Reflections on the Human Condition Eric Hoffer,1973 This collection of aphorisms and philosophical comment represents Eric Hoffer at his best It offers stunning insights that strike home with startling frequency often most uncomfortably it has a fine unity a well defined theme That some of the statements invite argument and questioning is inevitable and stimulating Here is a book of the wry epigram and the icy aphorism which made his earlier books so appealing and gained for him a wide audience Publisher description

John Bourman,1995-12 **The Porcupine Dilemma** Leopold Bellak,1970 Autobiography of a Restless Mind Dee Hock,2012-12 Volume 1 Autobiography of a Restless Mind is a fascinating exceptionally diverse collection of observations and reflections written over the past twenty five years by one of the most innovative thinkers writers and leaders of the past half century Witty and wise playful and profound prophetic and immensely quotable it is a companion no thinking caring person should be without Written in an unforgettable style reminiscent of Aurelius Montaigne Lao Tse and Bacon it is a classic that will be read with pleasure and profit for generations to come Reflections on Humanity Ivor Van Rensburg,2017-05-23 In this candid narrative the author presents his unique perspectives on the human condition The text is

infused with personal anecdotes and conceptions derived from lessons learned throughout his life Playfully didactic and poignantly serious at once his message resonates with an admixture of disillusionment and hope The author assumes free reign to serve as both a participant and an objective observer of the foibles inherent in being human specifically the need and desire to set ourselves above others He points out that this conception is entirely illusory as humanity pursues its habitual practices of deception superficiality and false precepts favoring acquisition giving in to addiction and other self destructive behaviors In so doing we move farther and farther from our Creator The author emphasizes that only when we commune with our Creator can we be truly free and open to His perfect plan and begin to live authentic lives separate and apart from the culture of more In so doing we become more deeply in tune with our true essence and the intrinsic goodness that we were meant to exhibit in all aspects of life This book is a must read for those who go through life seeking to encounter TRUTH Whether or not you agree with the author s assertions you won t regret taking this engaging journey Along the way you ll find some priceless treasures including yourself     [The Essays of Chitta Ranjan Das on Literature, Culture, and Society](#) Ananta Kumar Giri,Ivan Marquez,2020-03-02 This volume brings together the essays of Chitta Ranjan Das 1923 2011 a creative experimenter and writer on literature culture life and the human condition It presents a different vision and version of the post colonial imagination and social and literary criticism which is rooted in soil soul and cosmos While a majority of post colonial discourse is still predominantly metropolitan giving us very little discussion on creative endeavours in different language spaces of India and the world this book presents radical new pathways and creative collaborations which break conventional boundaries between the periphery and the centre literature and life mother languages and metropolitan languages and East and West It offers a new archaeology of knowledge as a regenerative archaeology of life where knowledge action and devotion come together for new explorations and transformations It broadens and deepens our universe of discourse on literature philosophy and world transformations and is a monumental contribution to alternative imagination and cosmopolitan experimentation     **The Heart Has Its Seasons** Louis M.
