Buddhist Spirituality Takeuchi Yoshinori, 2003-01-01 Of all the great religions it is Buddhism that has focused most intensively on that aspects of religion that we call spirituality No religion has ste a higher value on states of spiritual insight and liberation and none has set forth so methodologically and with such a wealth of reflection the various paths and with such a wealth of reflection the various paths and disciplines by which such states are reached The aim of the volumes on Buddhism is to survey the entire tradition both chronologically and geographically in the varieties of its historical forms and in the great diversity of its teachings **The Prince and the Monk** Kenneth Doo Young Lee, 2012-02-01 The Prince and the Monk addresses the historical development of the political and religious myths surrounding Sh toku Taishi and their influence on Shinran the founder of the J do Shinsh school of Pure Land Buddhism Sh toku Taishi 574 622 was a prince who led the campaign to unify Japan wrote the imperial constitution and promoted Buddhism as a religion of peace and prosperity Shinran s Buddhism developed centuries later during the Kamakura period which began in the late twelfth century Kenneth Doo Young Lee discusses Shinran s liturgical text his dream of Sh toku s manifestation as Kannon the world saving Bodhisattva of Compassion and other relevant events during his life In addition this book shows that Shinran s Buddhism was consistent with honji suijaku culture the synthesis of the Shinto and Buddhist pantheons prevalent during the Kamakura period **Young Man Shinran** Takamichi Takahatake, 2006-01-01 The Japanese Pure Land master Shinran 1173 1262 was a product of his age His angst in the period of the decay of the Dharma his subsequent search for spiritual liberation and his ultimate discovery of the path of the nembutsu could not have occurred isolated from the social temper of his time any more than his religious thought could have developed beyond the fabric of traditional Japanese Buddhist teachings and practices This study concentrates on the relationship between Shinran s experiences in the first half of his life and his historical and social environment Both the boldness and subtlety of his ideas begin to emerge in this examination moving beyond the hagiographical limitations often characteristic of research into the Shin tradition Numerous Shinran studies have been bound by the limitations of either purely historical or religious philosophical analysis But these two approaches have rarely been

combined and since Shinran's early life and his cultural environment together constitute not only the basis but also the matrix of his mature thought and practice such a combination reveals both the power of his ideas and the cultural factors that stimulated their development

Theology in the Context of World Christianity Timothy C. Tennent, 2009-05-26 Thinking more globally about the formation of theology enriches our understanding of what it means to be a Christian It's no secret that the center of Christianity has shifted from the West to the global South and East While the truths of the Christian faith are universal different contexts and cultures illuminate new questions understandings and expressions What does this mean for theology as Western theologians understand it Timothy Tennent argues that the Christian faith is culturally and theologically translatable Theology in the Context of World Christianity is written to expand our ecclesiastical cartography by highlighting within each of the major themes of systematic

theology studies that are engaging the global church such as Anthropology with studies drawn from the different views of human identity between Eastern and Western cultures Christology with a focus on the emphases that African Christians place on the characteristics of Christ Pneumatology by looking at the role of the Holy Spirit in Latin American Pentecostalism Eschatology by focusing on how this branch of theology shapes world missions and evangelism Each of the ten chapters examines traditional theological categories in conversation with theologians from across the globe making this volume valuable for students pastors missionaries and theologians alike Theological reflection is active and exciting in the majority world church and Tennent invites you to your own reflection and celebration of Christ s global church These are perspectives that should be heard considered and brought into conversation with Western theologians Global theology can make us aware of our own blind spots and biases and has much to offer toward the revitalization of Western Christianity

Dobbins, 2004-09-30 Eshinni 1182 1268 a Buddhist nun and the wife of Shinran 1173 1262 the celebrated founder of the True Pure Land or Shin school of Buddhism was largely unknown until the discovery of a collection of her letters in 1921 In this study James C Dobbins a leading scholar of Pure Land Buddhism has made creative use of these letters to shed new light on life and religion in medieval Japan He provides a complete translation of the letters and an explication of them that reveals the character and flavor of early Shin Buddhism Readers will come away with a new perspective on Pure Land scholarship and a vivid image of Eshinni and the world in which she lived After situating the ideas and practices of Pure Land Buddhism in the context of the actual living conditions of thirteenth century Japan Dobbins examines the portrayal of women in Pure Land Buddhism the great range of lifestyles found among medieval women and nuns and how they constructed a meaningful religious life amid negative stereotypes He goes on to analyze aspects of medieval religion that have been omitted in our modern day account of Pure Land and tries to reconstruct the religious assumptions of Eshinni and Shinran in their own day A prevailing theme that runs throughout the book is the need to look beyond idealized images of Buddhism found in doctrine to discover the religion as it was lived and practiced Scholars and students of Buddhism Japanese history women s studies and religious studies will find much in this engaging work that is thought provoking and insightful

Ama, 2021-02-01 *The Awakening of Modern Japanese Fiction* is the first book to treat the literary practices of certain major modern Japanese writers as Buddhist practices and to read their work as Buddhist literature. Its distinctive contribution is its focus on modern literature and importantly modern Buddhism which Michihiro Ama presents both as existing in continuity with the historical Buddhist tradition and as having unique features of its own. Ama corrects the dominant perception in which the Christian practice of confession has been accepted as the primary informing source of modern Japanese prose literature arguing instead that the practice has always been a part of Shin Buddhist culture. Focusing on personal fiction this volume explores the works of literary figures and Buddhist priests who challenged by the modern development of Japan turned to Buddhism in a variety of ways and used literature as a vehicle for transforming their sense of selfhood. Writers discussed include Natsume Soseki, Tayama Katai, Shiga Naoya, Kiyozawa Manshi and Akegarasu Haya. By bringing Buddhism out of the shadows of early twentieth century Japanese literature and elucidating its presence in both individual authors' lives and the genre of autobiographical fiction *The Awakening of Modern Japanese Fiction* demonstrates a more nuanced understanding of the role of Buddhism in the development of Japanese modernity.
