Congress. House. Select Committee on Missing Persons in Southeast Asia,1975      Shooting the Messenger Paul Moorcraft,2011-10-31 Wars have dominated politics since history began In the modern era most of what the media reports on foreign conflicts comes from a small band of war correspondents As the furore over the Iraq Afghan and now the Libyan wars demonstrates Western governments and militaries often collude to keep their voters in the dark about the causes and the conduct of wars waged in their name In this entertaining and unspun account of modern war reporting the authors ask whether the media itself drives democracies to war Or does it serve to constrain evil ignorant and messianic leaders Are the heirs of William Howard Russell the first modern war reporter watchdogs or lapdogs In the age of Wikileaks and corrupt media empires what is the political impact of war correspondents Are they the heroes or harlots of their profession      **True Stories of Law & Order** Kevin Dwyer,Juré Fiorillo,2006-11-07 True Stories of Law Order reveals the fascinating and shocking facts behind 25 of the hit show s most popular episodes from the incredible account of how a woman s repressed memory leads to the solving of a 30 year old cold case to the high profile investigation of tranvestite millionaire Robert Durst And just like in Law Order the actual crime is just the beginning as you follow these cases from the initial stages of the investigation through the trial and up to the often controversial verdicts Part of the reason millions of fans tune in to Law Order is the gritty realism of its storytelling The monumentally popular show has included many episodes inspired by actual cases ripped from the headlines true crimes that are often stranger and more chilling than fiction      **Portable Video**
