Philosopher of Democracy and Humanism

edited by Paul Kurtz

Sidney Hook Philosopher Of Democracy And Humanism

Seymour Martin Lipset

Sidney Hook Philosopher Of Democracy And Humanism:

Sidney Hook Paul Kurtz,1983 Sidney Hook is considered by many to be America s most influential philosopher today An earlier defender of Marxism he became its most persistent critic especially of its totalitarian and revolutionary manifestations A student of John Dewey s pragmatism Sidney Hook has written extensively about most of the live moral social and political issues of the day He has known and debated many of the leading thinkers of the twentieth century such as Max Eastman Bertrand Russell Albert Einstein Jacques Maritain Mortimer Adler Robert Hutchins Paul Tillich Noam Chomsky and John Kenneth Galbraith Throughout his career which spans a half a century Sidney Hook has been a stalwart defender of the social democratic philosophy of freedom At a time when secular humanism has been under heavy criticism from the New Right he stands out as the leading philosophical representative of the position Virtually all of the essays in this volume were written especially for it The list of contributors includes Irving Kristol Antony Flew Nathan Glazer Lewis Feuer Daniel Bell Richard Rorty Ernest Nagel Edward Shils Seymour Martin Lipset Ernest van den Haag and others all of whom testified that their thinking has been profoundly influenced by Sidney Hook s wisdom and insight These original essays are wide ranging in scope but all are focused on Hook s philosophy or on subjects in which he has shown an abiding interest socialism democracy equality quotas higher education academic freedom humanism liberal education natural and human rights and pragmatism The book also contains a complete up to date bibliography of the writings of Sidney Hook *Philosophy and Public Policy* Sidney Hook,1981-09-01 Essays discuss freedom legal rights the concept of the hero religion culture and the role of government **Letters of Sidney Hook** Sidney Hook,Edward S. Shapiro,2015-05-20 Sidney Hook 1902 1989 is known for his participation in the public debates about communism the Soviet Union and the Cold War These letters drawn from the Hook collection at the Hoover Institution provide an insight into US intellectual and political history *The Disputed Legacy of Sidney Hook* Gary Bullert,2022-02-16 The Disputed Legacy of Sidney Hook examines the sixty year career of one of the foremost public intellectuals in the United States Sidney Hook s convictions were widely disseminated through books academic journals newspapers articles lectures and several organizations that he founded Hook s legacies include being a leading Marxist Leninist scholar his long standing commitment to secular humanism his legacy as a legendary polemicist his cultural conservatism if not neoconservatism and his defense of democracy and John Dewey s pragmatic and Cold War liberalism Bullert concludes that Hook s core philosophy is best typified by his Deweyan pragmatism vigilant anti communism and secular humanism **A Pragmatist Philosophy of Democracy** Robert B. Talisse,2013-08-21 In this book Robert B Talisse advances a series of pragmatic arguments against Deweyan democracy Drawing upon the epistemology of the founder of pragmatism Charles S Peirce Talisse develops a conception of democracy that is anti Deweyan but nonetheless pragmatist The result is a new pragmatist option in democratic theory **Young Sidney Hook** Christopher Phelps,2005 In the first biography of philosopher Sidney Hook since his death in 1989 Christopher Phelps vividly describes the neglected

early thought and political history of this important New York intellectual Phelps chronicles Hook's early years and explores the contributions young Hook made to social theory ethics politics epistemology and discussions of scientific method 12 photos [Sidney Hook on Pragmatism, Democracy, and Freedom](#) Sidney Hook, 2002 Sidney Hook is arguably America's most controversial intellectual After beginning his career as this nation's foremost Marxist scholar he became in the late 1930s the leading anticommunist intellectual and defender of freedom against all forms of totalitarianism This volume collects twenty five of Hook's most incisive essays in political philosophy Clustered into five main sections the essays discuss pragmatism and naturalism Marx and Marxism Democratic theory and practice and the defense of a free society In an insightful introduction editors Talisse and Tempio argue that underlying the wide range of subjects covered by Hook was his unwavering commitment to the method of intelligence which contends that any proposal whether scientific moral or political must be treated as a hypothesis to be confirmed or disconfirmed by the experimental evidence and deliberation of an unfettered community of inquiry The editors place this methodology at the core of all of Hook's philosophical and political work This excellent collection makes a superb introduction to the thought of a leading intellectual who for too long has been neglected by mainstream American philosophy **The Bloomsbury Encyclopedia of Philosophers in America** John R. Shook, 2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history [Quest for Being](#) Sidney Hook, 1991-12 One of America's best known social and political philosophers Sidney Hook compiled this fascinating combination of essays popular and technical addressing questions by professionals and lay readers alike Written between 1934 and 1960 these controversial essays generated heated discussion and polemic the echoes of which are still being heard Championing secularism humanism and naturalism Hook eloquently argues against the claim that religious experience and metaphysical insight alone can discover truths about existence and reality that rest outside the domain of scientific method or inquiry Crucial philosophical questions are discussed What is the role of philosophy in life Is philosophical knowledge

