Sherwood Anderson's Love Letters to Eleanor Copenhaver Anderson Sherwood Anderson, 1989 Sherwood Anderson Walter B. Rideout, 2006-01-16 Sherwood Anderson A Writer in America is the definitive biography of this major American writer of novels and short stories whose work includes the modern classic Winesburg Ohio In the first volume of this monumental two volume work Walter Rideout chronicles the life of Anderson from his birth and his early business career through his beginnings as a writer and finally to his move in the mid 1920s to Ripshin his house near Marion Virginia The second volume will cover Anderson's return to business pursuits his extensive travels in the South touring factories which resulted in his political involvement in labor struggles and several books on the topic and finally his unexpected death in

1941 No other existing Anderson biography the most recent of which was published nearly twenty years ago is as thoroughly researched so extensively based on primary sources and interviews with a range of Anderson friends and family members or as complete in its vision of the man and the writer The result is an unparalleled biography one that locates the private man while astutely placing his life and writings in a broader social and political context Outstanding Academic Title Choice Magazine Winner Biography Award Society of Midland Authors **A New Book of the Grotesques** Robert Dunne,2005

Sherwood Anderson remembered chiefly as a writer of short stories about life in the Midwest at the turn of the century was acknowledged as an innovator of the short story form This book looks at Anderson s early fiction from contemporary interpretative methodologies particularly from poststructuralist approaches **The Human Tradition in the New South** James C. Klotter,2005-09-21 In The Human Tradition in the New South historian James C Klotter brings together twelve biographical essays that explore the region s political economic and social development since the Civil War Like all books in this series these essays chronicle the lives of ordinary Americans whose lives and contributions help to highlight the great transformations that occurred in the South With profiles ranging from Winnie Davis to Dizzy Dean from Ralph David Abernathy to Harland Sanders The Human Tradition in the New South brings to life this dynamic and vibrant region and is an excellent resource for courses in Southern history race relations social history and the American history survey **Value and Vision in American Literature** Joseph Candido,1999 Friends and colleagues honor the 30 year career of Appalachian born literature scholar White with 15 essays Their goal is to call attention to ideas or connections that demand a reappraisal of conventional attitudes or ingrained responses Spanning from the middle 19th century to the present they consider such well known authors as Hawthorne Cather and Welty but also some less known ones such as Wallace Stegner Dunstan Thomas and neglected Civil War poets Annotation copyrighted by Book News Inc Portland OR Sherwood Anderson's Pan-American Vision Celia Catalina Esplugas,2017-11-21 Based on an analysis of Sherwood Anderson s letters this study explores the novelist s principal inspiration during his final years 1938 1941 his exposure to Latin America Thematically arranged correspondence traces his positive reception in South America a place he saw as a source of fresh ideas and publishing opportunities his desire to promote cultural relations between the two Americas and his legacy among Spanish speaking readers The author discusses the political and economic climates of mid 20th century South American nations their emerging liberal ideologies and the concerns Latin American readers had regarding societal upheaval urbanization and the inequities of capitalism all vividly depicted in Anderson s works **Editor for Justice** Alexander S. Leidholdt,2002-05-01 From his assumption of the Norfolk Virginian Pilot s editorial helm in 1919 until his death in 1950 Louis Isaac Jaff served as one of the South s leading and most respected liberal journalists Prejudice he faced as a Jew created in him an abiding empathy with the downtrodden and his World War I military service and subsequent Red Cross work deepened his sensitivity to injustice Alexander Leidholdt s new biography maps the battlefield of intolerance and civil rights violations on which Jaff

