**Shelters, Shacks and Shanties** D. Beard, 2014-01-30 *Shelters Shacks and Shanties* is a hands on guide for building dwellings in the wilderness by one of the Boy Scouts of America D C Beard *Shelters, Shacks and Shanties* Daniel Carter Beard, 2013-04-07 *Shelters Shacks and Shanties* by Daniel Carter Beard As this book is written for people of all ages it has been divided under two general heads The Tomahawk Camps and The Axe Camps that is camps which may be built with no tool but a hatchet and camps that will need the aid of an axe The smallest boys can build some of the simple shelters and the older boys can build the more difficult ones The reader may if he likes begin with the first of the book build his way through it and graduate by building the log houses in doing this he will be closely following the history of the human race because ever since our arboreal ancestors with prehensile toes scampered among the branches of the pre glacial forests and built nestlike shelters in the trees men have made themselves shacks for a temporary refuge But as one of the members of the Camp Fire Club of America as one of the founders of the Boy Scouts of America and as the founder of the Boy Pioneers of America it would not be proper for the author to admit for one moment that there can be such a thing as a camp without a camp fire and for that reason the tree folks and the missing link whose remains were found in Java and to whom the scientists gave the awe inspiring name of *Pithecanthropus erectus* cannot be counted as campers because they did not know how to build a camp fire neither can we admit the ancient maker of stone implements called *eoliths* to be one of us because he too knew not the joys of a camp fire But there was another fellow called the Neanderthal man who lived in the ice age in Europe and he had to be a camp fire man or freeze As far as we know he was the first man to build a camp fire The cold weather made him hustle and hustling developed him True he did cook and eat his neighbors once in a while and even split their bones for the marrow but we will forget that part and just remember him as the first camper in Europe
