Kidd, 2004 Will boys be boys What are little boys made of Kenneth B Kidd responds to these familiar questions with a thorough review of boy culture in America since the late nineteenth century From the boy work promoted by character building organizations such as Scouting and 4 H to current therapeutic and pop psychological obsessions with children s self esteem Kidd presents the great variety of cultural influences on the changing notion of boyhood Kidd finds that the education and supervision of boys in the United States have been shaped by the collaboration of two seemingly conflictive approaches In 1916 Henry William Gibson a leader of the YMCA created the term boyology which came to refer to professional writing about the biological and social development of boys At the same time the feral tale with its roots in myth and folklore emphasized boys wild nature epitomized by such classic protagonists as Mowgli in The Jungle Books and Huck Finn From the tension between these two perspectives evolved society s perception of what makes a good boy from the responsible son asserting his independence from his father in the late 1800s to the idealized sexually confident and psychologically healthy youth of today The image of the savage child raised by wolves has been tamed and transformed into a model of white middle class masculinity Analyzing icons of boyhood and maleness from Father Flanagan s Boys Town and Max in Where the Wild Things Are to Elin Gonzlez and even Michael Jackson Kidd surveys films psychoanalytic case studies parenting manuals historical accounts of the discoveries of wolf boys and self help books to provide a rigorous history of what it has meant to be an all American boy Kenneth B Kidd is assistant professor of English at the University of Florida and associate director of the Center for Children s Literature and Culture **Encyclopedia of AIDS** Raymond A. Smith, 1998-08-27 The Encyclopedia of AIDS covers all major aspects of the first 15 years of the AIDS epidemic including the breakthroughs in treatment announced

at the International AIDS Conference in July 1996 The encyclopedia provides extensive coverage of major topics in eight areas basic science and epidemiology transmission and prevention pathology and treatment impacted populations policy and law politics and activism culture and society and the global epidemic With more than 300 entries written by 175 specialists and illustrated with more than 100 photographs and charts the Encyclopedia of AIDS is an essential reference work for students at the undergraduate and graduate levels professionals in a wide variety of medical service and care fields academics researchers journalists and general readers

Living With Grief Kenneth J. Doka, 2013-02-01 Living With Grief Children Adolescents and Loss 2000 edited by Kenneth J Doka features articles by leading educators and clinicians in the field of grief and bereavement The chapters entitled Voices are the writings of children and adolescents The book includes a comprehensive resource list of national organizations and a useful bibliography of age appropriate literature for children and adolescents

Mending the Torn Fabric Sarah Brabant, 2016-11-03 The analogy of the torn fabric was first used by the author in response to a bereaved mother's cry I know what grief feels like I don't know what it looks like In Mending the Torn Fabric For Those Who Grieve and Those Who Want to Help Them the author expands the metaphor to include earlier and future or potential losses as well as losses associated with the death that may be unrecognized or minimized This book includes chapters that examine complications that may be present or may arise suggestions for mending even the most torn fabric and a chapter dedicated to friends who want to help Stories bereaved persons have shared with the author through the years are interspersed throughout the book to provide examples of loss and mending