fired his journalistic salvos and explores the complexities of a man who was poised to become a national spokesman for a better South. Jaff worked ceaselessly to advance racial understanding successfully lobbying locally for black parks and beaches, black police and a black college. A high point of Leidholdt's book is the account of Jaff's attacks on mob justice, a stirring record of one writer's response to what he saw as inexcusable moral sluggishness in civil authorities. For his campaign urging Virginia lawmakers to adopt stiff anti-lynching legislation, he earned the 1929 Pulitzer Prize for distinguished editorial writing. Achieving a poignant balance between Jaff's significant professional accomplishments and the private pains he bore, including anti-Semitism, a mentally unstable wife and an estranged son, this superb study demonstrates how Jaff's difficulties limited him as an active liberal reformer but also fueled his prescient and impassioned warnings against Hitler's rise to power in the early thirties. Drawing extensively from primary source material, much of it previously unexamined, Editor for Justice makes an important contribution to journalism and to southern Jewish and black history. Readers will treasure the depiction of an extraordinary champion of human rights. The Oxford Encyclopedia of American Literature Jay Parini, 2004

The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists and novelists. Figures such as Whitman, Melville, Faulkner, Frost and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman* and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors and its connection with various areas of study. *The Winesburg Eagle*, 1999

The Making of a Counter-culture Icon Maria R. Bloshteyn, 2007-01-01 At first glance the works of Fedor Dostoevsky (1821-1881) do not appear to have much in common with those of the controversial American writer Henry Miller (1891-1980). However, the influencer of Dostoevsky on Miller was in fact enormous and shaped the latter's view of the world, of literature and of his own writing. *The Making of a Counter Culture Icon* examines the obsession that Miller and his contemporaries, the so-called Villa Seurat circle, had with Dostoevsky and the impact that this obsession had on their own work. Renowned for his psychological treatment of characters, Dostoevsky became a model for Miller. Lawrence Durrell and Anaïs Nin were interested as they were in developing a new kind of writing that would move beyond staid literary

conventions Maria Bloshteyn argues that as Dostoevsky was concerned with representing the individual's perception of the self and the world he became an archetype for Miller and the other members of the Villa Seurat circle writers who were interested in precise psychological characterizations as well as intriguing narratives Tracing the cross cultural appropriation and mis interpretation of Dostoevsky's methods and philosophies by Miller Durrell and Nin The Making of a Counter Culture Icon gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's influence on twentieth century literature

Henry James and Queer Modernity Eric Haralson, 2003-03-27 In Henry James and Queer Modernity first published in 2003 Eric Haralson examines far reaching changes in gender politics and the emergence of modern male homosexuality as depicted in the writings of Henry James and three authors who were greatly influenced by him Willa Cather Gertrude Stein and Ernest Hemingway Haralson places emphasis on American masculinity as portrayed in fiction between 1875 and 1935 but the book also treats events in England such as the Oscar Wilde trials that had a major effect on American literature He traces James's engagement with sexual politics from his first novels of the 1870s to his major phase at the turn of the century The second section of this study measures James's extraordinary impact on Cather's representation of queer characters Stein's theories of writing and authorship as a mode of resistance to modern sexual regulation and Hemingway's very self constitution as a manly American author

Art and the Crisis of Marriage Vivien Green Fryd, 2003 Between the two world wars middle class America experienced a marriage crisis that filled the pages of the popular press Divorce rates were rising birthrates falling and women were entering the increasingly industrialized and urbanized workforce in larger numbers than ever before while Victorian morals and manners began to break down in the wake of the first sexual revolution Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America's most familiar and beloved artists Georgia O'Keeffe 1887-1986 and Edward Hopper 1882-1967 Combining biographical study of their marriages with formal and iconographical analysis of their works Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings Hopper's many representations of Victorian homes in sunny tranquil landscapes for instance take on new meanings when viewed in the context of the artist's own tumultuous marriage with Jo and the widespread middle class fears that the new urban multidwelling homes would contribute to the breakdown of the family Fryd also persuasively interprets the many paintings of skulls and crosses that O'Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz's long term affair with Dorothy Norman *Art and the Crisis of Marriage* provides both a penetrating reappraisal of the interconnections between Georgia O'Keeffe's and Edward Hopper's lives and works as well as a vivid portrait of how new understandings of family gender and sexuality transformed American society between the wars in ways that continue to shape it today
