Develop Children's Early Literacy Laurie Makin, Marian R Whitehead, 2003-12-20. How to Develop Children's Early Literacy is a practical guide designed to support all early literacy educators and addresses current issues relating to early literacy. **Infant and Toddler Development from Conception to Age 3** Mary Jane Maguire-Fong, Marsha

Peralta, 2018-11-16. Infants invite those caring for them to join as companions on an incredible journey. Infant and Toddler Development from Conception to Age 3 is a helpful guide to that journey. Each chapter taps a distinct area of research to shed light on babies' biological expectations for care and their amazing competence as active participants in that care. Because the shadow of adversity and trauma disrupts the journey for some, this book includes ways to help infants and families recover and heal. Exploring each domain of development with policy and practice recommendations, the authors offer important insights into how prenatals read and adapt to characteristics of their environment; how fetus and mother respond in sync to a cascade of hormones that facilitate healthy birth, breastfeeding, bonding, and immune system development; how infants search for proximity to caring, responsive others as a means of regulating physiological systems and making friends; how infants gather statistics on language through interactions with companions; how infants learn as they investigate objects and people within everyday play and interactions. **Book Features:** A complete picture of the dynamic nature of infant development from conception to 36 months of age; Draws from state-of-the-art science to shed new light on infants and toddlers as being amazingly aware, compassionate, and competent; A broad basis of information on which to make decisions about how to care for babies; written for both professionals and parents; Easy access to fascinating research findings that can be used to shape future policy in support of infants and families; User-friendly format includes Closer Look text boxes, photographs, illustrations, and figures. **Getting Your Child From No To Yes** Jerry Wyckoff, Barbara C. Nutrition: Of course, a big part of parenting is making sure that kids learn how to keep themselves healthy and fit for a lifetime. This chapter emphasizes good nutrition and eating habits for all ages; it will address biologic differences like number of taste buds and requirement for dozen exposures to taste to achieve change. Physical Activity: With the help of Joel Harper, fitness expert who appears on all of the YOU DVDs, this chapter will be filled with information and advice on how to make sure you kids are growing in all the right places. Taking Care of YOU: This chapter takes a step back to show how being a good parent also means taking care of yourself and your dreams in order to show your kids how to love. Tips on how parenting isn't always being selfless. With these topics and many more, America's most trusted doctors once again come to the rescue and teach parents the best ways to raise healthy, happy children.

Time to Talk Jean Gross, 2013-05-21. *Time to Talk* provides a powerful and accessible resource for practitioners to help develop their own skills as well as supporting a whole school or setting approach to speaking and listening. Written by the government's former Communication Champion for children, it showcases and celebrates effective approaches in schools and settings across the country. Jean Gross helpfully summarises research on what helps children and young people develop good language and communication skills and highlights the importance of key factors: a place to talk, a reason to talk, and support for talk. This practical and engaging book also provides whole class approaches to developing all children and young people's speaking and listening skills, catch-up strategies for those with limited language, ways in which settings and schools can develop an effective partnership with specialists such as speech and language therapists to help children with more severe needs, examples of good practice in supporting parents/carers to develop their children's language skills, answers to practitioners' most frequently asked questions about speech and language. This book is for all school leaders, teachers, and Early Years practitioners concerned about the growing number of children and young people with limited language and communication skills.
