The Shisha Pangma Doug Scott, Alex MacIntyre, 2000 Now in paperback comes a lively adventure narrative of the first ascent of the southwest face of Shishapangma a classic which captures details from the historical to the personal 45 photos

Shisha Pangma Doug Scott, 1999 *Shishapangma* Doug Scott, Alex MacIntyre, 2014-04-10 In 1982 following the relaxation of access restrictions to Tibet six climbers set off for the Himalaya to explore the little known Shishapangma massif in Tibet Dealing with a chaotic build up and bureaucratic obstacles so huge they verged on comical the mountaineers gained access to Shishapangma's unclimbed South West Face where Doug Scott Alex MacIntyre and Roger Baxter Jones made one of the most audacious and stylish Himalayan climbs ever First published in 1984 as *The Shishapangma Expedition* Shishapangma won the first ever Boardman Tasker Prize for Mountain Literature Told through a series of diary style entries from all the climbers involved Shishapangma reveals the difficult nature of Himalayan decision making mountaineering tactics and climbing relationships Tense and candid the six writers see every event differently reacting in different ways and pulling no punches in their opinions of the other mountaineers quite literally at one point Nonetheless the climbers at the peak of their considerable powers and experience completed an extremely committing enterprise The example set by their fine climb survives and several new routes all done in alpine style have now been added to this magnificent face For well trained climbers such ascents are fast and efficient but the consequences of error misjudgement or bad luck can be terminal and sadly soon afterwards two of the participants were struck down in mountaineering accidents MacIntyre hit by stonefall on Annapurna's South Face and Baxter Jones being caught by an ice avalanche on the Aiguille du Triolet In addition their support climber Nick Prescott died in a Chamonix hospital from an altitude induced ailment Shishapangma is a gripping first hand account of the intense reality of high altitude alpinism 2002 American Alpine Journal , This special anniversary collection includes the 100 biggest accomplishments of American mountaineers the most important voice in American climbing the best books by American climbers and more Climbers of 2001's hottest new routes includes Kenton Cool Jonathan Copp Stefan Glowacz Alex and Tom Huber Stephen Koch Tim O'Neill Dean Potter Marko Preselj Mark Richey Raphael Slawinski and more **Unjustifiable Risk?** Simon Thompson, 2012-03-06 To the impartial observer Britain does not appear to have any mountains Yet the British invented the sport of mountain climbing and for two periods in history British climbers led the world in the pursuit of this beautiful and dangerous obsession Unjustifiable Risk is the story of the social economic and cultural conditions that gave rise to the sport and the achievements and motives of the scientists and poets parsons and anarchists villains and judges ascetics and drunks that have shaped its development over the past two hundred years The history of climbing inevitably reflects the wider changes that have occurred in British society including class gender nationalism and war but the sport has also contributed to changing social attitudes to nature and beauty heroism and death Over the years increasing wealth leisure and mobility have gradually transformed climbing from an

activity undertaken by an eccentric and privileged minority into a sub division of the leisure and tourist industry while competition improved technology and information and increasing specialisation have helped to create climbs of unimaginable difficulty at the leading edge of the sport But while much has changed even more has remained the same Today s climbers would be instantly recognisable to their Victorian predecessors with their desire to escape from the crowded complexity of urban society and willingness to take unjustifiable risk in pursuit of beauty adventure and self fulfilment Unjustifiable Risk was shortlisted for the Boardman Tasker prize in 2011 **High Risk** Brian Hall,2023-10-26 Winner Boardman Tasker Prize for Mountain Literature Winner Kekoo Naoroji Award for Himalayan Literature Winner Mountain Adventure Narrative Award New Zealand Mountain Film Book Festival The golden age of Himalayan mountaineering from the mid 1970s to the 1980s brought forth a generation of radical young climbers With tiny budgets and high ambitions they pioneered fast and light alpine style expeditions on mountains such as Jannu Nuptse Everest and K2 In High Risk Brian Hall recalls the outrageous adventures of eleven of his climbing friends who risked and often lost their lives to stand on some of the world s highest peaks during a legendary period in mountaineering history 8000 metres Alan Hinkes,2014-02-13 In this stunning large format book British mountaineer Alan Hinkes describes for the first time in one place his experiences of climbing all 14 of the peaks over 8000m the world s highest mountains in the Himalaya and Karakoram While the photographs despite being taken in impossible conditions capture the beauty and majesty of the mountain landscapes of the roof of the world the text describes the minute by minute struggle to survive in the death zone let alone climb to the summits often solo and in roaring winds and Arctic temperatures As well as reflecting on the Yorkshire childhood and first Alpine ascents that got him to his first 8000m summit attempt and the life that he has led and plans to lead since becoming the first Briton to reach all the 8000ers Alan recalls the climbing companions he met along the way several of whom have died in their beloved mountains the trek ins the base camps the setbacks and the triumphs A book to challenge and inspire mountain lovers everywhere

