*How to Prevent Recession* Satya Saurabh Khosla,2015-05-20 This is a very profound concept put in a very simple and beautiful format as written in the Foreword by His Holiness the Dalai Lama In October 2007 author Satya Saurabh Khosla s article predicting the recession was published in Business Times Singapore Millions suffered despite its accurate warning While analysing this later he felt that preventing a recession will help society more

*How to Prevent Recession* seeks to rely on ethics in the strategy used for life and work Values are a Strategy for living life These are applied at work to prevent recession If profit becomes the only purpose of life it disturbs the framework which sustains society

*How to Prevent*

Recession uses the ancient framework of four goals of life It applies these goals to business from a strategy of life This book compares profit to the speed of a car If personal and firm s profit is only maximised brakes are forgotten Management Ideas given by Porter state that strategy is an optimisation effort Profit too should result from it A car s speed is optimised when it considers criteria like bad roads to avoid jerks for passengers fuel efficiency and reducing speed to prevent a crash Ancient wisdom trains the human mind Then the Truth about optimum strategy emerges from within as we drive the car of life to work Strategy is a way of achieving a goal So ancient Indian wisdom of four goals of life are like a car s four wheels An optimisation effort balances the pressure The wisdom of using righteous conduct prevents recession The book makes the important point that any business strategy should emerge from a conception of a decent life rooted in spirituality Pradip Khandwalla former Director Indian Institute of Management Ahmedabad Excellent work Brilliant in its integration of ancient Indian Truths with the concept of mangement Prof P N Sharma Member Governing Body Library of Tibetan Works Archives
