Human Rights of Indigenous Peoples Cynthia Cohen, 2023-09-20 Human Rights of Indigenous Peoples approaches this complex subject from two directions: first, the existing framework of international law, both actual and potential, as embodied in the relevant provisions of international conventions and the case law of international tribunals; and second, specific issues that arise between indigenous peoples in the United States, Canada, Latin America, Scandinavia, India, and Australia, and the states which exercise jurisdiction in their homelands. This book, by a leading authority on children's rights, is a major contribution to an area of international law that attracts more attention each year and that many human rights advocates see as a critical testing ground for the genuineness of states' humanitarian rhetoric. Published under the Transnational Publishers imprint. *The Native Peoples of New Guinea* Matthew William Stirling, 1943 **Indigenous Peoples** Victoria R. Williams, 2020-02-24 The book is an essential resource for those interested in investigating the lives, histories, and futures of indigenous peoples around the world. Perfect for readers looking to learn more about cultural groups around the world, this four-volume work examines approximately 400 indigenous groups globally. The encyclopedia investigates the history, social structure, and culture of peoples from all corners of the world, including their role in the world, their politics, and their customs and traditions. Alphabetically arranged entries focus on groups living in all world regions, some of which are well known with large populations and others that are lesser known with only a handful of surviving members. Each entry includes sections on the group's geography and environment, history and politics, society, culture, and tradition, access to health care and education, and threats to survival. Each entry concludes with 'See Also' cross-references and a list of Further Reading resources to guide readers in their research. Also included in the encyclopedia are Native Voices inset boxes allowing readers a glimpse into the daily lives of members of these indigenous groups, as well as an appendix featuring the United Nations Declaration on the Rights of Indigenous Peoples. **Racism Against Indigenous Peoples**

International Work Group for Indigenous Affairs, 2001 This book is published in connection with the UN World Conference Against Racism Racial Discrimination Xenophobia and Related Intolerance held in South Africa 2001 and it contains articles by experts from throughout the world cover Records of the Proceedings and Printed Papers of the Parliament Australia.

Parliament, 1904 **Indigenous Peoples and Mining** Ciaran O'Faircheallaigh, 2023-07-19 Indigenous peoples have occupied their territories for thousands of years territories that are increasingly being mined by an industry applying the most modern extractive marketing and transport technologies on a scale that can be difficult to comprehend Mining reshapes landscapes literally moving mountains and diverting rivers the Indigenous owners of these landscapes often believe them to have been originally shaped by ancestor beings who still reside at mining locations This book seeks to understand the political social economic and cultural dynamic that is created by the relentless expansion of mining into Indigenous territories Contributing to such an understanding involves a task of global significance Indigenous peoples embody a large part of the world's linguistic and cultural diversity their lands cover an estimated 25 per cent of the world's land surface intersect with about 40 per cent of all ecologically intact landscapes and contain a large proportion of the world's mineral resources Must interaction between Indigenous peoples and mining involve the destruction of Indigenous peoples territories and cultures Can the remarkable resilience that has allowed Indigenous peoples to survive for millennia enable them not only to survive but to capitalize on the development opportunities offered by mining What role are governments international organizations and civil society playing in shaping relations between mining and Indigenous peoples Ciaran O'Faircheallaigh addresses these and other questions by drawing on his own 30 years of experience working with Indigenous communities as they deal with mining projects and on the experiences of Indigenous peoples in some 15 countries from different regions of the globe **Indigenous Peoples, Marine Space and Resources, and International Law** Endalew Lijalem

Enyew, 2024-02-26 This book addresses the rights of indigenous peoples to marine space and associated marine resources under international law Examining the rights of indigenous peoples relating to marine space and marine resources both in international human rights law and the law of the sea the book provides an in depth critical analysis of the existing legal framework whilst identifying the gaps and possible further mechanisms for recognizing the rights of indigenous peoples to marine space The book addresses three main issues 1 the extent to which international law recognizes and protects the rights of indigenous peoples in relation to marine space and marine resources 2 if and how the law of the sea and international human rights law pertaining to the rights of indigenous peoples to marine space and marine resources interact 3 whether and to what extent the law of the sea regime limits the capacity of coastal States to recognize and implement the rights of indigenous peoples relating to marine space and resources In response and in a context where indigenous marine rights are under increasing threat the book develops an important critical theoretical and methodological approach which moves beyond the current doctrinal focus of much existing work in this area The book will appeal to academics researchers

and practitioners in the areas of indigenous peoples and the law international law the law of the sea and human rights

Fossil Fuels, Oil Companies, and Indigenous Peoples Tobias Haller, 2007 *Fossil Fuels Oil Companies and Indigenous Peoples* is a study of oil production that focuses on the places from which oil is extracted and on the problems both environmental and human created in those places Global public awareness of the devastating impact of oil extraction on local communities has grown considerably in recent years due in large part to Ken Saro Wiwa s work on behalf of the Ogoni in south eastern Nigeria and his death in 1995 at the hands of Nigeria s military dictatorship This volume consists of eight case studies all of them examining these questions What can indigenous people do when faced with the destruction of their natural and social habitats And how do oil companies respond to the various forms of local and indigenous resistance to their activities The eight case studies deal with oil producing regions in Alaska Ecuador Venezuela Peru Colombia Nigeria Papua New Guinea and West Siberia and encompass 18 indigenous population groups

Indigenous Peoples, Customary Law and Human Rights - Why Living Law Matters Brendan Tobin, 2014-08-27 This highly original work demonstrates the fundamental role of customary law for the realization of Indigenous peoples human rights and for sound national and international legal governance The book reviews the legal status of customary law and its relationship with positive and natural law from the time of Plato up to the present It examines its growing recognition in constitutional and international law and its dependence on and at times strained relationship with human rights law The author analyzes the role of customary law in tribal national and international governance of Indigenous peoples lands resources and cultural heritage He explores the challenges and opportunities for its recognition by courts and alternative dispute resolution mechanisms including issues of proof of law and conflicts between customary practices and human rights He throws light on the richness inherent in legal diversity and key principles of customary law and their

influence in legal practice and on emerging notions of intercultural equity and justice He concludes that Indigenous peoples rights to their customary legal regimes and states obligations to respect and recognize customary law in order to secure their human rights are principles of international customary law and as such binding on all states At a time when the self determination land resources and cultural heritage of Indigenous peoples are increasingly under threat this accessible book presents the key issues for both legal and non legal scholars practitioners students of human rights and environmental justice and Indigenous peoples themselves Routledge Handbook of International Environmental Law Shawkat Alam,2013
