

The Moment

The moment when, after many years
of hard work and a long voyage
you stand in the centre of your room,
house, half-acre, square mile, island, country,
knowing at last how you got there,
and say, I own this,

is the same moment when the trees unloose
their soft arms from around you,
the birds take back their language,
the cliffs fissure and collapse,
the air moves back from you like a wave
and you can't breathe.

No, they whisper. You own nothing.
You were a visitor, time after time
climbing the hill, planting the flag, proclaiming.
We never belonged to you.
You never found us.
It was always the other way round.

Nelson, 2023-05-25 Presents a new view of literary history by demonstrating how the earliest known Greek poets signposted their allusions to tradition **Behind the Poem** Robert Hull, 2019-08-09 Published in 1988 this book is a teacher's eye view of how children come to write and rewrite poems and of how they make aesthetic choices in their writing Drawing on over twenty years experience of teaching poetry in primary and secondary schools Robert Hull presents a detailed account of the process of writing poetry in the classroom The reader is invited almost in confidence to be witness to a skilled teacher's planning recognition and definition of children's emergent understanding and expertise The author adopts a non behaviourist model which stresses difficulty and uncertainty rejecting a simplistic assumption of linear progression predictability of outcome and short term results The many examples of poems written by the children demonstrate in a very vivid and impressive way the value of this approach All teachers not just of poetry will find this a fascinating and informed study and an inspiration for their own work in the classroom *The Magazine of Poetry and Literary Review* Charles Wells Moulton, 1892 *Howl, Kaddish and Other Poems* Allen Ginsberg, 2013-04-04 Allen Ginsberg was the bard of the beat generation and *Howl Kaddish and Other Poems* is a collection of his finest work published in Penguin Modern Classics including *Howl* whose vindication at an obscenity trial was a watershed moment in twentieth century history I saw the best minds of my generation destroyed by madness starving hysterical naked Beat movement icon and visionary poet Allen Ginsberg broke boundaries with his fearless pyrotechnic verse This new collection brings together the famous poems that made his name as a defining figure of the counterculture They include the apocalyptic *Howl* which became the subject of an obscenity trial when it was first published in 1956 the moving lament for his dead mother *Kaddish* the searing indictment of his homeland America and the confessional *Mescaline* Dark ecstatic and rhapsodic they show why Ginsberg was one of the most influential poets of the twentieth century Allen Ginsberg 1926-97 was an American poet best known for the poem *Howl* 1956 celebrating his friends of the Beat Generation and attacking what he saw as the destructive forces of materialism and conformity in the United States at the time He was inducted into the American Academy of Arts and Letters was awarded the medal of Chevalier de l'Ordre des Arts et des Lettres by the French Minister of Culture won the National Book Award for *The Fall of America* and was a co founder of the Jack Kerouac School of Disembodied Poetics at the

