Natives Making Nation Andrew Canessa, 2011-08-01 In Bolivia today the ability to speak an indigenous language is highly valued among educated urbanites as a useful job skill but a rural person who speaks a native language is branded with lower social status Likewise chewing coca in the countryside spells inferior indian but in La Paz jazz bars it is decidedly cool In the Andes and elsewhere the commodification of indianness has impacted urban lifestyles as people co opt indigenous cultures for qualities that emphasize the uniqueness of their national culture This volume looks at how metropolitan ideas of nation employed by politicians the media and education are produced reproduced and contested by people of the rural Andes people who have long been regarded as ethnically and racially distinct from more culturally European urban citizens Yet these peripheral natives are shown to be actively engaged with the idea of the nation in their own communities forcing us to re think the ways in which indigeneity is defined by its marginality The contributors examine the ways in which numerous identities racial generational ethnic regional national gender and sexual are both mutually informing and contradictory among subaltern Andean people who are more likely now to claim an allegiance to a nation than ever before Although indians are less often confronted with crude assimilationist policies they continue to face racism and discrimination as they struggle to assert an identity that is more than a mere refraction of the dominant culture Yet despite the language of multiculturalism employed even in constitutional reform any assertion of indian identity is likely to be resisted By exploring topics as varied as nation building in the 1930s or the chuqila dance these authors expose a paradox in the relation between indians and the nation that the nation can be claimed as a source of power and distinct identity while simultaneously making some types of national imaginings unattainable Whether dancing together or simply talking to one another the people described in these essays are shown creating identity through processes that are inherently social and interactive To sing to eat to weave In the performance of these simple acts bodies move in particular spaces and contexts and do so within certain understandings of gender race and nation Through its presentation of this rich variety of ethnographic and historical contexts *Natives Making Nation* provides a finely nuanced view of contemporary Andean life

Natives Making Nation Andrew Canessa, 2011-08-01 In Bolivia today the ability to speak an indigenous language is highly valued among educated urbanites as a useful job skill but a rural person who speaks a native language is branded with lower social status Likewise chewing coca in the countryside spells inferior indian but in La Paz jazz bars it is decidedly cool In the Andes and elsewhere the commodification of indianness has impacted urban lifestyles as people co opt indigenous cultures for qualities that emphasize the uniqueness of their national culture This volume looks at how metropolitan ideas of nation employed by politicians the media and education are produced reproduced and contested by people of the rural Andes people who have long been regarded as ethnically and racially distinct from more culturally European urban citizens Yet these peripheral natives are shown to be actively engaged with the idea of the nation in their own communities forcing us to re think the ways in which indigeneity is

defined by its marginality The contributors examine the ways in which numerous identities racial generational ethnic regional national gender and sexual are both mutually informing and contradictory among subaltern Andean people who are more likely now to claim an allegiance to a nation than ever before Although indians are less often confronted with crude assimilationist policies they continue to face racism and discrimination as they struggle to assert an identity that is more than a mere refraction of the dominant culture Yet despite the language of multiculturalism employed even in constitutional reform any assertion of indian identity is likely to be resisted By exploring topics as varied as nation building in the 1930s or the chuqila dance these authors expose a paradox in the relation between indians and the nation that the nation can be claimed as a source of power and distinct identity while simultaneously making some types of national imaginings unattainable Whether dancing together or simply talking to one another the people described in these essays are shown creating identity through processes that are inherently social and interactive To sing to eat to weave In the performance of these simple acts bodies move in particular spaces and contexts and do so within certain understandings of gender race and nation Through its presentation of this rich variety of ethnographic and historical contexts *Natives Making Nation* provides a finely nuanced view of contemporary Andean life

Native and National in Brazil Tracy Devine Guzmán, 2013 How do the lives of indigenous peoples relate to the romanticized role of Indians in Brazilian history politics and cultural production *Native and National in Brazil* charts this enigmatic relationship from the sixteenth century to the present focusing on the consolidation of the dominant national imaginary in the postindependence period and highlighting Native peoples ongoing work to decolonize it Engaging issues ranging from sovereignty citizenship and national security to the revolutionary potential of art sustainable development and the gendering of ethnic differences Tracy Devine Guzman argues that the tensions between popular renderings of Indianness and lived indigenous experience are critical to the unfolding of Brazilian nationalism on the one hand and the growth of the Brazilian indigenous movement on the other Devine Guzmán suggests that the indigenous question now posed by Brazilian indigenous peoples themselves how to be Native and national at the same time can help us to rethink national belonging in accordance with the protection of human rights the promotion of social justice and the consolidation of democratic governance for indigenous and nonindigenous citizens alike

