**Conceptualising Reflection In Teacher Development** James Calderhead, Peter Gates, 2003-09-02 Reflection has become widely recognised as a crucial element in the professional growth of teachers Terms such as reflective teaching enquiry orientated teacher education teachers as researchers and reflective practitioner have become quite prolific in discussions of classroom practice and professional development It is frequently presumed that

reflection is an intrinsically good and desirable aspect of teaching and teacher education and that teachers in becoming more reflective will in some sense be better teachers though such claims have been rarely subject to detailed scrutiny Each of the chapters in this book is concerned with exploring the concept of reflection and considering its contributions to teacher education The papers range across different stages of professional development some focusing in particular on pre service education others on in service or professional development generally Some of the papers are concerned with particular strategies for promoting reflection and how they might operate in a teacher education context others dwell more upon a theoretical appreciation of how reflection facilitates in the processes of professional development and how it relates to issues of quality in teacher education

**Learning & Teaching in Higher Education** Dr Greg Light, Dr Roy Cox, 2001-04-10 This book addresses the practice of learning and teaching within higher education Higher education is currently a sector challenged worldwide by increased numbers and diversity of students tougher demands for professional accountability increasing calls for educational relevance thinning resources and the exacting demands of a global education market This book brings together key issues of theory and practice to develop an overall professional language of teaching situated within communities of academic practice This language provides teachers with a conceptual vocabulary and grammar for understanding and improving practice enables them to critically reflect upon their teaching in a range of key genres

**Reflective Teacher Education** Linda Valli, 1992-09-01 An increasing number of educators are arguing for conceptually sound reflective or inquiry oriented teacher education programs The argument is based on the fact that reflective teaching is possible and the belief that teachers should develop habits of consciously informed action Those who promote reflective teaching argue for teacher empowerment within a self renewing profession Reflective Teacher Education offers case studies from seven universities that have organized teacher education programs around the concept of reflection The cases represent public and private institutions and alternative and traditional models of teacher preparation The studies represent efforts to transform the entire professional education component rather than individual courses or isolated strategies The volume also considers reflection as a conceptual orientation commenting on its power to inform and improve teacher education and assessing the implementation of reflection in these specific programs The six critiques raise intriguing questions about the possibility and desirability of reflective reform efforts by viewing the cases from varying perspectives development cognitive feminist social reconstructionist and post modern

**EBOOK: DEVELOPING ENGLISH TEACHERS** Andrew Goodwyn, 1997-05-16 How do student teachers learn to teach How can experienced English teachers teach student teachers How can good English teachers continue to develop and improve Developing English Teachers is a book for anyone interested in helping English teachers to develop and improve Its main focus is on the ways in which experienced English teachers can support and develop student teachers and induct them into the profession However it goes further than this to examine the idea of mentorship as a feature of continuing professional development and of professional

development as a constant element in the life of a reflective practitioner It examines how experienced English teachers can learn from the challenge of explaining their teaching to student and beginning teachers It also examines how being a mentor is very different to being a class teacher and emphasizes the new areas of learning that such a role demands The book shows how all participants can learn from this reflective cycle and improve their teaching and contribute to improving the quality of the English teaching profession
