Rediscovering The Teaching Of Jesus:

Rediscovering the Teaching of Jesus Norman Perrin, 1967 Addresses particularly the problem of method in life of Jesus research The Jesus You Really Didn't Know Andy Angel, 2019-09-09 The problem with too much Christianity today is that we replace the person of Jesus with a doctrine of grace Living in denial of Jesus teaching on judgment and holiness too many Christians take refuge from the sayings of Jesus in doctrines of forgiveness that they hope will bolster up their sense of self worth before God Andy Angel tackles this dysfunctional spirituality head on opening up the journey of learning and love into which the living Lord Jesus invites us all Unpacking the Gospel of Matthew he encourages us to rediscover the teaching ministry of Jesus in our own lives and in doing so to recover the riches and freshness of the gospel message and to rediscover the depths of love Jesus has for each one of us A History of the Quests for the Historical Jesus, Volume 2 Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates **Rediscovering Jesus** David B. Capes, Rodney Reeves, E. Randolph Richards, 2015-07-08 Who is your Jesus This textbook introduction gives an enjoyable and challenging look at how we encounter Jesus in Scripture and our culture from the New Testament to the gnostic gospels historical Jesus studies Islam Mormonism Hollywood and Americana Follow the path to seeing Jesus truly and notice the difference it makes for faith and life **Engaging the New Testament (paper edition)** Russell Pregeant, 1997-06-01 In addition to lucid introductions to each of the New Testament writings this book offers a comprehensive survey of approaches to biblical studies historical and cultural backgrounds the historical Jesus the rise of the

History and Literature of Early Christianity Helmut Koester, 2019-09-23 No detailed description available for History and Literature of Early Christianity *The Great Reversal* Allen Verhey, 1984 Christians today are called to discern the shape and style of a life worthy of the gospel of Christ Even in the face of changing situations and new moral problems to address the contemporary church stands self consciously in a tradition of which the New Testament is a normative part In this major study of New Testament ethics Verhey examines the ethic of Jesus for it is there that the New Testament tradition begins He then analyzes the different forms in which the early church handed down the memory of Jesus's words and deeds in the development of a moral tradition Next he deals with that tradition as it came to canonical expression in the New Testament writings In the last part of the book Verhey focuses on the use of the New Testament in the continuing moral tradition of the church surveying proposals for the use of Scripture identifying the critical methodological questions and defending a modest proposal for the use of Scripture Copyright Libri GmbH All rights reserved [The Son of Man Problem: Critical Readings](#)

Benjamin E. Reynolds, 2018-03-22 The Son of Man sayings are some of the most contested sayings in the Gospels They preserve a phrase employed by Jesus to refer to himself yet the meaning of the saying in its various contexts has been hotly debated for centuries Some identify allusions to other literature in the bible including the book of Daniel Others see it as simply being a strange rendering in Greek of an Aramaic phrase that was relatively commonplace The history of research on these sayings is here presented by Benjamin E Reynolds in a volume of critical readings which provides access to over 50 years of scholarly research These essays and articles include the most often cited articles that address the various aspects of the Son of Man debate In addition to these most well known pieces Reynolds includes carefully selected additional essays that allow readers to trace different developments in the debate and to provide an entry into the waters of the Son of Man Problem and the numerous solutions that have been offered Each section features an introduction and a section of annotated further readings

The Philosophy of Christology Hue Woodson, 2022-01-31 Given the perpetual problem of the historical Jesus there remains an ongoing posing of the question to and a continuous seeking of the meaningfulness of Christology From the earliest reckoning with the relationship between Jesus of Nazareth and the Christ of faith what it means to do Christology today remains at the methodological center of the task and scope of every systematic theology Whether giving an account of Albert Schweitzer s bringing an end to the quest for the historical Jesus in 1906 or attending to Rudolf Bultmann s period of no quest culminating with his demythologization project in the 1940s how we still think of Christology as a matter of questions and concerns with meaning speaks to an unavoidable philosophizing of Christology In this way The Philosophy of Christology offers both a particular history of Christology in conjunction with a particular philosophy of Christology which assesses the theological contributions by a group of Bultmannians following Bultmann in the 1950s and 1960s up to what can be reimagined by repurposing Jacques Derrida s philosophical question into the meaning of love in 2002

A Theology for the Twenty-First Century Douglas F. Ottati, 2020-10-15

Christianity in the United States is in crisis Liberalism is declining evangelicalism is splintering increasing numbers of Christians are slipping away from churches and more and more young people are for various reasons finding Christianity as they conceive it a metaphysical thought system or society of science deniers or an ideology for oppressors not just implausible but repellent At the same time Christians across denominational and ideological divides are rediscovering a moral core especially in the Jesus of the Gospels that reactivates and unites them and this kind of faith appeals to many who consider themselves averse to all traditional organized religion But any revitalized Christian faith is going to need to understand its rootedness in and interpretation of Christianity's foundational texts and traditions Noted theologian Douglas F. Ottati steps in to offer a theology for this new era Combining deep learning in texts and traditions with astute awareness of contemporary questions and patterns of thought and life he asks what does it mean in our time to understand the God of the Bible as Creator and Redeemer Distilling the content of Christian faith into seventy concise propositions he explains each in lucid cogent prose A Theology for the Twenty First Century will be an essential textbook for those training for ministry in our current climate a wise guide for contemporary believers who wonder how best to understand and communicate their faith and an inviting and intelligent resource for serious inquirers who wonder whether the way of Jesus might help them grasp the real world while remaining open to the transcendent
