The Progression of International Law Yoram Dinstein, Fania Domb, 2011-11-11 This volume was produced to celebrate the fortieth anniversary of the Israel Yearbook on Human Rights Forty years have yielded an impressive forty annual volumes When it was started in 1971 the Yearbook was the first of its kind anywhere in the world It has always understood its mandate as transcending the narrow borders of the discipline of either national or international human rights From the outset international humanitarian law and international criminal law were understood as coming within the proper framework of the Yearbook as were on occasion articles on diverse freedoms that may seem out of bounds to a strict interpreter of the phrase human rights **For Zion's Sake** Fuad Sha'ban, 2005-03-20 This book explores the role of religion especially religious extremism in American culture In particular it examines the development of the Judeo Christian tradition its impact on America's self image and the way it has influenced America's attitude to the Arab World The Christian Right has become a very powerful force in American politics Its basic belief in Christian Zionism has resulted in a steadfast commitment to the establishment of the state of Israel and to its aggressive expansion and has made Zionism a central part of government policy for both Republicans and Democrats Fuad Sha ban shows how this is not a new phenomenon what he terms the Vision of Zion in American life has its roots in literature the arts and internal politics from colonial times until today Looking in detail at a wealth of resources including religious and literary texts as well as official political statements he pieces together a subtle account of how America's Puritan roots have fostered a specifically religious political culture that encourages hatred and suspicion of the Muslim World in domestic and foreign policy *Restoring Your Shield of Faith* Chuck D. Pierce, Robert Heidler, 2003-12-08 This message from Chuck Pierce and Robert Heidler likens our spiritual defense to that of the children of Israel while in battle Within the ranks there were those who carried huge shields to protect the bulk of the army And just as we fight spiritual battles today there is a mighty shield we can carry to protect us This shield of faith is one of the main ways we can resist our enemy's attacks We are fully capable of resisting the enemy's attacks but we must first be able to recognize how Satan fights His main weapons are to create fear and doubt in us and to tempt us to become complainers and murmurers If we succumb our faith is weakened The keys to increasing our faith are found in knowing the
