E Lee and Abraham Lincoln as well as others on policies of the time that have since slipped into oblivion are all covered in this book Economic social and religious backgrounds trace the seemingly inevitable path to secession war and defeat This reference also includes an introductory essay a chronology and a bibliography of the epoch **Historical Dictionary of the Old South** William L.

Richter,2013-02-28 The South played a prominent role in early American history and its position was certainly strong and proud except for the peculiar institution of slavery Thus it drew away from the rest of an expanding nation and in 1861 declared secession and developed a Confederacy that ultimately lost the war Indeed for some time it was occupied Thus the South has a very mixed legacy with good and bad aspects and sometimes the two of them mixed Which only enhances the need for a careful and balanced approach This can be found in the Historical Dictionary of the Old South which first traces its history from colonial times to the end of the Civil War in a substantial chronology Particularly interesting is the introduction which analyzes the rise and the fall the good and the bad as well as the middling and indifferent over nigh on two centuries The details are filled in very amply in over 600 dictionary entries on the politics economy society and culture of the Old South An ample bibliography directs students and researchers toward other sources of information Christian Ethics and U.S. Foreign Policy L. Larry Pullen,2000-01-01 Christian Ethics and U S Foreign Policy examines the evolution of American foreign policy toward the Soviet Union during the period 1973 1980 In particular Larry Pullen investigates how and why human rights issues became an increasingly significant part of the U S Soviet relationship focusing on the development of the Helsinki Accords and the process of monitoring compliance with its human rights provisions Pullen presents an informed critique of both realist Henry Kissinger s and idealist Jimmy Carter s human right s policies in the tradition of Christian realism associated with Reinhold Neibuhr The study is sure to provoke debate among students and scholars of foreign policy and ethics *The Apocalypse in Germany* Klaus Vondung,2000 Originally published in German in 1988 The Apocalypse in Germany is now available for the first time in English A fitting subject for the dawn of the new millennium the apocalypse has intrigued humanity for the last two thousand years serving as both a fascinating vision of redemption and a profound threat A cross disciplinary study The Apocalypse in Germany analyzes fundamental aspects of the apocalypse as a religious political and aesthetic phenomenon Author Klaus Vondung draws from religious philosophical and political texts as well as works of art and literature Using classic Jewish and Christian apocalyptic texts as symbolic and historical paradigms Vondung determines the structural characteristics and the typical images of the apocalyptic worldview He clarifies the relationship

between apocalyptic visions and utopian speculations and explores the question of whether modern apocalypses can be viewed as secularizations of the Judeo Christian models Examining sources from the eighteenth century to the present Vondung considers the origins of German nationalism World War I National Socialism and the apocalyptic tendencies in Marxism as well as German literature from the fin de siècle to postmodernism His analysis of the existential dimension of the apocalypse explores the circumstances under which particular individuals become apocalyptic visionaries and explains why the apocalyptic tradition is so prevalent in Germany The Apocalypse in Germany offers an interdisciplinary perspective that will appeal to a broad audience This book will also be of value to readers with an interest in German studies as it clarifies the riddles of Germany's turbulent history and examines the profile of German culture particularly in the past century One Holy and Happy Society Gerald R. McDermott, 2010-11 Jonathan Edwards 1703-58 was arguably this country's greatest theologian and its finest philosopher before the nineteenth century His school of disciples the New Divinity exerted enormous influence on the religious and political cultures of late colonial and early republican America Hence any study of religion and politics in early America must take account of this theologian and his legacy Yet historians still regard Edwards's social theory as either nonexistent or underdeveloped Gerald McDermott demonstrates to the contrary that Edwards was very interested in the social and political affairs of his day and commented upon them at length in his unpublished sermons and private notebooks McDermott shows that Edwards thought deeply about New England's status under God America's role in the millennium the nature and usefulness of patriotism the duties of a good magistrate and what it means to be a good citizen In fact his sociopolitical theory was at least as fully developed as that of his better known contemporaries and more progressive in its attitude toward citizens' rights Using unpublished manuscripts that have previously been largely ignored McDermott also convincingly challenges generations of scholarly opinion about Edwards The Edwards who emerges from this book is both less provincial and more this-worldly than the persona he is commonly given **Politics and the History Curriculum** K. Erikson, 2012-05-31 The politicians and pastors who revised the Texas social studies standards made worldwide headlines Politics and the History Curriculum sets the debate over the Texas standards within a broad context of politics religion media and education providing a clear analysis of these events and recommendations for teachers and policy makers The Post-Darwinian Controversies James R. Moore, 1981-10-30 The Post-Darwinian Controversies offers an original interpretation of Protestant responses to Darwin after 1870 viewing them in a transatlantic perspective and as a constitutive part of the history of post-Darwinian evolutionary thought The impact of evolutionary theory on the religious consciousness of the nineteenth century has commonly been seen in terms of a conflict or warfare between science and theology Dr Moore's account begins by discussing the polemical origins and baneful effects of the military metaphor and this leads to a revised view of the controversies based on an analysis of the underlying intellectual struggle to come to terms with Darwin The middle section of the book distinguishes the Darwinism of Darwin himself amid the main currents of post-Darwinian

evolutionary thought and is followed by chapters which examine the responses to Darwin of twenty eight Christian controversialists tracing the philosophical and theological lineage of their views The paradox that emerges that Darwin's theory was accepted in substance only by those whose theology was distinctly orthodox theology and of other evolutionary theories with liberal and romantic theological speculation *American Exceptionalism Vol 2* Timothy Roberts, 2017-07-05