possible as distinct from scientific and commonsense knowledge Does determinism vacate moral responsibility Do religious and metaphysical beliefs possess cognitive meaning What is the core dispute between materialism and idealism Hook s provocative analyses will not only clarify these questions but stimulate readers to reassess their own views **Taking the Fight to the Enemy** Adam L. Fuller,2012-01-01 Neoconservatism is more of a disposition than a single political theory but it is an attitude that has had a profound impact on the broader conservative effort in the United States since the Fifties It is a unique blend of skepticism and fortitude about a host of wide ranging issues spanning culture economics and national defense This book looks at six neoconservative intellectuals Irving Kristol Gertrude Himmelfarb Norman Podhoretz Midge Decter Daniel Bell and Nathan Glazer and the intellectual influences on their thinking about the defects of communism fascism progressivism the dominant American culture and even capitalism itself This book looks at the gestation of political criticism within the pages of the neoconservatives own writings as well as the books they read and the thinkers they either learned from or came to fear The book looks at the ways in which the neoconservatives adapted Lenin s formula for success to conservative efforts in the United States arguing that neoconservatism is an anti ideology ideology in that it considers a New Class of professional ideologically motivated reformers to be the greatest problem facing the United States because of their increased efforts to technocratize ordinary life their moral relativism their efforts to usurp human nature and supplant it with their own utopian visions their anti Americanism and their unwillingness to face imminent dangers threatening the American way of life The book argues that the neoconservative political strategy is to take the fight to the enemy

Dictionary Of Modern American Philosophers John R. Shook,2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **Persuasions and Prejudices**

Irving Horowitz,2017-07-05 Review essays and statements written for special occasions may reveal as much about the writer as those written about this is the presumption undergirding this collection of thirty five years of criticism and commentary by Irving Louis Horowitz For this volume he selected his comments on famous near famous and infamous sociologists political scientists and assorted literary figures in between Taken as a whole this volume will surprise and delight readers who are

acquainted with Horowitz's other works as well as those who are interested in the people he writes about. The book covers notable social scientists from Arendt to Zetterberg and such major figures in between as Becker, Bell, de Jouvenel, Mills, Parsons, Solzhenitsyn and more than eighty others who have had an effect on the contemporary social and political landscape. Each is critically examined, sometimes positively, other times negatively. Horowitz was a major figure in his own right and his writing here displays the kind of refreshing frankness experts will expect and the general reader will appreciate. The underlying assumption behind the volume, giving its disparate parts a unified characteristic, is that together these observations on others amount to a general perspective on social science held by the author. Whether his larger ambition is accepted or disputed, there is no doubt that the volume provides a standard against which to measure the literary quality of writing in the world of professional social research.

Biographical Dictionary of Twentieth-Century Philosophers Stuart Brown, Diane Collinson, Robert Wilkinson, 2012-09-10. This Biographical Dictionary provides detailed accounts of the lives, works, influence, and reception of thinkers from all the major philosophical schools and traditions of the twentieth century. This unique volume covers the lives and careers of thinkers from all areas of philosophy, from analytic philosophy to Zen and from formal logic to aesthetics. All the major figures of philosophy, such as Nietzsche, Wittgenstein, and Russell, are examined and analysed. The scope of the work is not merely restricted to the major figures in western philosophy but also covers in depth a significant number of thinkers from the near and far east and from the non-European, Hispanic language communities. The Biographical Dictionary also includes a number of general entries dealing with important schools of philosophy, such as the Vienna Circle, or currents of thought such as vitalism. These allow the reader to set the individual biographies in the context of the philosophical history of the period. With entries written by over 100 leading philosophy scholars, the Biographical Dictionary is the most comprehensive survey of twentieth-century thinkers to date.

Structure The book is structured alphabetically by philosopher. Each entry is identically structured for ease of access and covers nationality, dates and places of birth and death, philosophical style or school, areas of interest, higher education, significant influences, main appointments, main publications, secondary literature, account of intellectual development, and main ideas, critical reception, and impact. At the end of the book, a glossary gives accounts of the schools, movements, and traditions to which these philosophers belonged, and thorough indexes enable the reader to access the information in several ways: by nationality, by major areas of contribution to philosophy (e.g. aesthetics), by major influences on the thinker concerned (e.g. Plato, Kant, Wittgenstein).

John Rawls and American Pragmatism Daniele Botti, 2019-10-11. The textual and contextual connections between John Rawls's intellectual figure and American pragmatism, broadly conceived, have become topics of discussion only recently. This is at least in part due to the fact that Rawls seemed to have taken a pragmatic turn in his intellectual trajectory from *A Theory of Justice* (1971) to *Political Liberalism* (1993). *John Rawls and American Pragmatism: Between Engagement and Avoidance* intervenes in these discussions with two unconventional claims, corroborated by archival research. First, Daniele

Botti shows that Rawls's thinking owes more to the American pragmatists' views than is generally recognized. Second and in the light of the pragmatist sources of Rawls's thinking, Botti argues that we should reverse the common narrative about Rawls's alleged pragmatic turn and interpret it as a quite unpragmatic one. By making the case for interpreting Rawls as an American pragmatist, this book profoundly transforms not only a widely held interpretation about Rawls's intellectual trajectory but also our understanding of American philosophical vicissitude in the second half of the twentieth century.