Aconcagua Joy Logan, 2011-11-01 Aconcagua is the highest mountain in the Americas and the tallest mountain in the world outside of the Himalayas Located in the Andes Mountains of Argentina near the city of Mendoza Aconcagua has been luring European mountain climbers since 1883 when a German geologist nearly reached the mountain's summit A Swiss climber finally made the ascent in 1897 In this fascinating book Joy Logan explores the many impacts of mountaineering's discovery of Aconcagua including its effect on how local indigenous history is understood The consequences still resonate today as the region has become a magnet for adventure travelers with about 7 000 climbers and trekkers from all over the world visiting each year Having done fieldwork on Aconcagua for six years Logan offers keen insights into how the invention of mountaineering in the

nineteenth century and adventure tourism a century later have both shaped and been shaped by local and global cultural narratives She examines the roles and functions of mountain guides especially in regard to notions of gender and nation re reads the mountaineering stories forged by explorers scientists tourism officials and the gear industry and considers the distinctions between foreign and Argentine climbers some of whom are celebrities in their own right In Logan s revealing analysis Aconcagua is emblematic of the tensions produced by modernity nation building tourism development and re ethnification The evolution of mountain climbing on Aconcagua registers seismic shifts in attitudes toward adventure the national and the global With an eye for detail and a flair for description Logan invites her readers onto the mountain and into the lives it supports

Plurinational Afrobolivianity Moritz Heck,2020-02-03 In Bolivia s plurinational conjuncture novel political articulations legal reform and processes of collective identification converge in unprecedented efforts to re found the country and transform its society This ethnography explores the experiences of Afrodescendants in plurinational Bolivia and offers a fresh perspective on the social and political transformations shaping the country as a whole Moritz Heck analyzes Afrobolivian social and cultural practices at the intersections of local communities politics and the law shedding light on novel articulations of Afrobolivianity and evolving processes of collective identification This study also contributes to broader anthropological debates on blackness and indigeneity in Latin America by pointing out their conceptual entanglements and continuous interactions in political and social practice

The Ethics of Anthropology and Amerindian Research Richard J. Chacon,Rubén G. Mendoza,2011-12-15 The decision to publish scholarly findings bearing on the question of Amerindian environmental degradation warfare and or violence is one that weighs heavily on anthropologists This burden stems from the fact that documentation of this may render descendant communities vulnerable to a host of predatory agendas and hostile modern forces Consequently some anthropologists and community advocates alike argue that such culturally and socially sensitive and thereby politically volatile information regarding Amerindian induced environmental degradation and warfare should not be reported This admonition presents a conundrum for anthropologists and other social scientists employed in the academy or who work at the behest of tribal entities This work documents the various ethical dilemmas that confront anthropologists and researchers in general when investigating Amerindian communities The contributions to this volume explore the ramifications of reporting and specifically of non reporting instances of environmental degradation and warfare among Amerindians Collectively the contributions in this volume which extend across the disciplines of archaeology anthropology ethnohistory ethnic studies philosophy and medicine argue that the non reporting of environmental mismanagement and violence in Amerindian communities generally harms not only the field of anthropology but the Amerindian populations themselves

An Open Secret Natalie L. Kimball,2020-06-12 An Open Secret traces the history of women s experiences with unwanted pregnancy and abortion in La Paz and El Alto Bolivia between the early 1950s and 2010 It finds that women s personal reproductive experiences contributed to shaping policies and services in

reproductive health care **Hierarchies of Care** Krista E Van Vleet,2019-10-30 Palomity is an orphanage in highland Peru that provides a home for unmarried mothers as young as twelve years old In their ordinary lives these young women encounter diverse social expectations and face moral dilemmas They endeavor to create a good life for themselves and their children in a context complicated by competing demands economic uncertainties and structured relations of power Drawing on a year of qualitative on site research Krista E Van Vleet offers a rich ethnography of Palomity's young women She pays particular attention to the moral entanglements that emerge via people's efforts to provide care amid the inequalities and insecurities of today's Peru State and nonstate participants involved in the women's intimate lives influence how the women see themselves as mothers students and citizens Both deserving of care and responsible for caring for others the young women must navigate practices interwoven with a range of a racial gendered and class hierarchies Groundbreaking and original *Hierarchies of Care* highlights the moral engagement of young women seeking to understand themselves and their place in society in the presence of circumstances that are both precarious and full of hope *Indigenous Life Projects and Extractivism* Cecilie Vindal Ødegaard,Juan Javier Rivera Andía,2018-10-02 Exploring indigenous life projects in encounters with extractivism the present open access volume discusses how current turbulences actualise questions of indigeneity difference and ontological dynamics in the Andes and Amazonia While studies of extractivism in South America often focus on wider national and international politics this contribution instead provides ethnographic explorations of indigenous politics perspectives and worlds revealing loss and suffering as well as creative strategies to mediate the extralocal Seeking to avoid conceptual imperialism or the imposition of exogenous categories the chapters are grounded in the respective authors long standing field research The authors examine the reactions from resistance to accommodation consequences from anticipation to rubble and materials from fossil fuel to water diversely related to extractivism in rural and urban settings How can Amerindian strategies to preserve localised communities in extractivist contexts contribute to ways of thinking otherwise Indigenous Peoples, Civil Society, and the Neo-liberal State in Latin America Edward F. Fischer,2009 In recent years the concept and study of civil society has received a lot of attention from political scientists economists and sociologists but less so from anthropologists A ground breaking ethnographic approach to civil society as it is formed in indigenous communities in Latin America this volume explores the multiple potentialities of civil society's growth and critically assesses the potential for sustained change Much recent literature has focused on the remarkable gains made by civil society and the chapters in this volume reinforce this trend while also showing the complexity of civil society that civil society can itself sometimes be uncivil In doing so these insightful contributions speak not only to Latin American area studies but also to the changing shape of global systems of political economy in general The Oxford Handbook of the History of Education John L. Rury,Eileen H. Tamura,2019-06-17 This handbook offers a global view of the historical development of educational institutions systems of schooling ideas about education and educational experiences Its 36

