Shifting Alliances Church And State In English Schools:

Leading a Faith School: Understanding and developing your role as senior leader John Viner, 2009

Inclusion in the City Patricia Potts, 2013-10-18 Inclusion in the City explores inclusion and exclusion in the context of policy and practice in one English city Birmingham Here a commitment to redressing the inequalities experienced by many learners has been inhibited by difficulty in securing agreement to a definite policy for inclusion and consequently in sustaining initiatives for strengthening participation in community comprehensive education Grounded in an understanding of inclusion as a political and moral project the book presents a range of perspectives from policymakers and practitioners Detailed case studies based on research specially undertaken for this book relate inclusion to key issues in contemporary education such as the effects of selection by attainment faith schools and their communities single sex education and inclusive schools participation in further education and social mobility Insightful thought provoking and original Inclusion in the City detaches processes of inclusion and exclusion from the language of educational reform In so doing it highlights links between participation in education and poverty gender and cultural background as well as the absence of a link between urban and educational renewal

Crucible John Reader, 2014-10-02 Crucible is the Christian journal of social ethics It is produced quarterly pulling together some of the best practitioners thinkers and theologians in the field Each issue reflects theologically on a key theme of political social cultural or environmental significance

Educational Strategies Among Muslims in the Context of Globalization Holger Daun, Geoffrey Walford, 2004-01-01 This book presents an overview of Islamic educational institutions and the types of schools available for Islamic or mixed education in selected countries in Africa Southeast Asia Middle East and Europe

Religious Education Policy in Turkey and England: A Comparative Perspective Abdurrahman HENDEK, 2020-01-01

Reconstructing Religious, Spiritual and Moral Education Clive Erricker, Jane Erricker, 2012-11-12 Religious Education is now identified as a shortage subject as a growing number of pupils in schools opt for it The growing emphasis on children s moral and spiritual education the DfEE s hunt for new teachers OFSTED s calls for improvement and reinforced links with philosophy have pushed the subject into the spotlight Based on research and partnership with schools this book examines and explains the role of Religious Education in the curriculum the role of spirituality in children s lives better teaching practice giving practical examples

Religious Education Clive Erricker, 2010-04-12 The role of Religious Education in secondary schools is the subject of national and international debate This book examines the current debates surrounding RE and puts forward a new approach to teaching the subject that is non faith based and focused on conceptual enquiry and the development of a clear pedagogy The book is based on the Living Difference learning model developed in Hampshire and adopted in other parts of the UK which is sparking international discussion and provides an effective approach to implementing the new secondary curriculum The chapters include examinations of religious education and the curriculum an interdisciplinary approach to religious education the significance

of pedagogy and learners development planning progression assessment and delivery specific case studies and examples of good practice in schools theoretical grounding and the future of RE the effects of globalisation post modernity and multiculturalism Providing a basis for developing thinking about Religious Education its place in the curriculum and how it can be delivered effectively in schools this book is essential reading for tutors students and teachers Faith, Mission and Challenge in Catholic Education Gerald Grace, 2015-09-25 In the World Library of Educationalists international experts compile career long collections of what they judge to be their finest pieces extracts from books key article salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Readers will be able to follow the themes and strands and see how their work contributes to the development of the field Gerald Grace is renowned internationally for his research and teaching in the areas of Catholic education spirituality leadership and effectiveness in faith schooling and educational policy In Faith Mission and Challenge in Catholic Education Gerald Grace brings together 15 of his key writings in one place Starting with a specially written Introduction which gives an overview of his career and contextualises his selection within the development of the field the chapters cover the interactions of faith mission and spirituality in the development of Catholic education how to replace ideology polemic and prejudice in discussions about faith based schooling with evidence based argument understanding the distinctive nature of concepts such as leadership and effectiveness in faith based education using mission integrity as a key concept for the evaluation of contemporary Catholic schooling examining the interactions of Catholic values Catholic curriculum and educational policy developments This book not only shows how Gerald Grace s thinking developed during his career it also gives an insight into the development of the fields to which he contributed *Education Studies* Will Curtis, Stephen Ward, John Sharp, Les Hankin, 2013-12-06 Education Studies continues to grow as a popular undergraduate area of study This core text addresses themes common to all Education Studies courses It benefits from a large list of chapters from key contributors at key institutions This third edition has been completely revised and updated with the addition of seven new chapters Themes newly explored include gender research the power of money and status and alternatives to schooling This fully comprehensive text is accessibly written with learning features throughout to encourage students to approach issues critically Fully up to date and covering a huge range of themes for Education Studies students *Catholic Education: Distinctive and Inclusive* J. Sullivan, 2013-03-09 How coherent is the claim that Catholic education is both distinctive and inclusive This question so crucial both for the adequate articulation of a *raison d'être* for Catholic schools all over the world and also for the promotion of their healthy functioning has not hitherto been addressed critically Here it receives penetrating analysis and constructive resolution in a comprehensive treatment that integrates theological philosophical and educational perspectives The argument draws on wide ranging scholarship offering new insights into the relevance for Catholic education of thinkers whose work has been relatively neglected The advance in understanding of how distinctiveness relates

to inclusiveness is underpinned by the author's lengthy experience of teaching and leadership in Catholic schools it is further informed by his extended and continuing dialogue with Catholic educators at all levels and in many different countries

Policy and Politics in Education Geoffrey Walford, 2017-11-01 This title was first published in 2000 This is an examination of the sponsored grant maintained schools initiative These schools were an attempt to increase the diversity of schools within the state maintained sector so families would have a greater choice when selecting the most desirable school for their children Thus allowing schools to be run by religious and ethnic minority groups The book considers and analyzes the political nature of the policy formulation and implementation It examines the way the 1993 Education Act came to be formulated and follows its path within the changing social economic and political context of the years 1993 to 1998 The text examines the background to the applications for funding from religious minority and other groups and discusses the implications of such a changes in funding policy in the context of the 1998 School Standard and Framework Act

Challenges for Religious Education Richard Pring, 2019-11-19 Major social changes especially as a result the more multicultural nature of society have raised important issues about the teaching of religion and the rational basis of different religious faiths Challenges for Religious Education addresses and critically examines these changes and asks where religious education and Faith Schools fit within secular society and indeed whether there is still a place for them at all Analysing what religious education could look like if it were considered from a wider world views perspective that doesn't focus on a particular set of religious beliefs this book considers the reasonableness of holding a faith and therefore in teaching it the ongoing tensions between faith and reason arguments for and against the study of religious education whether modern secular thought is itself an ideology and the philosophical standpoints on the relationship between faith and reason Linking faith and reason with the issue of whether religious education is truly necessary in a modern world Challenges for Religious Education is a crucial read for anyone interested in the future of religious education teaching in a secular society
