Shining Ones:

The Shining Ones Philip Gardiner, Gary Osborn, 2012-01-01 The story of the mysterious ancient priesthood with a mission to preserve their secret knowledge to help humanity but also to control the development of the world **Shining Ones** David Eddings, 1994-07-02 NEW YORK TIMES BESTSELLER Sparhawk's legendary journey continues in Book Two of The Tamuli Years past the Child Goddess Aphrael had hidden Bhelliom the Stone of Power It rested at the very bottom of the deepest ocean that nevermore should its awesome power sing temptation to mortal men Then a menace arose a malign force wielding incomprehensible destruction across all the lands To halt that force of evil Sparhawk knight and queen's champion set out to retrieve the sapphire rose from its briny sleep even as his foes sought the gem for their own diabolical ends Sparhawk and his loyal companions must find the Stone and safeguard it both from those who sought to steal it and from the horrors those evildoers had already loosed upon the world The most feared of all the monsters that terrorized Tamuli were the Shining Ones dreaded glowing beings whose mere touch could melt human flesh from bone All too soon Sparhawk and his companions found themselves stalked by those fell creatures out of myth For the Shining Ones too had designs on Bhelliom designs that would change the very shape of the world **The Kingdom of the Shining Ones** Flower A. Newhouse, 2013-10 This is a new release of the original 1955 edition **The Shining Ones** Philip Gardiner, 2002 For many years now there has been an upsurge in revelation stories and alternative viewpoints on man's history People such as Graham Hancock and Lawrence Gardner have brought to light many new ideas and many new problems Now there is a new theory which is all encompassing and clearly brings into focus a more sinister reason behind the emergence of civilisation In his theory on Atlantis Graham Hancock is receiving much admiration and academic acclaim Standard academic thought is more towards the spontaneous eruption of civilisation across the globe with little or no explanation of why there are so many similarities between the cultures Now Philip Gardiner in his new book THE SHINING ONES is set to turn even this upon its head The theory is so simple that it begs the question why has it not been thought of before The reason for universal similarity of architecture language art travel and religious belief is quite simply an ancient and secret religious brotherhood who have hidden themselves deep within the symbols ciphers and codes of our ancient texts for hundreds of years They held a secret knowledge and power base which spread with them across the globe The very title that they have given themselves is hidden within the standard text and religious books we use every day The Shining Ones Put like this the whole thing can sound like an X Files conspiracy theory However the author has invested huge amounts of time and energy checking researching and seeking the advice of academics Now the theory is attracting the attention of historians who can see that the patterns are as subtle as this author proposes The fact is this theory does explain away all the problems with dating and variations that people such as Hancock have come up against Many academics and especially Egyptologists are now turning to this way of thinking and with Gardiner's spirit and broad knowledge in history and language the history of the ancients and

the secrets that they hold are becoming more clear There are of course dissenters The author has been accosted for his standpoint and there are still those hardened academics and even non academics who refuse to even listen However there is a major TV documentary in pre production stages and with interviews planned across the nation on radio and TV the message may soon be accepted as a credible theory

The Shining Ones Philip Gardiner, Gary Osborn, 2006 The Shining Ones were members of an advanced culture that was almost lost but their wisdom and their power survived They preserved the secrets of their advanced knowledge in mythology and legend they embedded their secret codes in symbolism in art architecture the mystery traditions and literary works including the Bible The authors have found traces of the influence of The Shining Ones in all the major religions with roots in the ancient world Gardiner and Osborn have discovered that their secrets and rituals have been hidden and preserved through the centuries by the Knights Templar the Rosicrucians and the Freemasons to the present day Furthermore they believe that the evolution of civilization has been manipulated by a secret and powerful group of initiates descended from The Shining Ones They can identify their influence behind science religion mysticism and philosophy and of course in the arena of powerful politics This is an extraordinary story of intrigue and power play at a very human and political level But it is also the revelation that the Shining Ones had knowledge of the deep spiritual truth that lies at the heart of mankind's yearning for an understanding of the meaning of life and to achieve salvation

[Jumpin' Jehovah](#) Paul Tice, 2007-07 With this book your views on God will never be the same With clear Biblical evidence Jehovah is shown to be an entity with no sense of ethics forgiveness or compassion Was Jehovah a god or a demon Why did he never promise a heaven or any kind of reward to his followers Does any entity that murders thousands of devoted followers deserve to be worshiped Jehovah has stopped punishing people in terrible ways so its probably safe to buy this book

The Shining Ones David Eddings, 1994 As he seeks to recover Bheiliom the lost jewel of power Sparhawk meets the Shining Ones beings whose touch brings death

Secret Societies Philip Gardiner, 2007-06-15 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world's most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code Throughout *Secret Societies* Gardiner Uncovers an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of

Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one

Gods and Giants ISHMAEL NINGISHZIDA, Giants and Gods is an in depth exploration of two fascinating and mysterious groups of beings that have captured the imagination of people for millennia the Biblical Nephilim and the Apkallu deities of Mesopotamia This book delves into the history and mythology surrounding these figures and examines their significance within both biblical and Mesopotamian narratives In the Bible the Nephilim are described as the offspring of angels and human women and are believed to have been a race of giants who lived before the Great Flood The Apkallu on the other hand were a group of seven divine beings in Mesopotamian mythology who were said to have been sent to earth by the god Enki to bring civilization to humanity Throughout the book we explore the fascinating similarities and differences between these two groups examining the religious and cultural context in which they emerged and the ways in which they have been interpreted over time We examine the biblical narrative of the Nephilim in detail including their origins their role in the Great Flood and their continued presence in Jewish and Christian tradition We also delve into the rich history and mythology surrounding the Apkallu deities examining their importance within the broader context of Mesopotamian religion and culture We explore the various texts and artifacts that reference the Apkallu and examine the ways in which they have been depicted in art and literature Overall Giants and Gods offers a fascinating journey through the ancient world exploring the intersection of religion mythology and history through the lens of two mysterious and intriguing groups of beings Whether you are a scholar of ancient history and religion or simply someone with a deep interest in these fascinating figures this book is sure to provide a wealth of insight and knowledge

EARTH: Sci-Fi Boxed Set - 24 Tales of Lost Worlds & Alternative Universes Jules Verne,George MacDonald,Arthur Conan Doyle,Edgar Rice Burroughs,Francis Bacon,Philip K. Dick,Abraham Merritt,H. Rider Haggard,Edward

Bulwer-Lytton, C. J. Cutcliffe Hyne, Gertrude Barrows Bennett, 2023-12-16 **THE HOLLOW EARTH Sci Fi Boxed Set 24 Tales of Lost Worlds Alternative Universes** offers readers an exhilarating journey through the imaginative landscapes of speculative fiction. This anthology magnificently captures the nuanced interplay between adventure, exploration, and the mysterious unknown. Brimming with surreal terrain and alternative realities, the collection presents a tapestry of narrative styles from the philosophical to the action-packed, encapsulating the late 19th and early 20th centuries' fascination with the uncharted and the enigmatic. Standout pieces illuminate worlds beneath our own, challenging perceptions and igniting the imagination. The anthology boasts contributions from a diverse group of literary pioneers who have indelibly marked the genre. Authors like Jules Verne and Philip K. Dick push the boundaries of exploration and the human condition, while Edgar Rice Burroughs and H. Rider Haggard offer gripping tales of lost civilizations. The assemblage reflects the era's fervor for scientific discovery and creative conjecture, intertwining the speculative with the profound. Each author draws from their unique cultural and historical milieu, collectively enriching the spectrum of narratives surrounding hidden realms and undiscovered terrains. This compendium is an essential read for enthusiasts eager to traverse the myriad dimensions of science fiction. **THE HOLLOW EARTH** masterfully intertwines diverse voices and styles, providing a singular literary expedition into speculative storytelling. It invites readers to uncover the educational richness and imaginative fervor behind each tale, prompting reflections on both historical context and futurist possibilities. Beyond mere entertainment, this anthology fosters a dialogue between its tales, offering valuable insights and expanding the boundaries of the genre itself.

Creation, Myths Old and New Colin Jamieson, 2014-10-28 Sir Karl Popper, the great philosopher, said: "The real mystery in life is that the universe itself seems to be creative." This book is an introduction to creativity with an essay on the connection between faith and fiction. It contains a few of the author's favorite ancient cultural myths, some folktales of recent times, and some original stories. These are ideal for reading to children. This book includes stories for families from our ancestors' great and unknown; some are contemporary, individualistic doodles in the sands of time that readers may simply enjoy. All of us should be telling the stories of our imaginations for the sake of our children and future generations, not only for their pleasure but wherein they might find a way forward through the mysteries and changes in life. The book has commentaries on the myths and finishes with an explanation of the purpose of myths that concludes with a challenge for modern myth-making.

Lunar Alchemy Shaheen Miro, 2020-08 **Lunar Alchemy** helps readers tap into the dark to find the gold. Rituals, exercises, and journaling prompts are all delivered in Shaheen's beautiful prose, setting the stage for deep exploration and lasting change. Theresa Reed, author of *Astrology for Real Life*, says: "Wherever you are in life, you are experiencing a phase. Just like the moon, you are on a journey from dark to light and back again, treading the path from inward journey to outward expression. And for whatever phase you may be in, there is magic to be discovered, magic that can transform your life." In **Lunar Alchemy**, Shaheen Miro, a much-loved intuitive and energy worker, offers a new way of moving through the world. As you read this book, Miro will teach you how to embrace the moon's

progression through the sky Something in you will be awakened a strange stirring of magic that has always been there Each phase of the moon writes Shaheen is an invitation to fully participate in your life experience and to ultimately shine your light in full glory The practices you will find here are available to anyone who is open to the prospect of awakening magic in their life for introspection radical self care and personal empowerment Shaheen shares here his profound and personal understanding of the moon and the ways in which she can enrich our lives By aligning yourself with the moon you ultimately learn your own ebb and flow of lunar energy and take up this path for personal transformation **The Book of Days** K.A.
