The Russian General Staff and Asia, 1860-1917 Alex Marshall, 2006-11-22 This new book examines the role of the Tsarist General Staff in studying and administering Russia's Asian borderlands It considers the nature of the Imperial Russian state the institutional characteristics of the General Staff and Russia's relationship with Asia During the nineteenth century Russia was an important player in the so called Great Game in central Asia Between 1800 and 1917 officers of the Russian General Staff travelled extensively through Turkey central Asia and the Far East gathering intelligence that assisted in the formation of future war plans It goes on to consider tactics of imperial expansion and the role of military intelligence and war planning with respect to important regions including the Caucasus central Asia and the Far East In the light of detailed archival research it investigates objectively questions such as the possibility of Russia seizing the Bosphorus Straits and the probability of an expedition to India Overall this book provides a comprehensive account of the Russian General Staff its role in Asia and of Russian military planning with respect to a region that remains highly strategically significant today *China and Japan in the Russian Imagination, 1685-1922* Susanna Soojung Lim, 2013-03-05 Throughout the centuries as Russia strove to build itself into an imperial power equal to those in the West China and Japan came to occupy a special place in Russians view of the orient Never colonised by Russia or the West China and Japan were linked not only to the greatest of Russian imperial fantasies but also conversely to a deep sense of insecurity regarding Russia's place in the world a sense of insecurity which deepened as China and Japan began to modernise in the later nineteenth century Drawing on a wide range of works by Russian writers and thinkers Lim sets out how Russian perceptions of China and Japan were formed from Muscovy's first contacts with China in the late seventeenth century through to the aftermath of Russia's defeat by Japan in the early twentieth century History of Humanity: From the sixteenth to the eighteenth century Peter Burke, Sigfried J. de Laet, 1994 The fifth volume of the this series examines historical events and cultural social and political structures which were introduced between the 16th and 18th centuries Ferdinand Verbiest, S.J. (1623-1688) and the Chinese Heaven Noël

Golvers, Ferdinand Verbiest, 2003 This book describes more than 220 copies of various astronomical publications by the missionary Ferdinand Verbiest S J 1623 1688 sent from Peking **The Sino-Japanese War of 1894-1895** S. C. M. Paine, 2003 Table of contents **The Russian Orthodox Community in Hong Kong** Loretta E. Kim, Chengyi Zhou, 2021-08-23 Hong Kong has been a unique society from its establishment as a political region separate from mainland China in the nineteenth century under British colonial rule until the present day as a special administrative region of the People's Republic of China A hub of interregional and international migration it has been the temporary and long term home of people belonging to many racial ethnic and cultural groups This book examines the evolution of the community established by clergy and congregants of the Russian Orthodox Church This community was first developed in the 1930s and then revived after a hiatus of over two decades from the 1970s to the 1990s with the founding of the Orthodox Parish of Apostles Saints Peter and Paul OPASPP at the turn of the twenty first century This study demonstrates how the OPASPP has become a vital provider of knowledge about Russian language and culture as well as a religious institution serving both heritage and convert believers The community formed by and around the OPASPP is important to foster Sino Russian relations based on individual to individual contact and mutual exposure to Chinese and Russian cultures in a region of China which allows spiritual and social diversity with minimal political constraints Imperial Rivals Sarah C.M. Paine, 2023-05-31 Based on archival research this is a history of the Russo Chinese border which examines Russia's expansion into the Asian heartland during the decades of Chinese decline and the 20th century paradox of Russia's inability to sustain political and economic sway over its domains **Russian Orientalism** David Schimmelpenninck van der Oye, 2010-04-20 Here the author examines Russian thinking about the Orient before the Revolution of 1917 He argues that the Russian Empire's bi continental geography and the complicated nature of its encounter with Asia have all resulted in a variegated understanding of the East among its people *Eastern Orthodox Mission Theology Today* James J. Stamoolis, 2001-11-02 The purpose of the ASM Series is to publish without regard for disciplinary national or denominational boundaries scholarly works of high quality and wide interest on missiological themes from the entire spectrum of scholarly pursuits e.g. theology history anthropology sociology linguistics health education art political science economics and development to articulate but a partial list Always the focus will be on Christian mission By mission in this context is meant a cross cultural passage over the boundary between faith in Jesus Christ and its absence In this understanding of mission the basic functions of Christian proclamation dialogue witness service fellowship worship and nurture are of special concern How does the transition from one cultural context to another influence the shape and interaction of these dynamic functions Missiologists know that they need the other disciplines And other disciplines we dare to suggest need missiology perhaps more than they sometimes realize Neither the insider's nor the outsider's view is complete in itself The world Christian mission has through two millennia amassed a rich and well documented body of experience to share with other disciplines Interaction will be the hallmark of this Series It

