Native-Born John Molony, 2013-05-24 The native born have walked constantly with me but only as shadows In libraries and manuscript rooms in the faded pages of newspapers and journals in the lectures of my colleagues or conversations with others they have been there but shyly and rarely did they speak for themselves Often I thought that they scarcely knew who they were and if they did whether they were allowed to know they were Australians and whether they were ever encouraged

by those born elsewhere to think of themselves as Australians This beautifully written absorbing and thoughtful book tells the story of the first white Australians to be born in this land Born here before 1850 most were the children of convicts They had no access to land and no education and the free settlers generally treated them with contempt as second rate citizens John Molony was curious to discover how they thought of themselves what it meant to them to be Australian He draws fascinating links between their experience and attitudes and those of all children of immigrant parents up to the present day

An Archaeology of Australia Since 1788 Susan Lawrence, Peter Davies, 2010-10-21 This volume provides an important new synthesis of archaeological work carried out in Australia on the post contact period It draws on dozens of case studies from a wide geographical and temporal span to explore the daily life of Australians in settings such as convict stations goldfields whalers camps farms pastoral estates and urban neighbourhoods The different conditions experienced by various groups of people are described in detail including rich and poor convicts and their superiors Aboriginal people women children and migrant groups The social themes of gender class ethnicity status and identity inform every chapter demonstrating that these are vital parts of human experience and cannot be separated from archaeologies of industry urbanization and culture contact The book engages with a wide range of contemporary discussions and debates within Australian history and the international discipline of historical archaeology The colonization of Australia was part of the international expansion of European hegemony in the eighteenth and nineteenth century The material discussed here is thus fundamentally part of the global processes of colonization and the creation of settler societies the industrial revolution the development of mass consumer culture and the emergence of national identities Drawing out these themes and integrating them with the analysis of archaeological materials highlights the vital relevance of archaeology in modern society

A Commonwealth of Thieves Thomas Keneally, 2007-12-04 In this spirited history of the remarkable first four years of the convict settlement of Australia Thomas Keneally offers us a human view of a fascinating piece of history Combining the authority of a renowned historian with a brilliant narrative flair Keneally gives us an inside view of this unprecedented experiment from the perspective of the new colony's governor Arthur Phillips Using personal journals and documents Keneally re creates the hellish overseas voyage and the challenges Phillips faced upon arrival unruly convicts disgruntled officers bewildered and hostile natives food shortages and disease He also offers captivating portrayals of Aborigines and of convict settlers who were determined to begin their lives anew A Commonwealth of Thieves immerses us in the fledgling penal colony and conjures up the thrills and hardships of those first four improbable years

Young and Free Joanne Faulkner, 2016-05-03 Tracing the complex yet intimate relationship between a present day national obsession with childhood and a colonial past with which Australia as a nation has not adequately come to terms Young and Free draws on philosophy literature film and testimony The result is a demonstration of how anxiety about childhood has become a screen for more fundamental and intractable issues that vex Australian social and political life Joanne Faulkner argues that by interpreting these anxieties in their relation to settler

colonial Australia's unresolved conflict with Aboriginal people new ways of conceiving of Australian community may be opened The book engages with philosophical and literary characterizations of childhood from Locke and Rousseau to Freud Bergson Benjamin Agamben Lacan Rancière and Halbwachs The author's psychoanalytic approach is supplemented by an engagement with contemporary political philosophy that informs Faulkner's critique of the concepts of the subject sovereignty and knowledge resulting in a speculative postcolonial model of the subject Cover artist credit Lyndsay Bird

Lydon, 2018-06-01 The 1838 Myall Creek Massacre is remembered for the brutality of the crime committed by white settlers against innocent Aboriginal men women and children but also because eleven of the twelve assassins were arrested and brought to trial Amid tremendous controversy seven were hanged Myall Creek was not the last time the colonial administration sought to apply the law equally to Aboriginal people and settlers but it was the last time perpetrators of a massacre were convicted and hanged Marking its 180th anniversary this book explores the significance of one of the most horrifying events of Australian colonialism Thoughtful and fearless it challenges us to look at our history without flinching as an act of remembrance and reconciliation Young People and the Shaping of Public Space in Melbourne, 1870-1914 Simon

Sleight, 2016-02-11 Baby booms have a long history In 1870 colonial Melbourne was perspiring juvenile humanity with an astonishing 42 per cent of the city's inhabitants aged 14 and under a demographic anomaly resulting from the gold rushes of the 1850s Within this context Simon Sleight enters the heated debate concerning the future prospects of Young Australia and the place of the colonial child within the incipient Australian nation Looking beyond those institutional sites so often assessed by historians of childhood he ranges across the outdoor city to chart the relationship between a discourse about youth youthful experience and the shaping of new urban spaces Play street work consumerism courtship gang related activities and public parades are examined using a plethora of historical sources to reveal a hitherto hidden layer of city life Capturing the voices of young people as well as those of their parents Sleight alerts us to the ways in which young people shaped the emergent metropolis by appropriating space and attempting to impress upon the city their own desires Here a dynamic youth culture flourished well before the discovery of the teenager in the mid twentieth century here young people and the city grew up together Historical Dictionary of Australia Norman Abjorensen, James C.