Naropa Institute the first accredited Buddhist college in the Western world If you enjoyed Howl Kaddish and Other Poems you might like Jack Kerouac's On the Road also available in Penguin Modern Classics The poem that defined a generation Guardian on Howl He avoids nothing but experiences it to the hilt William Carlos Williams **The judgment of the city, and other poems [by J.C. Kenworthy]**. John Coleman Kenworthy, 1889 *Contemporary British Poetry* James Acheson, Romana Huk, 1996-01-01 This collection of original essays focuses on new and continuing movements in British Poetry It offers a wide ranging look at feminist working class and other poets of diverse cultural backgrounds **The Embattled Lyric** Nathaniel Tarn, 2007 This book has two main subjects which are interwoven the attitudes of selected poets including Neruda Rilke Breton Celan and Artaud to the primitive and the archaic studied from an anthropologist's viewpoint and a model of the processes whereby poetry is produced and received built on the author's successful careers as both poet and anthropologist The book includes detailed biographical information about how Tarn went from being a French to an English to an American poet It also reveals the effect of a double career and of these moves on a unique body of poetry and theoretical work An extremely substantial interview serving also as an introduction to and discussion of the essays demonstrates that there is nothing like this work to be found elsewhere **The Oxford Handbook of Walt Whitman**, 2024-01-17 More than a century after his death Walt Whitman remains a fresh phenomenon Startling discoveries and massive transcription efforts are enabling new insights into his life and achievements In the past few years new breakthroughs have proliferated including the publication of a long lost Whitman novel Jack Engle along with a hitherto unknown health guide for urban men and previously undiscovered poems Myriad other documents have become more readily available including largely unmined troves of journalism narrative and documentary prose and experimental note keeping Leaves of Grass and Whitman's literary life as a whole are thus ripe for reconsideration The Oxford Handbook of Walt Whitman embraces this expanded view of Whitman and charts new pathways in Whitman Studies by bringing in new perspectives methods and contexts **Behind the Lines** Philip Metres, 2007-05 Whether Thersites in Homer's Iliad Wilfred Owen in Dulce et Decorum Est or Allen Ginsberg in Wichita Vortex Sutra poets have long given solitary voice against the brutality of war The hasty cancellation of the 2003 White House symposium Poetry and the American Voice in the face of protests by Sam Hamill and other invited guests against the coming shock and awe campaign in Iraq reminded us that poetry and poets still have the power to challenge the powerful Behind the Lines investigates American war resistance poetry from the Second World War through the Iraq wars Rather than simply chronicling the genre Philip Metres argues that this poetry gets to the heart of who is authorized to speak about war and how it can be represented As such he explores a largely neglected area of scholarship the poet's relationship to dissenting political movements and the nation In his elegant study Metres examines the ways in which war resistance is registered not only in terms of its content but also at the level of the lyric He proposes that protest poetry constitutes a subgenre that by virtue of its preoccupation with politics history and

trauma probes the limits of American lyric poetry Thus war resistance poetry and the role of what Shelley calls unacknowledged legislators is a crucial though largely unexamined body of writing that stands at the center of dissident political movements

Creativity and the Poetic Mind Jean Tobin,2004 Creativity and the Poetic Mind mingles the voices of well known writers such as Nikki Giovanni Donald Hall John Koethe Marge Piercy and Robert Pinsky with newer voices and includes engaging excerpts from interviews with thirty eight American poets Within a sustained argument about creative states of mind this book innovatively presents and explores the technique of going to the place as more reliable in writing poetry than waiting for inspiration It explains why poets frequently believe that talking about their own poetry may damage their creativity and why for centuries inspiration has seemed to come from somewhere beyond the poet In addition it discusses the practicality of poets thinking that being creative and writing poetry are two separate skills inspiration is unreliable but experienced poets create daily

[The Life and Poetry of Frank Stanford](#) James McWilliams,2025-07-01 The full throated biography fans have been yearning for Kirkus Starred Review April 2025 When twenty nine year old Frank Stanford put three bullets in his chest on June 3 1978 he ended a life that had been inextricably linked with poetry since childhood Deeply influential but largely unknown outside his corner of the poetry

world this prodigy of the American South inspired a cult following that has kept his reputation and work flickering on the periphery of the American literary tradition ever since *The Life and Poetry of Frank Stanford* offers for the first time a comprehensive study of Stanford's life and work introducing to a broad readership poetry that remains both captivating to poets and in its celebration of everyday experience over academic erudition accessible to those who rarely read poetry. Stanford's poems range from one line to his 15 283 line epic *The Battlefield Where the Moon Says I Love You*. The vital thread running through all of his poetry is an ear for language that vies with Walt Whitman in its expansiveness and generosity. Stanford's omnivorous attraction to vernacular particularly Black and rural vernacular centered on an admiration for the marginalized and eccentric. Blending the Southern Gothic of Faulkner and O'Connor with a racially egalitarian vision his poetry thrives on the stories and traditions of the oppressed and forgotten. The themes that preoccupied Stanford's prolific output language sex death class geography commercialism surrealism film race also preoccupied the poet in his daily life which was marked by heavy drinking philandering mental instability emotional abuse and through it all an inveterate desire for beauty. Constantly attentive to this tension biographer James McWilliams traces the short and painfully complicated life of this hidden talent who left a lifetime's worth of poetry that through its grounding in the mundane achieved a vision of the transcendent.
