Tiger's Realm Kevin Grubbe,2008-09 *In Search of Tiger* Tom Callahan,2007-12-18 Tom Callahan has written the seminal book on golfing great Tiger Woods Woods who has gone out of his way to protect his privacy has never allowed himself to get close enough to a writer to be properly examined on the page And as a consequence his fans know relatively little about him except what s divulged in quick tournament interviews or the scarce information parsed out on occasion by one of his handlers Which is to say we know next to nothing about one of the most famous people in the world Callahan commonly regarded as one of the best all round sports writers in the country has followed Tiger around the world of golf for more than seven years enjoying a certain access to the man and his family He even went so far as to travel to Vietnam to learn the fate of the South Vietnamese soldier who was Earl Wood s best friend during the war and his son s namesake Tiger is twenty years old when the book opens and twenty seven when it closes During those years Callahan covered Woods at all the Majors including the Masters the U S Open and the British Open culminating in Tiger s heart stopping race to make history by clinching the string of Majors affectionately nicknamed the Tiger Slam As the pulse of golf was measured by the curve of his swing Tiger made everyone s heart skip a beat as he attempted to win the Grand Slam a year later Along the way Tom Callahan hears from everyone who is anyone in the world of Tiger Woods including Phil Mickelson Jack Nicklaus David Duval Butch Harmon Ernie Els and of course Tiger s rather ubiquitous mother and father As much as we learn about Tiger how he sees himself in relation to the courses he plays on and the players he has learned from and competed with we also enjoy a bird s eye view of golf as it is now with Tiger on the scene and as it was for centuries before In Search of Tiger catalogs and dissects moments and influences in Tiger s guarded life and unprecedented career moments that unveil him his awesome drive and his enormous talent Tom Callahan has written a classic of its kind a book to rank with the best in its genre He has done what few have even attempted he has found the real Tiger Woods

Weather Ruth Padel, 2009-05-26 Poet writer and descendant of Charles Darwin Ruth Padel set out to visit a tropical jungle and wildlife sanctuary in India and her visit turned into a remarkable two year journey through eleven countries in search of that most elusive and most beautiful animal the tiger Armed with her grandmother's opera glasses and Tunisian running shoes she set off across Asia to ask the question can the tiger be saved from extinction in the wild Tigers are an umbrella species they need everything in the forest to work in tandem they eat deer the deer need vegetation the vegetation has to be pollinated by birds mammals rodents and butterflies If you save the tiger you save everything else Today the 5 000 tigers that still survive in the wild live only in Asia and are scattered throughout 14 countries Padel says that while tigers will never become extinct they are too popular for that they may disappear from the wild There are as many tigers in cages in the US as there are surviving tigers in the wild As she travels she meets the defenders of the wild the heroic scientists forest guards and conservationists at the frontline fighting to save tigers and their forests from destruction in the places where poverty threatens to wipe out all wildlife She also examines her fascination both as a poet and as the great great granddaughter of Charles Darwin with nature wildness and survival and in the end becomes a knowledgeable advocate for the tiger The result