desires to be a channel for talking to one another instead of about one another Secular scholars and church related missiologists have too long engaged in a sterile venting of feelings about one another often lacking in full evidence Ignorance of and indifference to one another's work has been no less harmful to good scholarship The promotion of scholarly dialogue among missiologists may at times involve the publication of views and positions that other missiologists cannot accept and with which members of the Editorial Committee do not agree The manuscripts published reflect the opinions of their authors and are not meant to represent the position of the American Society of Missiology or the Editorial Committee of the ASM Series We express our warm thanks to various mission agencies whose financial contributions enabled leaders of vision in the ASM to launch this new venture The future of the ASM series will we feel sure fully justify their confidence and support

William J Danker Chairperson ASM Series Editorial Committee The Cambridge History of Christianity: Volume 7, Enlightenment, Reawakening and Revolution 1660-1815 Stewart J. Brown, Timothy Tackett, 2006-12-07 The Cambridge History of Christianity offers a comprehensive chronological account of the development of Christianity in all its aspects theological intellectual social political regional global from its beginnings to the present day Each volume makes a substantial contribution in its own right to the scholarship of its period and the complete History constitutes a major work of academic reference Far from being merely a history of Western European Christianity and its offshoots the History aims to provide a global perspective Eastern and Coptic Christianity are given full consideration from the early period onwards and later African Far Eastern New World South Asian and other non European developments in Christianity receive proper coverage The volumes cover popular piety and non formal expressions of Christian faith and treat the sociology of Christian formation worship and devotion in a broad cultural context The question of relations between Christianity and other major faiths is also kept in sight throughout The History will provide an invaluable resource for scholars and students alike How did Christianity fare during the tumultuous period in world history from 1660 to 1815 This volume examines issues of church state society and Christian life in Europe and in the wider world It explores the intellectual and political movements that challenged Christianity from the rise of science and the Enlightenment to the French Revolution with its state supported programme of de Christianisation It also considers the movements of Christian renewal and reawakening during this period and Christianity's encounters with world religions in colonial and missionary settings Book jacket Education and Society in Late Imperial China, 1600-1900 Benjamin A. Elman, Alexander Woodside, 2023-11-15 This comprehensive volume integrates the history of late imperial China with the history of education over three centuries revealing the significance of education in Chinese social political and intellectual life A collaboration between social and intellectual historians these fifteen essays provide the most wide ranging study in English on China's education in the centuries before the modern revolution This comprehensive volume integrates the history of late imperial China with the history of education over three centuries revealing the significance of education in Chinese social political and intellectual life A collaboration between social

and int *Ruling the Mongols of Manchuria* Jiani He, 2025-10-01 At the turn of the twentieth century the Jirim League witnessed a linguistic struggle between Manchu Mongol Chinese Japanese and Russian powers The Qing Empire envisioned a trilingual educational system with the aim of improving the Jirim Mongols ability to read Chinese Manchu and Mongolian Through this policy the Qing sought to transform loyal imperial subjects into modern patriotic nationals and incorporate them into an integrated and united China under a Manchu constitutional monarchy The late Qing s language policy and strategy for ruling the Mongols of Manchuria was an attempt to address the enduring multilingual legacies in Qing administration and people s everyday life growing local ethnic tensions cross boundary connections imperial rivalries and the rise of new ideas concerning nation modern state and international relations in East Asia This book challenges the notion of Chinese language reform as a story of linear progression towards national monolingualism highlights the power of multilingualism in Chinese nationalist discourse from a peripheral non Han Chinese perspective and questions the extent to which national languages dominate the writing of history

