Rebuilding The Land Of Israel:

Rebuilding the Land of Israel Gershon Canaan,1954 Rebuilding the Land of Israel Anatole A. Solow,1954 The Restoration of Israel Michael E. Fuller,2012-02-14 This study identifies and explores texts of restoration in a wide selection of Early Jewish Literature in order to assess the variety of ways in which Jews envisioned Israel's future restoration Particular attention is given to the expression of restoration in what is identified in the present study as the exilic model of restoration In this model Israel's restoration is characterized by the features of a a future re gathering b the fate of the nations and c the establishment of a new Temple The present work focuses primarily on the first two features Through this framework Jews in the Greco Roman period could draw on Israel's history and legacy but re appropriate exile and return in new and creative ways Finally the writing of Luke Acts is investigated for its ideas of restoration and its indebtedness to Early Jewish traditions

The Future Restoration of Israel Stanley E. Porter,Alan E. Kurschner,2023-06-02 This volume is the most extensive of its kind as a major set of collected essays from a wide range of scholars on the question of the promises of God to Israel These essays put forward the position that unconditional promises were given to Israel which have not been fulfilled in the church or any other entity At the consummation there will be a continuing role for the Jews realized through their national and territorial hope of a restored redeemed Israel This volume contains an eclectic group of contributors who have reached this position from various approaches to interpretation The essays exhibit both positive argumentation and engagement with supersessionist literature **The Land of Israel in the Book of Ezekiel** Wojciech Pikor,2018-05-31 Pikor analyzes the land of Israel in the book of Ezekiel showing how its preoccupation with the Babylonian exile and the loss of the Promised Land that this entails is directly linked to the danger this poses to Israel's covenant with God Pikor examines the motif of land in its literary and historical contexts and in relation to the oracles of salvation in chapters 34-39 as well as the vision of the new Israel and the return of Yahweh's Glory to the temple Pikor begins by examining the motif of land in its literary and historical contexts The main body of the book then addresses specific sections of Ezekiel Chapter two analyzes the oracles of punishment addressed to Israel in which the land undergoes a process of anthropomorphization Chapter three situates the punishment experienced by Ezekiel and his listeners in a broader historical context suggested by the prophet in Ezekiel 20 Chapter four analyses the oracles of salvation in Ezekiel 34-39 in which the restoration of the land of Israel remains intertwined with the promise of the new covenant Finally chapter five addresses the closing vision of the new Israel Ezekiel 40-48 which is characterized by the territorial dimension of the future restoration This feature is shown via analysis of the rhetoric of the land the crucial element of which is the return of Yahweh's Glory to the temple God's presence adds sacral value to the land in which his covenant with his people is to be realized The covenant will be finalized through Israel's repopulation of the renewed land *Israel Digest* ,1954 *Rebuilding the Land of Israel (a Haven for Jewish Wanderer, a Homestead for the Jewish Pioneer)*. United Palestine Appeal,1926 *Restoration* James Scott,2021-10-01 The restoration of

Israel is one of those subjects which although crucial to our understanding of early Judaism has not received the focused attention it needs and deserves. These seminal essays written by an international group of eminent scholars introduce the reader to the subject of restoration in a roughly chronological approach beginning with the formative period the Old Testament followed by the Greco Roman period formative Judaism and early Christianity. These essays endeavor not merely to survey what is currently known about the subject from various vantage points but rather to extend what is knowable in each case. This volume will stimulate much interest in the subject of restoration and will shape the future course of the scholarly discussion.

The Restoration of Israel Gerhard Falk, 2006. The restoration of Israel to the Holy Land was originally an English Protestant idea. Jewish Zionism came later and succeeded only because of the Holocaust. The principal impetus for the promotion of a Jewish return to Zion was religious and began with the translation of the Bible from the Hebrew to English by Tindale. Because literature in the English language depicted Jews almost always in an unfavorable light, both British and American religious and political leaders were ambivalent about Jews. Nevertheless, the religious impulse to restore Israel became political in the twentieth century and succeeded with the establishment of the Jewish state in 1948.

