Palmer,1872 **A History of Native American Land Rights in Upstate New York** Cindy Amrhein,2008-03-01 A complex and troubled history defines the borders of upstate New York beyond the physical boundaries of its rivers and lakes The United States and the state were often deceptive in their territory negotiations with the Iroquois Six Nations Amidst the growing quest for more land among settlers and then fledgling Americans the Indian nations attempted to maintain their autonomy Yet state land continued to encroach the Six Nations Local historian Cindy Amrhein takes a close and critical view of these transactions Evidence of dubious deals bribes faulty surveys and coerced signatures may help explain why many of the Nations now feel they were cheated out of their territory More Than Numbers: Native American Actions At The Battle Of The Little Bighorn Major B. C. Vickers USMC,2015-11-06 There can be no argument that the numerical advantage the Indians held during the battle of the Little Bighorn was a decisive factor in their overwhelming victory However numbers alone did not solely guarantee that the Indians would be able to annihilate five companies of the 7th Cavalry kill over one third of the soldiers in another three companies and seriously threaten the destruction of the entire regiment The mere fact that the Indians who were supposedly wild savages were able to kill over 260 well armed soldiers while only losing between an estimated 30 40 of their own with at least eight of these being non combatants indicates that the Indians did not defeat the 7th Cavalry by simply throwing bodies at them Rather the Indians earned their victory with good leadership and savvy tactical actions In the actual fighting the Indians consistently used the terrain in expert fashion and combined fires and maneuver that overwhelmed the troopers ability to react to each new and developing threat The Indians combined bases of fire with many Indians using weapons far superior to that of the cavalry infiltrated and penetrated to isolate units on the battlefield and then pressed their attacks to a total tactical victory literally annihilating Custer s detachment Although the cavalry did achieve complete surprise in their attack on the village the Indians were able to quickly meet each new threat posed by the soldiers during the course of the battle and then react faster than the troopers during every subsequent event Native American Studies: History Books, Mythology, Culture & Linguistic Studies (22 Book Collection) Charles C.