chapters consider changing scholarship in the field examine nationally oriented works by comparing themes and approaches
 lend international perspective on a range of issues in education and provide suggestions for further research and analysis
 Like many other subfields of historical analysis the history of education has been deeply affected by global processes of social
 and political change especially since the 1960s The handbook weighs the influence of various interpretive perspectives
 including revisionist viewpoints taking particular note of changes in the past half century Contributors consider how
 schooling and other educational experiences have been shaped by the larger social and political context and how these
 influences have affected the experiences of students their families and the educators who have worked with them The
 Handbook provides insight and perspective on a wide range of topics including pre modern education colonialism and anti
 colonial struggles indigenous education minority issues in education comparative international and transnational education
 childhood education non formal and informal education and a range of other issues Each contribution includes endnotes and
 a bibliography for readers interested in further study

Extinction or Survival? S. K. Adam, 2015-12-03 How could an urban American Indian tribe having survived relentless earlier governmental attempts to declare its culture extinct be once again on the verge of extinction The Tigua of Ysleta del Sur Pueblo dwell in the outskirts of El Paso Texas where the infamous Jack Abramoff was in the news for helping to close their highly successful casino This casino had created jobs and funded health care for the tribe and now the Tigua are once more taking action to preserve their economy membership and culture This highly publicised casino story is set against the remarkably rich history of the Tigua including earlier attempts by national and state governments to steal the tribe's land and destroy its legal status Anthropologist S K Adam explores how questions of identity can be linked to cultural survival Had the Tigua somehow survived 300 years of persecution and urban encroachment or as alleged by the government were they really just Mexicanised Indians acting fraudulently Adam examines how terms such as indigeneity identity authenticity culture change and perseverance are understood and defined by the US government He analyses how issues of power law discourse genocide and self determination affect the relationship between the United States and its indigenous populations past and present

The Routledge Handbook of Latin American Development Julie Cupples, Marcela Palomino-Schalscha, Manuel Prieto, 2018-12-07 The Routledge Handbook of Latin American Development seeks to engage with comprehensive contemporary and critical theoretical debates on Latin American development The volume draws on contributions from across the humanities and social sciences and unlike earlier volumes of this kind explicitly highlights the disruptions to the field being brought by a range of anti capitalist decolonial feminist and ontological intellectual contributions The chapters consider in depth the

harms and suffering caused by various oppressive forces as well as the creative and often revolutionary ways in which ordinary Latin Americans resist fight back and work to construct development defined broadly as the struggle for a better and more dignified life The book covers many key themes including development policy and practice neoliberalism and its aftermath the role played by social movements in cities and rural areas the politics of water oil and other environmental resources indigenous and Afro descendant rights and the struggles for gender equality With contributions from authors working in Latin America the US and Canada Europe and New Zealand at a range of universities and other organizations the handbook is an invaluable resource for students and teachers in development studies Latin American studies cultural studies human geography anthropology sociology political science and economics as well as for activists and development practitioners

Intimate Distance Michelle Bigenho, 2012-05-07 This is a book about Andean music its reception in Japan and the resultant transcultural connection Michelle Bigenho toured Japan with Bolivian musicians and dancers and describes how the two nationalities connected with each other through song and dance

Development, Sexual Rights and Global Governance Amy Lind, 2010-01-04 This book addresses how sexual practices and identities are imagined and regulated through development discourses and within institutions of global governance The underlying premise of this volume is that the global development industry plays a central role in constructing people's sexual lives access to citizenship and struggles for livelihood Despite the industry's persistent insistence on viewing sexuality as basically outside the realm of economic modernization and anti poverty programs this volume brings to the fore heterosexual bias within macroeconomic and human rights development frameworks The work fills an important gap in understanding how people's intimate lives are governed through heteronormative policies which typically assume that the family is based on blood or property ties rather than on alternative forms of kinship By placing heteronormativity at the center of analysis this anthology thus provides a much needed discussion about the development industry's role in pathologizing sexual deviance yet also more recently in helping make visible a sexual rights agenda Providing insights valuable to a range of disciplines this book will be of particular interest to students and scholars of Development Studies Gender Studies and International Relations It will also be highly relevant to development practitioners and international human rights advocates The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9780203868348> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
