Nato Quest Post Cold War Security:

NATO and the Quest for Post-Cold War Security Clay Clemens, 2016-07-27 This volume presents often sharply contrasting views on the future of NATO Its contributors mainly security specialists cover structural reform of NATO and its relationship with the European Union evidence or arguments in support of the Alliance taking on new tasks like peacekeeping and enlarging eastward to include countries of the former Soviet bloc and a variety of arguments against enlargement ranging from concerns about Russia s reaction to questions about whether the US should remain involved in Europe

NATO's Durability in a Post-Cold War World Joe Burton, 2018-02-15 Why is it that despite the end of the Cold War and the almost constant controversies surrounding the alliance s role in the world the North Atlantic Treaty Organization NATO is still a prominent and vital player in international security Joe Burton provides an in depth analysis of NATO s changing role in the post Cold War era and its ability to survive adapt and meet the needs of its members in an increasingly turbulent globalized security environment He offers a historically and theoretically informed account of NATO that isolates the core dynamics that have held the alliance together in troubled times In particular he examines a series of processes and events from the 1990 Gulf War to the rise of the Islamic State that help explain NATO s continuing relevance

NATO's Post-Cold War Politics S. Mayer, 2014-08-26 This collection is the first book length study of NATO s bureaucracy and decision making after the Cold War and its analytical framework of internationalization draws largely on neo institutionalist insights

NATO's Post-Cold War Trajectory M. Webber, J. Sperling, M. Smith, 2012-08-20 Two decades since the watershed of the Cold War this book investigates NATO s staying power This book investigates how the Alliance has adapted and managed to attend to new roles and purposes through the lens of International Relations theory The Alliance will continue but will remain subject to ongoing crises and challenges of change

Russia after the Cold War Mike Bowker, Cameron Ross, 2014-06-17 In Russia after the Cold War the editors provide an accessible and comprehensive survey of the state of Russia at the end of the twentieth century as it seeks to come to terms with its new status in the world community the pressures and tensions arising from economic and social change and with the problems of ensuring a democratic future Written by a specially commissioned team of internationally respected experts on contemporary Russia Russia after the Cold War is ideally suited as a main text for introductory courses on modern Russia within a politics Area Studies or combined social science degree Contributors Alexei Avtonomov Edwin Bacon John Berryman Christoph Bluth Michael Cox Nadia Davidova Mark Galeotti James Hughes Roger E Kanet Julie A Lund Nick Manning Andrew Patmore Anthony Phillips Richard Sakwa Peter Shearman Mark Webber Stephen Webber Stephen White Matthew Wyman

NATO's Eastern Agenda in a New Strategic Era F. Stephen Larrabee, 2004-01-05 NATO s Eastern agenda faces several challenges including consolidating the democratic transitions in Central and Eastern Europe ensuring the security of the Baltic states developing a post NATO enlargement strategy for Ukraine deepening the Russia NATO partnership and

engaging the Caucasus and Central Asia The author also considers NATO's broader transformation The Transatlantic Security Agenda Stephen Blank, 2001 Immediately after the terrorist attacks on the Pentagon and World Trade Center NATO members unanimously voted their support for the United States under Article V of the Washington Treaty This unprecedented action the first time such a vote has occurred in NATO's history underscores the vitality of the Atlantic Alliance and its tremendous strategic value for its members This vote conferred great legitimacy upon any response that the United States will make to those attacks and reminded us that the solidity of NATO allows the United States to defend its interests on the world stage with great confidence about European security Nevertheless the Alliance is not a wholly untroubled or static relationship In the first half of 2001 there were numerous public signs of stress among the allies as they faced new challenges Many of the issues involved in these tensions are particularly important to the future of European security and must be resolved for NATO to move forward and continue playing the role outlined above SSI site **China's Security Interests in the Post-Cold War Era** Dr Russell Ong, Russell Ong, 2013-12-19 Concentrates on the economic and political aspects of China's security agenda which have to a certain extent been given less prominence in most security studies on China The Transatlantic Security Agenda: A Conference Report and Analysis Stephen Blank, 2001 Immediately after the terrorist attacks on the Pentagon and World Trade Center NATO members unanimously voted their support for the United States under Article V of the Washington Treaty This unprecedented action the first time such a vote has occurred in NATO's history underscores the vitality of the Atlantic Alliance and its tremendous strategic value for its members This vote conferred great legitimacy upon any response that the United States will make to those attacks and reminded us that the solidity of NATO allows the United States to defend its interests on the world stage with great confidence about European security Nevertheless the Alliance is not a wholly untroubled or static relationship In the first half of 2001 there were numerous public signs of stress among the allies as they faced new challenges Many of the issues involved in these tensions are particularly important to the future of European security and must be resolved for NATO to move forward and continue playing the role outlined above In order for members of the Alliance states and other interested parties to explore the issues at stake earlier in 2001 the Strategic Studies Institute together with Harvard University's Belfer Center for the Study of Science and International Affairs cosponsored a conference to discuss cardinal issues of the transatlantic security agenda This report presents a summary and analysis of the conference which took place at the Belfer Center on March 26-27 2001 Although the world and the context within which these issues must be faced have changed greatly since then the issues have not gone away nor will they do so anytime soon **Small Baltic States and the Euro-Atlantic Security Community** Sandis Straders, 2020-09-02 This book analyzes the small Baltic States and their integration into the Euro Atlantic structures from the perspective of the foreign policies of major powers the United States Russia and major European powers and institutions towards the region or each of the Baltic States While focusing primarily on the Post Cold war period it will also

