Los Tiburones No Enferman De Cancer:

Los tiburones no enferman de cáncer I. William Lane, Linda Comac, 1994 Confrontando El Cancer Elmer Huerta, 2014-11-04 El mejor aliado del médico en la lucha contra el cáncer es un paciente motivado e informado. Qu esperas. Todo lo que necesitas saber para prevenirlo o dar la pelea y hasta ganar la batalla está en tus manos. El cáncer es una de las enfermedades más frecuentes y más temidas de la actualidad. Pero sabes que el cáncer no es una enfermedad moderna. Sabes que también pueden contraer la enfermedad los animales y las plantas. Y sabes que ha avanzado tanto el estudio y tratamiento de esta enfermedad que es cada vez más controlable. En Confrontando el cáncer descubrirás una guía imprescindible para despejar tus dudas con explicaciones claras y esenciales incluyendo: Qu es el cáncer y cuáles es su historia. Cómo se estudia el avance del cáncer en el cuerpo. Los diversos tratamientos del cáncer. La importancia de la prevención y la detección precoz. El futuro prometedor del tratamiento del cáncer. Para los pacientes y sus seres queridos que se enfrentan a esta enfermedad, el Dr. Huerta ofrece un faro que les permite ver el horizonte en ese mar agitado. Confrontando el cáncer es la nave que los llevará a un puerto seguro.

Cómo matar de hambre al cáncer Jane MacLelland, 2021-04-06 Jane McLelland tenía solo 30 años cuando le diagnosticaron cáncer. Unos años más tarde estaba en fase 4 o terminal y se había extendido a sus pulmones. Le dieron una esperanza de vida de doce semanas pero se negaba a creer que no existieran medicamentos o terapias eficaces. Su formación científica le permitió examinar y asimilar cientos de artículos de investigación y la conclusión a la que llegó la dejó asombrada. Habrá una nueva forma de tratar el cáncer entre la extrema toxicidad de la quimioterapia de dosis alta y las terapias alternativas. Una que pudiera sacar lo mejor de la medicina convencional así como de la complementaria. Será posible encontrar un tratamiento que privara a las células cancerosas de los nutrientes que necesitan como combustible. Existe la posibilidad de que algo matara de hambre al cáncer pero no a ella. Diecisiete años después Jane está viva, llena de energía, a salud libre de cáncer y luchando para cambiar la forma en que se trata a los pacientes de cáncer. Como matar de hambre al cáncer no es solo el conmovedor testimonio en primera persona de una enferma, ni la convincente historia de diagnósticos erróneos, cirugía, infertilidad, maternidad y amor contra viento y marea. Jane McLelland ofrece la oportunidad a los lectores de intervenir de forma activa en su tratamiento: encontrar los medicamentos que necesitan, revisar su dieta, usar suplementos que funcionan en sinergia con las terapias convencionales. Inspiración ante la incertidumbre de un diagnóstico de cáncer, superarlo e impedir que regrese.

Cuando el mundo se detiene Juan Fueyo, 2023-10-11 Tenía que escribir este libro porque se me cayó la mordaza porque ni los médicos ni los investigadores ni los pacientes deben callarse más. Callarse por qué. Ya no. La era del silencio sobre el cáncer se acabó. El nuevo libro de Juan Fueyo es sin duda su obra más esperada. El libro de mi vida en sus propias palabras, el más fácil y a la vez el más difícil de escribir, explica el autor. Cuando el mundo se detiene, fruto de más de veinticinco años de investigación en los campos de la medicina, la neurología y la investigación oncológica, ofrece una visión personal y sorprendente de una enfermedad que es una de las principales causas de muerte en todo el mundo y que

todavía no ha dejado de ser un enigma El autor presenta un análisis multifocal y multidisciplinario de las diferentes facetas médicas biológicas culturales históricas y sociales del cáncer La enfermedad se explica desde enfoques históricos y socioculturales sus principales causas los últimos avances en el diagnóstico así como los tratamientos más avanzados proyectando una visión holística del paciente como miembro de una sociedad un poco más libre de los estigmas del pasado **Cáncer** Emma
