The Great War John Terraine, 1997

On War - Completed Carl von Clausewitz, 2016-11-09 The Germans interpret their new national colours black red and white by the saying *Durch Nacht und Blut zur Licht* Through night and blood to light and no work yet written conveys to the thinker a clearer conception of all that the red streak in their flag stands for than this deep and philosophical analysis of War by Clausewitz It reveals War stripped of all accessories as the exercise of force for the attainment of a political object unrestrained by any law save that of expediency and thus gives the key to the interpretation of German political aims past present and future which is unconditionally necessary for every student of the modern conditions of Europe Step by step every event since Waterloo follows with logical consistency from the teachings of Napoleon formulated for the first time some twenty years afterwards by this remarkable thinker What Darwin accomplished for Biology generally Clausewitz did for the Life History of Nations nearly half a century before him for both have proved the existence of the same law in each case viz The survival of the fittest the fittest as Huxley long since pointed out not being necessarily synonymous with the ethically best Neither of these thinkers was concerned with the ethics of the struggle which each studied so exhaustively but to both men the phase or condition presented itself neither as moral nor immoral any more than *vi* are famine disease or other natural phenomena but as emanating from a force inherent in all living organisms which can only be mastered by understanding its nature It is in that spirit that one after the other all the Nations of the Continent taught by such drastic lessons as Koniggratz and Sedan have accepted the lesson with the result that to day Europe is an armed camp and peace is maintained by the equilibrium of forces and will continue just as long as this equilibrium exists and no longer

The Silver Waterfall Brendan Simms, Steven McGregor, 2022-05-17 Eighty years after the stunning and decisive battle a revelatory new history of Midway The Battle of Midway was on paper an improbable victory for the smaller less experienced American navy and air force so much so that it

was quickly described as a miracle Yet fortune favored the Americans at Midway and the conventional wisdom has it that the Americans lucky streak continued as the war in the Pacific turned against the Japanese This new history demonstrates that luck let alone miracles had little to do with it In *The Silver Waterfall* Brendan Simms and Steven McGregor show how the efforts of America s peacetime navy combined with creative innovations made by designers and industrialists were largely responsible for the victory The Douglas Dauntless Dive Bomber a uniquely conceived fighting weapon delivered a brutally accurate attack the Japanese quickly came to dread Told through a vivid narrative Simms and McGregor show how the course of the war in the Pacific was dramatically altered emphasizing the crucial combination of a culture of innovation a brilliant contribution from immigrants and a vital intelligence coup that allowed the navy to orchestrate the devastating attack on the Japanese and dominate the Pacific for good *The Commercial & Financial Chronicle ...* ,1916 **Air**