cover years of Baltic occupation areas and matters related to their motivation and means to join the EU and NATO Smallness weaknesses and sensitivities as well as historic experiences of three Baltic States made the task to integrate with the Euro Atlantic community urgent This will be a valuable source of information for all interested in the Baltic States foreign policies of major powers shaping events in the region the surge of the Euro Atlantic community and the Post Cold War enlargement allowing small Baltic States to remedy their inherent security weaknesses

The Kosovo crisis and the evolution of a post-Cold War European security Martin A Smith, Paul Latawski, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Analyses the international response to the crisis in Kosovo and its broader implications by examining its diplomatic military and humanitarian features Unravelling these implications can be challenging as it remains an event replete with paradoxes the originality of this book s approach lies in its exploration of these paradoxes The crisis in Kosovo has been a headline grabbing event a serious study of the implications of the conflict on wider European security issues and institutions is urgently required

Dealing with a Juggernaut Joanna A. Gorska, 2012-07-10 Dealing with a Juggernaut Analyzing Poland s Policy towards Russia 1989 2009 by Joanna A Gorska is the first substantial study of Poland s foreign policy interaction with its more powerful eastern neighbor Russia This study is essential to understanding the prospects for order and peace in Central and Eastern Europe towards Russia during the past twenty years Gorska challenges widely established interpretations of Poland s post 1989 foreign policy by arguing that consecutive Polish governments pursued a largely cooperative policy towards Russia and did so because of material power considerations namely Poland s strengthened power position after the Cold War and moderate security pressures from Russia In analyzing Polish foreign policy Dealing with a Juggernaut draws on leading theories in the field of International Relations and Foreign Policy Analysis and develops a comprehensive theoretical framework to guide empirical research Representing a cross section of politically important areas in Poland s most recent Russia policy the analysis is delineated along four case studies the Soviet military withdrawal from Poland in the early 1990s the NATO issue in Polish policy towards Russia Polish energy policy towards Moscow and the Katyn question in Polish foreign policy This book uses previously unpublished archival material interviews with leading Polish officials and a wealth of Polish publications to provide an insight into Warsaw s foreign policy behavior Gorska points to a departure from hostility and imposition a significant change in Poland s policy towards Russia after 1989 As such Dealing with a Juggernaut by Joanna A Gorska uncovers important mechanisms of regional cooperation between states with a checkered past

The United States and Europe: Policy Imperatives in a Globalizing World Howard M. Hensel, 2017-11-22 This title was first published in 2002 This provocative volume explores key aspects of the contemporary relationship between the United States and the European powers as they attempt to address common issues as the international community enters a new millennium Representing diverse perspectives opinions analyses and recommendations regarding the regional and global problems and opportunities confronted by both the United States

and the Europeans the book is particularly suitable for scholars and policy makers alike who contribute to ongoing discussions concerning this critical relationship

European Security Bjørn Møller, 2016-04-22 Europe has undergone quite profound changes since the end of the Cold War Having been a highly militarised conflict ridden and war ridden region the core of Europe today constitutes a security community where armed conflicts among the constituent states has become inconceivable This comprehensive book offers a theoretically founded and thoroughly documented analysis of European security with a special emphasis on the role played by the United Nations and the various regional and sub regional organisations especially the North Atlantic Treaty Organisation the Organisation for Security and Cooperation in Europe the Council of Europe and the European Union When it comes to explaining peace in Europe opinions differ widely Some argue that it was only because the West refused to give in to Soviet threats that the latter eventually gave up or that the long peace in Europe was due to the combination of a bipolar alliance structure pitting the North Atlantic Treaty Organisation NATO against the Warsaw Pact with the presence of nuclear weapons on both sides Others point instead to the extraordinarily dense network of international institutions and organisations in Europe offering a wide panoply of fora in which to handle disputes peacefully or to the web of interdependence in economic and other affairs tying together all states in Europe in relations which militate strongly against war Still others believe that the external peace between the states in Europe is simply a reflection of a convergence of cultures democracies with marked economies that are open towards the world market These questions are the focal point of this book which concentrates on security albeit not in the sense of being a treatise on military matters but security obtainable by much more indirect and non military means It will be required reading for all students and scholars of European security and the organisations which underpin it

