Rebellious Body:

Transgressive Bodies Niall Richardson, 2016-02-17 In recent years the body has become one of the most popular areas of study in the arts social sciences and humanities Transgressive Bodies offers an examination of a variety of non normative bodies and how they are represented in film media and popular culture Examining the non normative body in a cultural studies context this book reconsiders the concept of the transgressive body establishing its status as a culturally mutable term arguing that popular cultural representations create the transgressive or freak body and then proceed to either contain its threat or s exploit it Through studies of extreme bodybuilding obesity disability and transsexed bodies it examines the implications of such transgressive bodies for gender politics and sexuality Transgressive Bodies engages with contemporary cultural debates always relating these to concrete studies of media and cultural representations This book will therefore appeal to scholars across a range of disciplines including media and film studies cultural studies gender studies sociology sports studies and cultural theory

Doing Rebellious Research , 2022-05-09 The ways in which research and scholarship are co produced co performed and proclaimed as particular kinds of knowledges and truths in and beyond the academy is radically changing The capacity to write rebelliously in varying registers and voices tempos and volumes as featured across this book is boundaryless In this edited volume we ask new questions which simultaneously trouble and open up what the product and performance of academic work words and worlds might come to be At the heart of this book we move between departing radically from academic writing to arriving at a new academic endeavor and transaction between reader and text driven by the invitation to open rebellion in academic research and writing This unique volume brings together an extraordinary range of international scholars researchers and artists that include contemporary social scientists critical theorists visual artists poets musicians hip hoppers choreographers activists film makers theatre makers magicians and circus artists from both within and outside the academy in Europe UK India Africa USA Canada Australia and New Zealand They articulate new concepts for thinking differently generate new theories differently and present new methods of writing differently This book provides permission to depart radically in academic writing and creative practice particularly for doctoral and higher degree research students and those who work alongside them as supervisors and advisors and higher research degree educators The claim here is that rebellious departures and performances in academic research and writing are the future of academia This book provides a series of steps toward preparing for that future

Rebellion and Revolution Melissa Etzler, Priscilla Layne, 2020-05-22 Rebellion and Revolution Defiance in German Language History and Art is a transnational collection of twelve essays by scholars of history literature and film It offers new perspectives on several of the key moments in history when the German revolutionary spirit was at its peak Inspired by both the 20th anniversary of the Fall of the Berlin Wall and the 40th anniversary of the student movements of 1968 this book contributes to current discourses on resistance by providing a retrospective look at events and time periods ranging from the German

Peasants War of 1525 to the American War for Independence and the French Revolution in the 18th century and from the tumultuous period of the Weimar Republic up until the final days of the German Democratic Republic This book not only provides a new outlook on important historical moments and sociopolitical issues rather the articles take a multidisciplinary approach to analyze a variety of artistic works inspired by historical rebellious movements This book provides a variety of theoretical interpretations which will be useful to readers interested in historiography gender studies rhetoric philosophy film music and literature

Uncovering the Body Ed Levine, 2005 Uncovering the Body provides a new perspective on how to experience and think about art and the artistic process It uses the bodily experience as the source and mode of engaging and experiencing work Our older ways of thinking about art imply the dualities of mind and body reason and feeling Author Ed Levine includes chapters on the following subject matter to explain his innovative philosophy Bodily thoughts and the intelligent flesh Art and ornithology artist as migratory bird The artistic process Looking into time Western culture is marked by dualities of mind and body and of body and spirit which have found their way into our thinking and understanding of art and the artistic process Thinking and experiencing through and by means of the body can dissolve these dichotomies and provide an alternative way of engaging and finding meaning in works of art Uncovering the Body provides an alternative to the postmodern interpretation of art It offers a point of view that moves beyond the limitations that postmodern thinking imposes on our understanding of art and its methods By reengaging our bodies we can establish a new relationship between art and ourselves

Sites of Dissent Alissa Starodub, 2021-10-27 Contemporary articulations of dissent to social order and its production of truth cannot be ignored any longer Hamburg during the G20 gathering Washington D C on the day of Trump s inauguration the squares and streets of Paris and Tunis at the end of 2018 Public space is temporarily taken by those who rise against the powers that keep structural oppression and social order in its place Not only riots but collective social centres protest camps and temporary as well as permanent occupations of lands and buildings are other utopian spatial alternatives created by autonomous social movements to prefigure a horizontal social organization This book discusses spatial practices of autonomous social movements the movements who see their everyday experiences and creations as the revolution they are

making together with these movements and in taking the diversity of their articulations into account Sites of Dissent is thus the story of a daring attempt to create research practices for radical transformation which requires a radical transformation of research practices During this attempt methodological rules of scientific research are broken and methodological heresy and wild experimentation with research practices take place Sites of Dissent aims at opening new possibilities of including diverse ways of knowing and speaking into a collective knowledge creation process at overcoming the individualized isolation in which the researcher produces knowledge about the outside world and it aims to create a space for collective learning about spatial practices of autonomous social movements to learn with and from the movements

