Jacqueline Stevens, 2020-12-08 People are said to acquire their affiliations of ethnicity race and sex at birth Hence these affiliations have long been understood to be natural independent of the ability of political societies to define who we are **Reproducing the State** vigorously challenges the conventional view as well as post structuralist scholarship that minimizes state power Jacqueline Stevens examines birth based theories of membership and group affiliations in political societies ranging from the Athenian polis to tribes of Australia to the French republic to the contemporary United States The book details how political societies determine the kinship rules that are used to reproduce political societies Stevens analyzes the ways that ancestral and territorial birth rules for membership in political societies pattern other intergenerational affiliations She shows how the notion of ethnicity depends on the implicit or explicit invocation of a past present or future political society She also shows how geography is used to represent political regions including continents as the seemingly natural underpinning for racial taxonomies perpetuated through miscegenation laws and birth certificates And Stevens argues that sex differences are also constituted through membership practices of political societies In its chronological and disciplinary range **Reproducing the State** will reward the interest of scholars in many fields including anthropology history political science sociology women's studies race studies and ethnic studies *The Wedding of the Lamb* James L.

Papandrea, 2011-01-01 *The Wedding of the Lamb* does not fit into any of the traditional categories of interpretation for the book of Revelation The author uses historical sources to combine New Testament interpretation with the history of the

Roman early Christian period to present an interpretation that is meant to approximate the way the early Christians would have understood the text Far from a doomsday message the message of Revelation is one of hope for a Church in the midst of persecution The result is an interpretation which unlike the proliferation of fictionalized accounts of the end times recognizes that most of the images in the book of Revelation are references to events in the history of the Church **Bowker's Guide**

Macatangay, 2016-11-01 Sennacherib put to death many Israelites So I stole their bodies to bury them Sennacherib looked for them and he could not find them Why do we bury the dead To honor and respect them To provide closure and comfort to the living To provide the dead a final resting place Tobit buried the dead as the ultimate work of mercy and its pervasive presence in the narrative discourse of the book of Tobit invites reflection on and consideration of the reason for the practice of burial The narrative drama radiates a universal sense of what it means to be in exile namely that it is an experience of death Weaving together a complex of ideas related to Israelite interment practices and the reality of Israel's exile from the land given to them by God this book explores the significance of burial as it relates to God's outstanding promises and Tobit's hopes for the household of Jacob *Moses and God in Dialogue* Karla R. Suomala, 2004 In Exodus 32-34 through a series of dialogues Moses persuades God to spare the Israelites from destruction after they have made and worshipped a golden calf The significance of this passage was not lost on ancient interpreters At the heart of their concerns was the relationship between Moses and God as well as the extent to which the Divine could be swayed by human reason and passion For some the idea that God could be moved by human efforts was welcome providing hope in difficult times For others it was alarming after all God was not only supposed to be all powerful but immune to change This book evaluates the ancient reworkings of these dialogues translations rewritten Bible Midrash and Targum in light of the difference in power and position between Moses and God and its influences on the form of their communication
