Tollefson, Miguel Pérez-Milans, 2018-05-07 This Handbook provides a state of the art account of research in language policy and planning LPP Through a critical examination of LPP the Handbook offers new direction for a field in theoretical and methodological turmoil as a result of the socio economic institutional and discursive processes of change taking place under the conditions of Late Modernity Late Modernity refers to the widespread processes of late capitalism leading to the selective privatization of services including education the information revolution associated with rapidly changing statuses and functions of languages the weakening of the institutions of nation states along with the strengthening of non state actors and the fragmentation of overlapping and competing identities associated with new complexities of language identity relations and new forms of multilingual language use As an academic discipline in the social sciences LPP is fraught with tensions between these processes of change and the still powerful ideological framework of modern

nationalism It is an exciting and energizing time for LPP research This Handbook propels the field forward offering a dialogue between the two major historical trends in LPP associated with the processes of Modernity and Late Modernity the focus on continuity behind the institutional policies of the modern nation state and the attention to local processes of uncertainty and instability across different settings resulting from processes of change The Handbook takes great strides toward overcoming the long standing division between top down and bottom up analysis in LPP research setting the stage for theoretical and methodological innovation Part I defines alternative theoretical and conceptual frameworks in LPP emphasizing developments since the ethnographic turn including ethnography in LPP historical discursive approaches ethics normative theorizing and transdisciplinary methods and the renewed focus on socio economic class Part II examines LPP against the background of influential ideas about language shaped by the institutions of the nation state with close attention to the social position of minority languages and specific communities facing profound language policy challenges Part III investigates the turmoil and tensions that currently characterize LPP research under conditions of Late Modernity Finally Part IV presents an integrative summary and directions for future LPP research The Future of Sustainability Ray C. Anderson, Ian Spellerberg, Daniel E. Vasey, 2012-10-31 The Future of Sustainability the tenth and final volume of the Berkshire Encyclopedia of Sustainability brings together essays from a group of renowned scholars and well known environmentalist thinkers Crucial topics are considered in terms of the future of humanity and its relationship with the natural world from the outlook for nuclear energy cities energy agriculture water food security mobility and migration the role of higher education and the concept of collective learning The volume concludes with a resource guide for teaching materials at several levels a directory of leading undergraduate and graduate level programs in sustainability and a combined index of the 10 volume set Final Report to the American Indian Policy Review Commission United States.