Cogito and the Unconscious Slavoj Žižek, 1998-04-08 The Cartesian cogito the principle articulated by Descartes that I think therefore I am is often hailed as the precursor of modern science At the same time the cogito's agent the ego is sometimes feared as the agency of manipulative domination responsible for all present woes from patriarchal oppression to ecological catastrophes Without psychoanalyzing philosophy Cogito and the Unconscious explores the vicissitudes of the cogito and shows that psychoanalyses can render visible a constitutive madness within modern philosophy the point at which I think therefore I am becomes obsessional neurosis characterized by If I stop thinking I will cease to exist Noting that for Lacan the Cartesian construct is the same as the Freudian subject of the unconscious the contributors follow Lacan's plea for a psychoanalytic return to the cogito Along the path of this return they examine the ethical attitude that befits modern subjectivity the inherent sexualization of modern subjectivity the impasse in which the Cartesian project becomes involved given the enigmatic status of the human body and the Cartesian subject's confrontation with its modern critics including Althusser Bataille and Dennett In a style that has become familiar to Žižek's readers these essays bring together a strict conceptual analysis and an approach to a wide range of cultural and ideological phenomena from the sadist paradoxes of Kant's moral philosophy to the universe of Ayn Rand's novels from the question Which if any is the sex of the cogito to the defense of the cogito against the onslaught of cognitive sciences Challenging us to reconsider fundamental notions of human consciousness and modern subjectivity this is a book whose very Lacanian orthodoxy makes it irreverently transgressive of predominant theoretical paradigms Cogito and the Unconscious will appeal to readers interested in philosophy psychoanalysis cultural studies and theories of ideology Contributors Miran Božović Mladen Dolar Alain Grosrichard Marc de Kessel Robert Pfaller Renata Salecl Slavoj Žižek Alenka Župancić

Perfecting Training Witness Lee, 1990-06-01 According to Ephesians 4:11-16 we are first told that the gifts were given And He gave some apostles and some prophets and some evangelists and some shepherds and teachers This is the initial step then the result is unto the work of the ministry that is unto the building up of the Body of Christ How could the Body be built up By the growth in life Then out of the growth in life the function will come the operation in measure of each one part to cause the growth of the Body unto the building up of itself in love Thus there is the initial stage and then there is the result Between these two ends is the perfecting of the saints If there is no perfecting of

the saints all the gifts given by the Head become vain Also there will be nothing to cause the growth of the Body in life that functions may come out to build up the Body in love The crucial and central point in this portion of the Word is the perfecting of the saints Throughout the past years the Lord has been leading us in the ministry to perfect the saints for the growth in life so that the functions may come out to build up the Body in love

Stories of Sickness Howard Brody, 2002-10-31 Our personalities and our identities are intimately bound up with the stories that we tell to organize and to make sense of our lives To understand the human meaning of illness we therefore must turn to the stories we tell about illness suffering and medical care Stories of Sickness explores the many dimensions of what illness means to the sufferers and to those around them drawing on depictions of illness in great works of literature and in nonfiction accounts The exploration is primarily philosophical but incorporates approaches from literature and from the medical social sciences When it was first published in 1987 Stories of Sickness helped to inaugurate a renewed interest in the importance of narrative studies in health care For the Second Edition the text has been thoroughly revised and significantly expanded Four almost entirely new chapters have been added on the nature complexities and rigor of narrative ethics and how it is carried out There is also an additional chapter on maladaptive ways of being sick that deals in greater depth with disability issues Health care professionals students of medicine and bioethics and ordinary people coping with illness no less than scholars in the health care humanities and social sciences will find much value in this volume Unique Features Philosophically sophisticated yet clearly written and easily accessible Interdisciplinary approach combines philosophy literature health care social sciences Contains many fascinating stories and vignettes of illness drawn from both fiction and nonfiction A new and comprehensive overview of the hot topic of narrative ethics in medicine and health care

The Vagina: A Literary and Cultural History Emma L. E. Rees, 2013-08-01 From South Park to Kathy Acker and from Lars Von Trier to Sex and the City women's sexual organs are demonized Rees traces the fascinating evolution of this demonization considering how calling the c word obscene both legitimates and perpetuates the fractured identities of women globally Rees demonstrates how writers artists and filmmakers contend with the dilemma of the vagina's puzzlingly covert visibility In our postmodern porn obsessed culture vaginas appear to be everywhere literally or symbolically but crucially they are as silenced as they are objectified The

Vagina A Literary and Cultural History examines the paradox of female genitalia through five fields of artistic expression literature film TV visual and performance art There is a peculiar paradox unlike any other regarding female genitalia Rees focuses on this paradox of what is termed the covert visibility of the vagina and on its monstrous manifestations That is what happens when the female body refuses to be pathologized eroticized or rendered subordinate to the will or intention of another Common and often offensive slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women s lived sexual experiences such that we don t look at the vagina itself slang offers a convenient distraction to something so taboo The Vagina A Literary and Cultural History is an important contribution to the ongoing debate in understanding the feminine identity

Rebellious Body Introduction

In today's digital age, the availability of Rebellious Body books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rebellious Body books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rebellious Body books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rebellious Body versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rebellious Body books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rebellious Body books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rebellious Body books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rebellious Body books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rebellious Body books and manuals for download and embark on your journey of knowledge?
