## Shining Star Magic Word:

*Magic Words* Emilie Maceroni, 1851      **Bright Star** Erin Swan, 2019-08-13 Erin Swan's YA fantasy debut *Bright Star* is an action-packed adventure tale of rebellion, romance, and finding one's voice in the heart of a storm. Paerolia has been at peace for two centuries and all is well in the land, or so it seems. Beneath the surface, a tyrant is rising to power. A traumatic experience in Andra's childhood has left her mute and subdued a servant in the Chief Judge's manor. But when an assassination team led by the secretive and alluring Kael infiltrates the manor and makes a quick escape, she takes her chance and flees with them. Andra is thrust into the ranks of a secret rebellion, a group of outcasts and believers seeking to overthrow the Chief Judge and replace the corrupt government with new members, ones who will restore and preserve the land they love. Now the girl who was once an outcast must somehow become the leader Paerolia needs. But she is stronger than she believes, and with the help of a fiercely loyal dragon, she may just be the one to lead them all to victory. **Magical Words (The Most Inexhaustible Source Of Magic In Your Life): Simply Intellectually SPIritual REvolution (Simply INSPIRE)** Ravi Anand, 2018-10-19 This book can be the start of a legendary story called YOU. Highly evolved human beings are successful; however, the question is why. Hope you find your answers in this book, and they reach the beautiful soul who is reading them. Ravi Anand, an author and motivational blogger, seeks to answer that question in this inspirational collection of maxims and principles. The magical words he shares include: Today, give someone a precious smile so contagious that it flows from your face to theirs in a fraction of a second. The true spirit of life is that when one dream fails or is shattered, you chase another, even bigger dream, and life goes on. When the mirror is intact, people stop and admire their beauty. When the mirror is broken, people step away and walk past. The fact is, only the perception changes, not the quality of image visible. There is no benchmark of success. If you try and imitate, then you are setting a limit. Remember, as athletes say, records are meant to be broken.

**Magic Words, Magic Worlds** Matthew Oliver, 2022-06-24 While all fiction uses words to construct models of the world for readers, nowhere is this more obvious than in fantasy fiction. Epic fantasy novels create elaborate secondary worlds entirely out of language, yet the writing style used to construct those worlds has rarely been studied in depth. This book builds the foundations for a study of style in epic fantasy. Close readings of selected novels by such writers as Steven Erikson, Ursula Le Guin, N. K. Jemisin, and Brandon Sanderson offer insights into the significant implications of fantasy's use of syntax, perspective, paratexts, frame narratives, and more. Re-examining critical assumptions about the reading experience of epic fantasy, this work explores the genre's reputation for flowery, archaic language and its ability to create a sense of wonder. Ultimately, it argues that epic fantasy shapes the way people think, examining how literary representation and style influence perception.
