Microeconomics With Powerweb:

Microeconomics David C. Colander, 2001-06-01 Written in an informal colloquial style this student friendly principles of microeconomics textbook does not sacrifice intellectual depth in its quest for accessibility The author's primary concern is to instill economic sensibility in the student Colander emphasizes the intellectual and historical context to which the economic models are applied

Microeconomics Paul A. Samuelson, 2001-05 Microeconomics 17e by Samuelson and Nordhaus is the classic text which set the standard for principles of economics texts when it was introduced in 1948 This text has been the standard bearer in principles books for over 50 years presenting a clear accurate and interesting introduction to economics that allows students to study the world and see patterns of economic life Bill Nordhaus is now the primary author of this modern treatment of microeconomics which has been thoroughly updated *Principles of Microeconomics* John E. Sayre, Morris, Alan J. (Alan James), 2006 The Sayre Morris texts have been written for first year economic principles courses offered in colleges and universities In writing the text the authors have focused on four guiding principles Achieve a well written text the authors have developed a well written text that speaks directly to the student At the same time the text avoids unnecessary jargon abstraction and repetition Focus emphasis on the student students learn economics by doing economics Self test questions are positioned throughout each chapter to check for understanding and the authors have integrated a carefully crafted Study Guide with three levels of problems allowing students to master the basics as well as get reinforcement with the more difficult concepts Avoid an encyclopaedic text each text covers the course in 13 carefully crafted chapters allowing for a few extension topics ensuring that most of the text can be covered in the standard 12 or 13 weeks Provide a coherent package the authors have written the text instructor's manual and integrated Study Guide and have carefully supervised the development of the test bank PowerPoint slides and the Online Learning Centre content ensuring an integrated and comprehensive teaching and learning package *Microeconomics with Code Card and Powerweb*, 2003

Principles of Microeconomics + Powerweb + DiscoverEcon Code Card Robert H. Frank, Ben S. Bernanke, 2001 This brand new principles of microeconomics text is the most exciting new entry in years Written by two well known and well respected economists Bob Frank and Ben Bernanke the text seeks to teach introductory students the core economic concepts the essence of economics without overwhelming them with details Principles of Microeconomics presents the material in an intuitive way that avoids excessive math The authors introduce a well articulated short list of core principles reinforce them by illustrating and applying each principle in several contexts and then ask students to work exercises to see what they've learned The text seeks to create Economic Naturalists that is after reading the text students will ask and answer questions about their economic environment For example students will see Braille dots on drive up ATMs and ask why they're there Peppered with such thought provoking examples Frank and Bernanke not only engage students but teach them to see each feature of their economic landscape as the reflection of an implicit or explicit cost benefit calculation