All Things New Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2019-09-30. The Christian faith presents a distinctive vision of last things that God in Christ aims to reconcile the world to himself and through his Spirit and a new people to set all things to right. This good news is for all nations and peoples, but for too long the Christian doctrine of eschatology has focused on debates and arguments rooted solely in the Western church. In *All Things New*, leading theologians and biblical scholars from Africa, Asia, Latin America, and North America offer readers a glimpse of how Christians around the globe are perceiving and describing the Christian hope. The result is a remarkably refreshing and distinctive vision of eschatology guaranteed to raise new questions and add new insights to the global church's vision of the eschaton.

Rebuilding a Land Keren Hayesod, 1922. *Christian Zionism and the Restoration of Israel* Colin Chapman, 2021-03-31. How should Christians today understand the many promises and prophecies in the Old Testament about the future of Israel and its land? Are Christian Zionists justified in believing that these have been fulfilled in the return of Jews to their land since the 1880s and the creation of the State of Israel in 1948? This book discusses all the key texts about the restoration of Israel that are quoted in these debates, questioning the Christian Zionist interpretation and offering an alternative. This is followed by a detailed study of two important Old Testament texts dealing with the future of Israel: Ezekiel 33:47 and Zechariah 9:13, understanding them in their original context and exploring how they are interpreted in the New Testament. This is no theoretical ivory tower debate. We are dealing here with the most bitter and protracted conflict of the last 150 years, and the way we interpret the Bible has profound political consequences.

The Land of Canaan and the Destiny of Israel David Frankel, 2011-06-30. What part does the land of Canaan play in the biblical conception of Israel? To what extent does the religion promoted by the Hebrew Bible require that Israel live its communal life in the national homeland? And how does life in the land compare in importance with

other elements presented as belonging to Israel's ultimate destiny such as for example adherence to the law To what extent must the people of Israel take hold of and settle in the entire land of Canaan for them to fulfill their destiny Might the land be shared with other peoples or must non Israelites be expelled and subjugated or at least kept at a safe and isolated distance Frankel asks these questions and others of the Hebrew Bible as a whole and of the biblical texts individually He shows that all of these questions were addressed by various biblical authors and that diverse and even opposing answers were given to them These issues are not completely new Many of them have been addressed in recent times by various scholars and theologians who have taken a renewed interest in the territorial dimension of the Hebrew Bible However works of a predominantly theological or sociological orientation often suffer from a tendency to read the biblical texts holistically and to gloss over textual snags and inconsistencies For Frankel the snags and inconsistencies in the texts are of central importance They allow him carefully to reconstruct the process of the growth of the texts in question and to reveal both their original forms and their final transformations at the hands of the editors Frankel's analysis shows that behind the present form of several biblical texts lie earlier versions that often displayed remarkably open and inclusive conceptions of the relationship between the people of Israel and the land of Canaan Diachronic analysis of the biblical text is thus an essential component in this book's attempt to retrieve something of the heated theological dynamic that animated the work of the authors and editors whose efforts were consummated in the formation of the Hebrew Bible Frankel presents here many new and previously unrecognized biblical conceptions and traditions that have significant theological implications for the contemporary religious and political situation in the State of Israel Once the biblical conceptions have been accurately identified analyzed and categorized he opens a discussion of the possible relevance of these conceptions to the contemporary situation in which he lives

Traditions of Judgement and Restoration Steven M. Bryan,2002-05-02 *Jesus and Israel's Traditions of Judgement and Restoration* examines the eschatology of Jesus by evaluating his appropriation of sacred traditions related to Israel's

restoration It addresses the way in which Jesus future expectations impinged upon his understanding of key features of Jewish society Scholars have long debated the degree to which Jesus eschatology can be said to have been realized This 2002 book considers Jesus expectations regarding key constitutional features of the eschaton the shape of the people of God purity Land and Temple Bryan shows that Jesus anticipation of coming national judgement led him to use Israel s sacred traditions in ways that differed significantly from their use by his contemporaries This did not lead Jesus to the conviction that Israel s restoration had been delayed Instead he employed Israel s traditions to support a different understanding of restoration and a belief that the time of restoration had arrived