Spies and Scholars Gregory Afinogenov, 2020-04-14 A Financial Times Best Book of the Year The untold story of how Russian espionage in imperial China shaped the emergence of the Russian Empire as a global power From the seventeenth to the nineteenth century the Russian Empire made concerted efforts to collect information about China It bribed Chinese porcelain makers to give up trade secrets sent Buddhist monks to Mongolia on intelligence gathering missions and trained students at its Orthodox mission in Beijing to spy on their hosts From diplomatic offices to guard posts on the Chinese frontier Russians were producing knowledge everywhere not only at elite institutions like the Academy of Sciences in St Petersburg But that information was secret not destined for wide circulation Gregory Afinogenov distinguishes between the kinds of knowledge Russia sought over the years and argues that they changed with the shifting aims of the state and its perceived place in the world In the seventeenth century Russian bureaucrats were focused on China and the forbidding Siberian frontier They relied more on spies including Jesuit scholars stationed in China In the early nineteenth century the geopolitical challenge shifted to Europe rivalry with Britain drove the Russians to stake their prestige on public facing intellectual work and knowledge of the East was embedded in the academy None of these institutional configurations was especially effective in delivering strategic or commercial advantages But various knowledge regimes did have their consequences Knowledge filtered through Russian espionage and publication found its way to Europe informing the encounter between China and Western empires Based on extensive archival research in Russia and beyond *Spies and Scholars* breaks down long accepted assumptions about the connection between knowledge regimes and imperial power and excavates an intellectual legacy largely neglected by historians

Beijing's Power and China's Borders Bruce Elleman, Stephen Kotkin, Clive Schofield, 2015-05-18 China shares borders with 20 other countries Each of these neighbors has its own national interests and in some cases these include territorial and maritime jurisdictional claims in places that China also claims Most of these 20 countries have had a history of border conflicts with China some of them never amicably

settled This book brings together some of the foremost historians geographers political scientists and legal scholars on modern Asia to examine each of China s twenty land or sea borders *The Home Base of American China Missions, 1880-1920* Valentin Rabe,2020-03-17 During the closing decades of the nineteenth century approximately two dozen Protestant mission societies which since 1812 had been sending Americans abroad to evangelize non Christians coordinated their enterprise and expanded their operations with unprecedented urgency and efficiency Ambitious innovations characterized the work in traditional and new foreign mission fields but the most radical changes occurred in the institutionalization of what contemporaries referred to as the home base of the mission movement Valentin Rabe focuses on the recruitment of personnel fundraising administration promotional propaganda and other logistical problems faced by the agencies in the United States When generalizations concerning the American base require demonstration or references to the field of operations China the country in which American missionaries applied the greatest proportion of the movement s resources by the 1920s is used as the primary illustration **Red at Heart** Elizabeth McGuire,2018 From a debut author an intimate multigenerational narrative of the Russian and Chinese revolutions through the eyes of the Chinese youth who traveled to the Soviet Union and the fate of their blended offspring Mirrorlands Ed Pulford,2019-08-01 Mirrorlands is a journey through space and time to the meeting points of Russia and China the world s largest and most populous countries Charting an unconventional course southeast through Siberia Inner Mongolia the Russian Far East and Manchuria anthropologist and linguist Ed Pulford sketches a rich series of encounters with people and places unknown not only to outsiders but also to most residents of the capital cities where his journey begins and ends What Russia and China have in common goes much deeper than their status as authoritarian post socialist states or perceived menaces to Western hegemony Their shared history can only fully be appreciated from an intimately local borderland perspective Along remote roads rivers and railways in cosmopolitan cities and indigenous villages of the northeast Asian frontiers Pulford maps the strikingly similar ways in which these two vast empires have ruled their Eurasian domains before during and after socialism With great cultural nuance Mirrorlands thoughtfully evokes the diverse daily interactions between residents of the Russia China borderlands and their resulting visions of Europe and Asia It is a vivid portrait of centuries of cross border encounter mimicry and conflict key to understanding the global place and identity of two leading world powers **Russian Poetry and Literary Life in Harbin and Shanghai 1930-1950** ,2024-09-16