European Security since the Fall of the Berlin Wall Frederic Merand, Martial Foucault, Bastien Irondelle, 2011-02-05 There have been dramatic changes to the landscape of European security in the twenty years since the fall of the Berlin Wall The essays in *European Security Since the Fall of the Berlin Wall* collectively take stock of how approaches to security in Europe have changed both in practice and in theory since the end of the Cold War Organized into three sections this collection begins with an exploration of the broad changes in Europe's security environment relating to issues such as terrorism and the rising importance of energy security The second section describes the adaptations of Europe's institutional framework including the transformation of NATO and the evolution of European armed forces while the closing essays examine regional security issues with the Middle East the Balkans and Russia Covering a broad spectrum of theoretical approaches and written in a clear engaging style *European Security Since the Fall of the Berlin Wall* will illuminate European security debates for years to come

Problem of Ethnicity: Role of United Nations in Kosovo Crisis Jasvir Singh, 2009

The Handbook of European Defence Policies and Armed Forces Hugo Meijer, Marco Wyss, 2018-06-22 The armed forces of Europe have undergone a dramatic transformation since the collapse of the Soviet Union The *Handbook of European Defence Policies and Armed Forces* provides the first

comprehensive analysis of national security and defence policies strategies doctrines capabilities and military operations as well as the alliances and partnerships of European armed forces in response to the security challenges Europe has faced since the end of the cold war A truly cross European comparison of the evolution of national defence policies and armed forces remains a notable blind spot in the existing literature The Handbook of European Defence Policies and Armed Forces aims to fill this gap with fifty one contributions on European defence and international security from around the world The six parts focus on country based assessments of the evolution of the national defence policies of Europe s major medium and lesser powers since the end of the cold war the alliances and security partnerships developed by European states to cooperate in the provision of national security the security challenges faced by European states and their armed forces ranging from interstate through intra state and transnational the national security strategies and doctrines developed in response to these challenges the military capabilities and the underlying defence and technological industrial base brought to bear to support national strategies and doctrines and finally the national or multilateral military operations by European armed forces The contributions to The Handbook collectively demonstrate the fruitfulness of giving analytical precedence back to the comparative study of national defence policies and armed forces across Europe

Navigating the Post-Cold War World Jason A. Edwards, 2008-12-16 Jason A Edwards explores the various rhetorical choices and strategies employed by former President Bill Clinton to discuss foreign policy issues in a new post Cold War era Edwards argues that each American president has situated himself within the same foreign policy paradigm drawing upon the same set of ideas and utilizing the same basic vernacular to discuss foreign policy He describes how former presidents and President Clinton in particular made modifications to this paradigm leaving a rhetorical signature that tells us as much about the nature of their presidency as it does about the international environment they faced With the end of the Cold War came the end of a relatively stable international order This end sparked intense debates about the new direction of American foreign policy As Bill Clinton took office he developed a new lexicon of words in order to discuss America s changing role in the world and other major international issues of the time without being able to fall into Cold War era rhetoric By examining the nuances and unique contributions President Clinton made to American foreign policy rhetoric Edwards shows how his distinct rhetorical signature will influence future administrations

The Alliance Without Enemy: a Post Cold War History of West Dr. Priyabhishek Sharma, 2019-07-15 This book has the following features When we say West what do we really mean The prologue sets out to explore this question from literary historical strategic philosophical and cultural vantage points In order to understand today s West different shades of the long and arduous transatlantic dialogue starting with Christopher Columbus s accidental discovery of America to the collapse of Soviet Union have been reasonably accounted for The second chapter traces back this evolutionary journey in simple easily understandable way The book has been a fifteen year story of phenomenal change which redefined the very nature of the Western Alliance after the collapse of Soviet Union Changes in

the geopolitical map of Europe emergence of European Union re orientation of NATO and the mutual play between the United States and Europe all throughout the decade of 1990s have been woven into the narrative of this book with the aim to understand how the West if at all has changed Three major events of post Cold War history the Balkan Crisis the 9 11 and Iraq War 2003 had played major stimulus in re understanding the West Detailed chronological accounts of these events have been presented before the reader What are the rationale motivations and implications of EU and NATO s enlargements to the East and how has the enlargement impacted the Alliance The epilogue reflects upon what has changed and what continues in today s West across different historical phases How have the schemes of European security in post cold war era been coexisting with the changing face of NATO is yet another theme this book seeks to address

East-Central European Economies in Transition John P. Hardt, Richard F. Kaufman, 2016-09-16 This volume makes JEC commissioned expert studies of economic developments in East Central Europe available to business people educators and students Coverage includes economic political and social reform issues regional relations and the impact of Western assistance programmes
