New Black Playwrights:

New black playwrights. An anthology edited and with an introduction by William Couch. (Third printing.). William COUCH,1970 *New Black Playwrights* William Couch,1988 **Contemporary African American Female Playwrights** Dana A. Williams,1998-06-30 Lorraine Hansberry's *A Raisin in the Sun* 1959 was a major dramatic success and brought to the world's attention the potential talent of African American women playwrights. But in spite of Hansberry's landmark contribution both the theater and the literary world have often failed to include contemporary African American female playwrights within the circle of production, publication and criticism. In African American drama anthologies, female playwrights are seldom given the degree of attention that is accorded their male counterparts. And because of space constraints, anthologies of works by women playwrights are forced to exclude numerous female dramatists, including African Americans. Meanwhile, some scholars have argued that the works of African American female playwrights are seldom produced in the mainstream theater because these plays frequently challenge the views of white America. But as *A Raisin in the Sun* demonstrates, plays by African American women dramatists can have a powerful message and are worthy of attention. A comprehensive research tool, this annotated bibliography sheds light on the often neglected works of contemporary African American female playwrights. Included within its scope are those dramatists who have had at least one work published since 1959, the year of Hansberry's monumental achievement. The first section provides a listing of anthologies that include one or more plays written by an African American female dramatist. The second gives entries for reference works and for scholarly and critical studies of the dramatists and their plays. The third presents a listing of published plays by individual dramatists, along with a summary of each drama, the works of each playwright that are related to drama, and secondary sources that treat the dramatists and their plays. Entries are accompanied by concise but informative annotations, and the volume closes with a list of periodicals that frequently publish criticism of African American female playwrights, a section of brief biographical sketches of the dramatists, and extensive indexes. **Contemporary African American Women Playwrights** Philip C. Kolin,2007-11-07 In the last 50 years, American and World theatre have been challenged and enriched by the rise to prominence of numerous female African American dramatists. *Contemporary African American Women Playwrights* is the first critical volume to explore the contexts and influences of these writers and their exploration of black history and identity through a wealth of diverse, courageous and visionary dramas. *New Black Playwrights* William Couch,1970 **Their Place on the Stage** Eliz Brown Guillory,1988-11-10 This study begins with a brief discussion of the African origins of African American theater and then moves into an analysis of the many women playwrights of the Harlem Renaissance. In the third chapter, the focus narrows down to the three playwrights who constitute the core of the study: Lorraine Hansberry, Alice Childress, and Ntozake Shange. In addition to a discussion of each of their major plays, Brown Guillory analyzes the tonal and structural forms of their plays and the image of blacks each woman creates. The three playwrights are linked in this study by

their portrayal of the black struggle in an inhumane society and by their common focus on the spirit of survival of African Americans ISBN 0 313 25985 2 37 95 *The Methuen Drama Book of Post-Black Plays* Eisa Davis, Christina Anderson, Marcus Gardley, Robert O'Hara, J. Nicole Brooks, Nikkole Salter, Danai Gurira, Diana Son, Young Jean Lee, 2013-12-02 Post black refers to an emerging trend within black arts to find new and multiple expressions of blackness unburdened by the social and cultural expectations of blackness of the past and moving beyond the conventional binary of black and white Reflecting this multiplicity of perspectives the plays in this collection explode the traditional ways of representing black families on the American stage and create new means to consider the interplay of race with questions of class gender and sexuality They engage and critique current definitions of black and African American identity as well as previous limitations placed on what constitutes blackness and black theatre Written by the emerging stars of American theatre such as Eisa Davis and Marcus Gardley the plays explore themes as varied as family and individuality alienation and gentrification and reconciliation and belonging They demonstrate a wide range of formal and structural innovations for the American theatre and reflect the important ways in which contemporary playwrights are expanding the American dramatic canon with new and diverse means of representation Edited by two leading US scholars in black drama Harry J Elam Jr Stanford and Douglas A Jones Jr Princeton this cutting edge anthology gathers together some of the most exciting new American plays selected by a rigorous academic backbone and explored in depth by supporting critical material **The Cambridge Companion to American Women Playwrights** Brenda Murphy, 1999-06-28 This volume addresses the work of women playwrights throughout the history of the American theatre from the early pioneers to contemporary feminists Each chapter introduces the reader to the work of one or more playwrights and to a way of thinking about plays Together they cover significant writers such as Rachel Crothers Susan Glaspell Lillian Hellman Sophie Treadwell Lorraine Hansberry Alice Childress Megan Terry Ntozake Shange Adrienne Kennedy Wendy Wasserstein Marsha Norman Beth Henley and Maria Irene Fornes Playwrights are discussed in the context of topics such as early comedy and melodrama feminism and realism the Harlem Renaissance the feminist resurgence of the 1970s and feminist dramatic theory A detailed chronology and illustrations enhance the volume which also includes bibliographical essays on recent criticism and on African American women playwrights before 1930 *The A to Z of African American Theater* Anthony D.
