Shenoute And The Women Of The White Monastery:

Shenoute and the Women of the White Monastery Rebecca Krawiec, 2002-01-24 This book depicts the lives of female monks within a monastery located in upper Egypt in the period 385-464 CE. During this period the monastery was headed by a monk named Shenoute; thirteen of his letters to the women under his care survive. These writings are fragmentary, only partially translated, little studied, and written in difficult-to-decipher Coptic. Despite these problems, Krawiec has used the letters to reconstruct a series of quarrels and events in the life of the White Monastery and to discern some of the key patterns in the participants' relationships to one another within the world as they perceived it. **Shenoute & the Women of the White Monastery** Rebecca Krawiec, 2002 This book depicts the lives of female monks within a monastery located in upper Egypt in the period 385-464 CE. **Shenoute & the Women of the White Monastery**, 2002 Printbegrnsninger Der kan printes 1 side ad gangen Mystery and Secrecy in the Nag Hammadi Collection and Other Ancient Literature: Ideas and Practices Christian H. Bull, Liv Lied, John D. Turner, 2011-10-28 Drawing on a wide array of sources, this anthology sets out to analyze the concepts of mystery and secrecy that occur in the ritual and rhetoric of antique Mediterranean religion, with an emphasis on Gnosticism, Christianity, and Paganism. *The Monastic Origins of the Nag Hammadi Codices* Hugo Lundhaug, Lance Jenott, 2015-10-19 Hugo Lundhaug and Lance Jenott offer a sustained argument for the monastic provenance of the Nag Hammadi Codices. They examine the arguments for and against a monastic Sitz im Leben and defend the view that the Codices were produced and read by Christian monks, most likely Pachomians, in the fourth and fifth-century monasteries of Upper Egypt. Eschewing the modern classification of the Nag Hammadi texts as Gnostic, the authors approach the codices and their ancient owners from the perspective of the diverse monastic culture of late antique Egypt and situate them in the context of the ongoing controversies over extra-canonical literature and the theological legacy of Origen. Through a combination of sources including idealized hagiographies, travelogues, monastic rules and exhortations, and the more quotidian details revealed in documentary papyri, manuscript collections, and archaeology, monasticism in the Thebaid is brought to life, and the Nag Hammadi codices, situated within it, the cartonnage papyri from the leather covers of the codices, which bear witness to the monastic culture of the region, are closely examined, while scribal and codicological features of the codices are analyzed and compared with contemporary manuscripts from Egypt. Special attention is given to the codices' scribal notes and colophons, which offer direct evidence of their producers and users. The study ultimately reveals the Nag Hammadi Codices as a collection of books completely at home in the monastic manuscript culture of late antique Egypt.

The Cambridge Companion to the Age of Attila Michael Maas, 2014-09-29 This book examines the age of Attila, roughly the fifth century CE, an era in which western Eurasia experienced significant geopolitical and cultural changes. The Roman Empire

collapsed in western Europe replaced by new barbarian kingdoms but it continued in Christian Byzantine guise in the eastern Mediterranean New states and peoples changed the face of northern Europe while in Iran the Sasanian Empire developed new theories of power and government At the same time the great Eurasian steppe became a permanent presence in the European world This book treats Attila the notorious king of the Huns as both an agent of change and a symbol of the wreck of the old world order *Christianity and Monasticism in Upper Egypt: Volume 1* Gawdat Gabra, Hany N. companion to a period that is attracting increasing attention from scholars and students worldwide *Clothes and Monasticism in Ancient Christian Egypt* Ingvild Sælid Gilhus, 2021-03-08 This book is an exploration of the ideals and values of the ascetic and monastic life as expressed through clothes Clothes are often seen as an extension of us as humans a determinant of who we are and how we experience and interact with the world In this way they can play a significant role in the embodied and material aspects of religious practice The focus of this book is on clothing and garments among ancient monastics and ascetics in Egypt but with a broader outlook to the general meaning and function of clothes in religion The garments of the Egyptian ascetics and monastics are important because they belong to a period of transition in the history of Christianity and very much represent this way of living This study combines a cognitive perspective on clothes with an attempt to grasp the embodied experiences of being clothed as well as viewing clothes as potential actors Using sources such as travelogues biographies letters contracts images and garments from monastic burials the role of clothes is brought into conversation with material religion more generally This unique study builds links between ancient and contemporary uses of religious clothing It will therefore be of interest to any scholar of religious studies religious history religion in antiquity and material religion *The Desert Movement* Alexander Ryrie, 2011 An exciting new history for anyone interested in the Early Church Drawing on recent research and newly translated texts it sheds significant new light on the influence of Desert spirituality introducing us to the lives of previously unknown monastic figures *The Cambridge History of Medieval Monasticism in the Latin West* Alison I. Beach, Isabelle Cochelin, 2020-01-09 Monasticism in all of its variations was a feature of almost every landscape in the medieval West So ubiquitous were religious women and men throughout the Middle Ages that all medievalists encounter monasticism in their intellectual worlds While there is enormous interest in medieval monasticism among Anglophone scholars language is often a barrier to accessing some of the most important and groundbreaking research emerging from Europe The Cambridge History of Medieval Monasticism in the Latin West offers a comprehensive treatment of medieval monasticism from Late Antiquity to the end of the Middle Ages The essays specially commissioned for this volume and written by an international team of scholars with contributors from Australia Belgium Canada England France Germany Italy the Netherlands Spain Switzerland and the United States cover a range of topics and themes and represent the most up to date discoveries on this topic **The Cross in the Visual Culture of Late Antique Egypt** Gillian Spalding-Stracey, 2020-04-28 In *The Cross in the Visual Culture of Late Antique Egypt* Gillian Spalding Stracey brings the design of crosses in monastic and ecclesiastical settings to the fore Visual representations of the Holy Cross are often so ubiquitous in Christian art that they are often overlooked as artistic devices themselves This volume offers an exploration of the variety of designs and associated imagery by which the Cross was expressed across the Egyptian landscape in late antiquity A survey of locations and images leads to an analysis of artistic influences possible symbolism variance across time and place and the contextual use of the motif Gillian Spalding Stracey provides the reader with an art historical