American exceptionalism the idea that America is fundamentally distinct from other nations is a philosophy that has dominated economics politics religion and culture for two centuries This collection of primary source material seeks to understand how this belief began how it developed and why it remains popular **So Help Me God** Forrest

Church, 2008-09-08 The author of *The American Creed* tells the story of our nation's historical encounters with God and culture Peter J Gomes New York Times bestselling author Today's dispute over the line between church and state or the lack thereof is neither the first nor the fiercest in our history In a revelatory look at our nation's birth Forrest Church recreates our first great culture war a tumultuous nearly forgotten conflict that raged from George Washington's presidency to James Monroe's Religion was the most divisive issue in the nation's early presidential elections Battles raged over numerous issues while the bible and the Declaration of Independence competed for American affections The religious political wars reached a vicious peak during the War of 1812 the American victory drove New England's Christian right to withdraw from electoral politics thereby shaping our modern sense of church state separation No longer entangled both church and state flourished Forrest Church has written a rich page turning history a new vision of our earliest presidents beliefs that stands as a reminder and a warning for America today An illuminating study of the great tangle of our time If we look back to our early years we may well find a way forward Jon Meacham 1 New York Times bestselling author of *His Truth is Marching On* In this beautifully crafted and timely work the aptly named Church takes us through the complex thoughts and actions of the nation's founders in a way that will give pause to most readers This is an important work that delights and informs Publishers

Weekly starred review **Beyond Ethnicity : Consent and Descent in American Culture** Werner Sollors Professor of American Literature and Afro-American Studies Harvard University, 1986-02-27 Nothing is pure in America and indeed the rich ethnic mix that constitutes our society accounts for much of its amazing vitality Werner Sollors's new book takes a wide ranging look at the role of ethnicity in American literature and what that literature has said and continues to say about our diverse culture Ethnic consciousness he contends is a constituent feature of modernism not modernism's antithesis Discussing works from every period of American history Sollors focuses particularly on the tension between descent and consent between the concern for one's racial ethnic and familial heritage and the conflicting desire to choose one's own destiny even if that choice goes against one's heritage Some of the stories Sollors examines are retellings of the biblical Exodus stories in which Americans of the most diverse origins have painted their own histories as an escape from bondage or a search for a new Canaan Other stories are American made tales of melting pot romance which may either triumph in

intermarriage accompanied by new world symphonies or end with the lovers death Still other stories concern voyages of self discovery in which the hero attempts to steer a perilous course between stubborn traditionalism and total assimilation And then there are the generational sagas in which as if by magic the third generation emerges as the fulfillment of their forebears dream Citing examples that range from the writings of Cotton Mather to Liquid Sky a post punk science fiction film directed by a Russian emigre Sollors shows how the creators of American culture have generally been attracted to what is most new and modern About the Author Werner Sollors is Chairman of the Afro American Studies Department at Harvard University and the author of Amiri Baraka The Quest for a Populist Modernism A provocative and original look at ethnicity in American literature DT Covers stories from all periods of our nation s history DT Relates ethnic literature to the principle of literary modernism DT Grave and hilarious tender and merciless The book performs a public service Quentin Anderson

Right here, we have countless ebook **Nationalism And Religion In America Concepts Of Identity And Mission** and collections to check out. We additionally offer variant types and afterward type of the books to browse. Nationalism And Religion In America Concepts Of Identity And Mission Introduction

Nationalism And Religion In America Concepts Of Identity And Mission Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Nationalism And Religion In America Concepts Of Identity And Mission Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain.

Nationalism And Religion In America Concepts Of Identity And Mission : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Nationalism And Religion In America Concepts Of Identity And Mission : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Nationalism And Religion In America Concepts Of Identity And Mission Offers a diverse range of free eBooks across various genres. Nationalism And Religion In America Concepts Of Identity And Mission Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes.

Nationalism And Religion In America Concepts Of Identity And Mission Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Nationalism And Religion In America Concepts Of Identity And Mission, especially related to Nationalism And Religion In America Concepts Of Identity And Mission, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Nationalism And Religion In America Concepts Of Identity And Mission, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Nationalism And Religion In America Concepts Of Identity And Mission books or magazines might include. Look for these in online stores or libraries. Remember that while Nationalism And Religion In America Concepts Of Identity And Mission, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Nationalism And Religion In America Concepts Of Identity And Mission eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer

promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Nationalism And Religion In America Concepts Of Identity And Mission full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Nationalism And Religion In America Concepts Of Identity And Mission eBooks, including some popular titles.

FAQs About Nationalism And Religion In America Concepts Of Identity And Mission Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Nationalism And Religion In America Concepts Of Identity And Mission is one of the best book in our library for free trial. We provide copy of Nationalism And Religion In America Concepts Of Identity And Mission in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Nationalism And Religion In America Concepts Of Identity And Mission. Where to download Nationalism And Religion In America Concepts Of Identity And Mission online for free? Are you looking for Nationalism And Religion In America Concepts Of Identity And Mission PDF? This is definitely going to save you time and cash in something you should think about.