Adams Carter, **The British National Bibliography** Arthur James Wells, 2002 *One Day as a Tiger* John Porter, 2014-09-01 The wall was the ambition the style became the obsession In the autumn of 1982 a single stone fell from high on the south face of Annapurna and struck Alex MacIntyre on the head killing him instantly and robbing the climbing world of one of its greatest talents Although only twenty eight years old Alex was already one of the leading figures of British mountaineering s most successful era His ascents included hard new routes on Himalayan giants like Dhaulagiri and Changabang and a glittering record of firsts in the Alps and Andes Yet how Alex climbed was as important as what he climbed He was a mountaineering prophet sharing with a handful of contemporaries including his climbing partner Voytek Kurtyka the vision of a purer form of alpinism on the world s highest peaks One Day As A Tiger John Porter s revelatory and poignant memoir of his friend Alex MacIntyre shows mountaineering at its extraordinary best and tragic worst and draws an unforgettable picture of a dazzling argumentative and exuberant legend Tomaz Humar Bernadette McDonald, 2010-01-26 In August 2005 Toma Humar was trapped on a narrow ledge at 5900 metres on the formidable Rupal Face of Nanga Parbat He had been attempting a new route directly up the middle of the highest mountain face in the world solo After six days he was out of food almost out of fuel and frequently buried by avalanches Three helicopters were poised for a brief break in the weather to pluck him off the mountain Because of the audacity of the climb the fame of the climber the high risk associated with the rescue and the hourly reports posted on his base camp website the world was watching Would this be the most spectacular rescue in climbing history Or a tragic and very public death in the mountains Years before as communism was collapsing and the Balkans slid into chaos Humar was unceremoniously conscripted into a dirty war that he despised where he observed brutal and inhumane atrocities that disgusted him Finally he did the unthinkable he left and finally arrived home in what had become a new country Slovenia He returned to climbing and within very few years he was among the best in the world Reinhold Messner among others called him the most remarkable mountain climber of his generation His routes are seldom repeated most consider them to be suicidal yet he often climbs them solo As this book was being written he achieved the first ever solo ascent of the east summit of Annapurna Toma Humar has cooperated with Bernadette McDonald the distinguished former director of the Banff Festival and author of several books on mountaineering to tell his utterly remarkable story **Climbing** ,2001 **The National Geographic Magazine** ,2006 **The Himalayan Journal** ,1984

K2 Ed Viesturs, David Roberts, 2010-08-03 A thrilling chronicle of the tragedy ridden history of climbing the world s most difficult and unpredictable mountain by the bestselling authors of *The Mountain and No Shortcuts to the Top* Gripping reveals a good deal about the rarefied noble gonzo world of high altitude mountaineering The New York Times Ed Viesturs one of the world s premier high altitude mountaineers explores the remarkable history of K2 and of those who have attempted to conquer it At the same time he probes the mountain s most memorable sagas in order to illustrate lessons about the fundamental questions mountaineering raises questions of risk ambition loyalty to one s teammates self sacrifice and the

price of glory Viesturs knows the mountain firsthand He and renowned alpinist Scott Fischer climbed it in 1992 and got caught in an avalanche that sent them sliding to almost certain death before Ed managed to get into a self arrest position with his ice ax and stop both his fall and Scott s Focusing on seven of the mountain s most dramatic campaigns from his own troubled ascent to the 2008 tragedy Viesturs crafts an edge of your seat narrative that climbers and armchair travelers alike will find unforgettably compelling With photographs from Viesturs s personal collection and from historical sources this is the definitive account of the world s ultimate mountain and of the lessons that can be gleaned from struggling toward its elusive summit Alpinist ,2005