Theory and Research in Mass Communication David K. Perry, 2001-11-01 This updated edition presents a civic journalism treatment of the field of mass communication research. The sine qua non of the civic journalism movement seems to center around an implicit assumption that the human mind is an evolved part in the natural world, not a detached spectator as much traditional philosophy assumes. Thus it has attempted to encourage journalists and members of their audiences to participate actively in civic life. Applying the same idea to mass communication academics, this book focuses on the empirical consequences of their work, especially its possible impact on human life. It argues that researchers need to connect with the broader communities in which they live and considers the impact of media research on society. Features of the second edition include detailed updates of research evidence concerning the media violence issue, additional material concerning media ownership structures and their possible relationship to media content and effects, new material focusing on the impact of tobacco and alcohol advertising, updated and expanded section concerning the history of media studies, and an expanded discussion of philosophical issues pertaining to theory construction. This book is intended for graduate and advanced undergraduate students studying mass communication theory and related subjects such as communication theory, media effects, media literacy, and media and society.

The Management Of Success Kernial Singh Sandhu, Paul Wheatley, Kernial Singh Sandhu (A), 2019-06-19 A collection of analytical reflections on how the island of Singapore has been transformed from a colony in a crumbling empire into a thriving modern secular independent republic. These are the results of a five-year project by the Institute of Southeast Asian Studies.

Manifesto of a Passionate Moderate Susan Haack, 2000-04 Forthright and wryly humorous philosopher Susan Haack deploys her analytic skills on some of the most highly charged cultural and social debates of recent years: Relativism, multiculturalism, feminism, affirmative action, pragmatism, old and new science, literature, the future of the academy, and of philosophy itself. All come under her keen scrutiny in *Manifesto of a Passionate Moderate*. Haack's goal in these essays is to get beyond fads, fashions, obfuscations, and false dichotomies to the central and most essential questions: whether there is such a thing as truth, whether honest inquiry is possible or desirable, whether there is a real difference between knowledge and propaganda. There is, Haack argues, but serious inquiry is difficult and demanding; evidence can be ambiguous or misleading, and what passes for truth is sometimes false.

Civil Society and Class Politics Irving Louis Horowitz, 2017-07-12 Seymour Martin Lipset's work throughout a long and distinguished career has been stamped by several features: a powerful linkage of research data and social theory, innovative views of historical

events and a realization that politics is an activity native to all human beings voters and non voters democratic and non democratic systems and advanced and developing economies He has earned the right to be called a genuine pioneer in the field now recognized as political sociology In this special collection of professional comment and personal tribute some of Lipset s closest colleagues have gathered to review his life work in political sociology This volume includes essays on sociology and socialism the collapse of class politics political leadership the perpetuation of inequality across generations political extremism religion as a source of polarization working class authoritarianism and an examination of civil life in the United States across the century Among the contributors are Nathan Glazer Terry Nichols Clark Richard J Samuels Sidney Verba Nancy Burns Kay Lehman Schlozman Robert B Smith William Schneider Dick Houtman and Marcella Ridlen Ray The volume is further graced by two special features an academic memoir entitled Steady Work written by Lipset and a full scale bibliography of his books monographs and pamphlets In short this is a specialist volume for social scientists that can be easily enjoyed by readers outside the field This volume was initially presented as a double issue of The American Sociologist Horowitz was commissioned by the editor of the journal to serve as special editor for the volume In turn the contributions originated at a series of invited panels at the Eastern Sociological Society meetings in 2002 **Pragmatism** Russell B. Goodman, 2005 Presents key texts in and about pragmatism from its origins in nineteenth century America to its contemporary revival as an international and multi disciplinary phenomenon **Continental Divide** Seymour Martin Lipset, 2013-10-11 Seymour Martin Lipset s highly acclaimed work explores the distinctive character of American and Canadian values and institutions Lipset draws material from a number of sources historical accounts critical interpretations of art aggregate statistics and survey data as well as studies of law religion and government Drawing a vivid portrait of the two countries Continental Divide represents some of the best comparative social and political research available

Sidney Hook Philosopher Of Democracy And Humanism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sidney Hook Philosopher Of Democracy And Humanism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sidney Hook Philosopher Of Democracy And Humanism has opened up a world of possibilities. Downloading Sidney Hook Philosopher Of Democracy And Humanism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sidney Hook Philosopher Of Democracy And Humanism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sidney Hook Philosopher Of Democracy And Humanism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sidney Hook Philosopher Of Democracy And Humanism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sidney Hook Philosopher Of Democracy And Humanism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sidney Hook Philosopher Of Democracy And Humanism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading

practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sidney Hook Philosopher Of Democracy And Humanism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
