the nature of reality and what it is to be human The New York Times Stories of Your Life and Others delivers dual delights of the very very strange and the heartbreakingly familiar often presenting characters who must confront sudden change the inevitable rise of automatons or the appearance of aliens with some sense of normalcy With sharp intelligence and humor Chiang examines what it means to be alive in a world marked by uncertainty but also by beauty and wonder An award winning collection from one of today s most lauded writers Stories of Your Life and Others is a contemporary classic Includes Story of Your Life the basis for the major motion picture Arrival The Cracked Lookingglass Albert Wachtel,1992 There are basic problems and if we can t solve them we should hold off on theorizing To begin at the beginning what was Father Flynn s great wish for the boy in The Sisters The uncle thinks he knows but is he right Can we be sure How And how about the beginning and end of An Encounter How do they fit together What is the specific import to the boy in Araby of the shards of conversation between the salesgirl and the Britishers Can we or Eveline be certain of Frank s motives in her story If not what relevance do they have And how in A Portrait of the Artist as a Young Man do Stephen s use and understanding of art evolve In what crucial respects do they fall short of the understanding a careful reader of the novel can attain What in Ulysses does Buck Mulligan have in mind when he demands twopence for a pint of what And in what ways are Bloom s ruminations about things like mity cheese that digests all but itself and saltwater fish Why is it that they are not crucial to the novel There are bigger questions What roles do all the accidental occurrences play Do they heighten or diminish causality and probability What are the functions of allusion and stylistic experimentation Is there any overriding significance s to the whole Is there a didactic component in Joyce s writing If so is the didactic element a flaw in his art What is the relationship between art and instruction in Joyce and in general Is good didactic art a contradiction in terms These latter questions are enticing but to speculate theorize deconstruct or decontextualize Joyce s works with regard to them without a firm understanding and perhaps even answers to the vital though sometimes seemingly trivial former questions is to abrogate critical responsibility and relinquish what one of the formative giants of the twentieth century has to say to us When relevant the former are almost always answerable and the mundane answers often surprising are frequently crucial not only for answering the latter questions but for fresh insight into both Joyce s world and our own By mapping routes to the revelations such mundane facts yield The Cracked Lookingglass establishes a firm base for future interpretations of Joyce s stories from Dubliners through Ulysses It approaches his works as fictional histories grounding its exemplary readings in relationships among the underlying facts of Joyce s created worlds The study presents both a method of inquiry and as examples of its fruit some of the ways in which the apparent undiscoverables of Joyce s fiction disclose new and indisputable insights into his characters and stories and through them our world The approach opens avenues of access to the depths of Dubliners to the assessments of art religion and human relationships in A Portrait of the Artist as a Young Man to the necessitous underpinnings of Joyce s experimentation in Ulysses the ground and justification of his uses of psychocausal