perspective of the socio cultural situation in Egypt at the time *Food, Virtue, and the Shaping of Early Christianity* Dana Robinson,2020-08-13 In this book Dana Robinson examines the role that food played in the Christianization of daily life in the fourth century CE Early Christians used the food culture of the Hellenized Mediterranean world to create and debate compelling models of Christian virtue and to project Christian ideology onto common domestic practices Combining theoretical approaches from cognitive linguistics and space place theory Robinson shows how metaphors for piety such as health fruit and sacrifice relied on food related domains of common knowledge medicine agriculture votive ritual which in turn generated sophisticated and accessible models of lay discipline and moral formation She also demonstrates that Christian places and landscapes of piety were socially constructed through meals and food production networks that extended far beyond the Eucharist Food culture thus provided a network of metaphorical concepts and spatial practices that allowed the lay faithful to participate in important debates over Christian living and community formation *The Early Christian World* Philip Esler,2017-07-20 Since its publication in 2000 *The Early Christian World* has come to be regarded by scholars students and the general reader as one of the most informative and accessible works in English on the origins development character and major figures of early Christianity In this new edition the strengths of the first edition are retained These include the book s attractive architecture that initially takes a reader through the context and historical development of early Christianity the essays in critical areas such as community formation everyday experience the intellectual and artistic heritage and external and internal challenges and the profiles on the most influential early Christian figures The book also preserves its strong stress on the social reality of early Christianity and continues its distinctive use of hundreds of illustrations and maps to bring that world to life Yet the years that have passed since the first edition was published have seen great advances made in our understanding of early Christianity in its world This new edition fully reflects these developments and provides the reader with authoritative lively and up to date access to the early Christian world A quarter of the text is entirely new and the remaining essays have all been carefully revised and updated by their authors Some of the new material relates to Christian culture including book culture canonical and non canonical scriptures saints and hagiography and translation across cultures But there are also new essays on Jewish and Christian interaction in the early centuries ritual the New Testament in Roman Britain Manichaeism Pachomius the Great and Gregory of Nyssa This new edition will serve its readers for many years to come **Foundations of Power and Conflicts of Authority in Late-antique Monasticism** Alberto Camplani,Giovanni Filoramo,2007 The volume offers the acts of a meeting held at the University of Turin on the foundations of power and the conflicts of authority as documented by the monastic sources of East and West in Late Antiquity with special reference to Max Weber s analysis of these notions The issue is here examined from a variety of perspectives the different meanings of power and authority in ancient monastic sources the criteria by which authority is established within the monastic organizations the kind of power and authority exercised towards outsiders the

relationship between monks and other authorities especially the Church the monks and their economic activity the strategies for the solution of conflicts The wide range of historical and cultural problems raised by these questions is what the present volume tries to illuminate through individual studies of a number of specific phenomena events and figures from Shenute to John Cassian from Abraham of Kashkar to Maxim the Confessor paying particular attention to monasticism in Egypt Palestine Africa and Persia Disciplining the Monastic Body Caroline T.
